Digital Video Made Easy Don Lindich,2005-10 A guide to digital video instructs readers on how to find the right camcorder and accessories, improve video technique, use the camcorder with the computer, and make DVDs to preserve memories.

Avid Made Easy Jaime Fowler,2007-03-31 Create impressive effects with free DV and XPress Pro Capture, edit, and output digital media Import and export images, movies, and audio Master the Tools and Techniques Used by Professional Editors Avid made non-linear video editing possible. This book makes it easy, even if you have no experience at all. In as little as a week, its clear instruction and realistic, practical tutorials will help you master every aspect of video editing with Avid: Capturing from DV or other source footage Creating and organizing storage bins Customizing settings to suit your specific needs Navigating and selecting clips for editing Editing clips into sequences Trimming sequences for more precise and flexible editing Importing graphics, audio, and movies Exporting edited sequences to a variety of formats Creating transitional and segment effects Know where all the tools are, and quickly find the easiest way to access any Avid function. Easily manage all your video sources, multiple audio tracks, and transitions and trims! Get just the right amount of information for the task at hand, such as keyframing audio. But Avid Made Easy is more than a comprehensive introduction to the capabilities of Avid Xpress and Free DV products. Author Jaime Fowler brings every bit of his vast experience to bear, helping you choose the right approach for every situation. He even teaches advanced techniques that you won't find covered in any Avid manual. The enclosed DVD contains your personal copy of Free DV, all the files you need to complete the book's tutorials, and a collection of the hottest Avid plug-ins. Note: CD-ROM/DVD and other supplementary materials are not included as part of eBook file.

Digital Video for Beginners Colin Barrett,2004 Get ready - the digital revolution is moving on from still photography to take over the moving image. Today's digital video cameras are affordable, reliable, and easy to use. When coupled with a computer and some inexpensive software, they give users everything they need to create a truly memorable movie, whether it's a family holiday, sports event, or first short film. Digital Video for Beginners is the perfect guide for those buying their first camcorder, or those getting to grips with digital video for the first time. It covers everything from choosing the right camera, to shooting creatively, through getting a movie onto computer and making the most of it once it's there. The book then goes on to cover the basics of editing, how to produce exciting special effects, add soundtracks, or even create titles and credits. Finally, it tells readers how to transfer finished films to DVD or broadcast them to all on the World Wide Web.
