Sweating Bullets Robert Gaskins,2012-04-20 PowerPoint was the first presentation software designed for Macintosh and Windows, received the first venture capital investment ever made by Apple, then became the first significant acquisition ever made by Microsoft, who set up a new Graphics Business Unit in Silicon Valley to develop it further. Now, twenty-five years later, PowerPoint is installed on more than one billion computers, worldwide. In this book, Robert Gaskins (who invented the idea, managed its design and development, and then headed the new Microsoft group) tells the story of its first years, recounting the perils and disasters narrowly evaded as a startup, dissecting the complexities of being the first distant development group in Microsoft, and explaining decisions and insights that enabled PowerPoint to become a lasting success well beyond its original business uses.

With a Little Help Cory Doctorow,2015-07-16 With a Little Help is my first serious experiment in self-publishing. I've published many novels, short story collections, books of essays and so on with publishers, and it's all been very good and satisfying and educational and so on, but it seems like it's time to try something new. With a Little Help consists of 12 stories, all reprints except for Epoch (commissioned by Mark Shuttleworth).

Unstill Waters Sarah Fine,2009-03-13 This book tells the story of Mia Crane, a lonely but talented young graphic artist from a dysfunctional family, who receives an unexpected inheritance that brings her back to the small town of her paternal heritage, into the orbit of the large and exuberant Lyons clan, and most importantly into the life of playboy architect Drake Lyons. For the first time in her life she has a place that is truly her own and a chance for a new beginning, but there are those who, for a variety of reasons, do not want Mia staying in Waterford. Dealing with occult rumors concerning her deceased great aunt, an urban legend of Confederate gold hidden in her newly acquired house, and the jealousy of other women with designs on the new man in her life, Mias decision to stay is fraught with questions and with potential dangers. The story asks whether the woman who has never been loved and the man who has never been in love can find happiness together in Waterford, and what

treasures are worth risking everything for.
