State and Peasant in Contemporary China Jean C. Oi,1991-08-12 This is a study of peasant-state relations and village politics as they have evolved in response to the state's attempts to control the division of the harvest and extract the state-defined surplus. To provide the reader with a clearer sense of the evolution of peasant-state relations over almost a forty-year period and to highlight the dramatic changes that have taken place since 1978, I have divided my analysis into two parts: Chapters 2 through 7 are on Maoist China, and chapters 8 and 9 are on post-Mao China. The first part examines the state's grain policies and patterns of local politics that emerged during the highly collectivized Maoist period, when the state closed free grain markets and established the system of unified purchase and sales (tonggou tongxiao). The second part describes the new methods for the production and division of the harvest after 1978, when the government decollectivized agriculture and abolished its unified procurement program.

168 Hours Laura Vanderkam, 2011-05-31 It's an unquestioned truth of modern life: we are starved for time. We tell ourselves we'd like to read more, get to the gym regularly, try new hobbies, and accomplish all kinds of goals. But then we give up because there just aren't enough hours to do it all. Or if we don't make excuses, we make sacrifices- taking time out from other things in order to fit it all in. There has to be a better way...and Laura Vanderkam has found one. After interviewing dozens of successful, happy people, she realized that they allocate their time differently than most of us. Instead of letting the daily grind crowd out the important stuff, they start by making sure there's time for the important stuff. When plans go wrong and they run out of time, only their lesser priorities suffer. Vanderkam shows that with a little examination and prioritizing, you'll find it is possible to sleep eight hours a night, exercise five days a week, take piano lessons, and write a novel without giving up quality time for work, family, and other things that really matter.
