Suitable for a tiny terrace or a large country expanse, the projects in Garden Mosaics show you how to decorate your outdoor space in the most charming, individual, and enduring way. One of the most long-lasting and hard-wearing artforms, mosaic pieces are perfect to make the most of your outdoor room. The extensive techniques section shows you how to choose and use the right tiles for your environment. The range of tiles on the market today is better than ever, and the book makes the most of the wealth of new materials available such as spangled tiles or inexpensive but authentic gold-leaf tiles. As you progress, you can develop your own creativity with tips on tile and color-matching that allow you to adapt the projects to make pieces completely unique to you and your garden. All suitable for beginners, the 25 projects in the book range from simple decorative pieces, such as the enchanting, simple child's footprints and butterfly stones to practical and sturdy weatherproof pieces, including a trompe l'oeil chequered mosaic tabletop and delightful planters that will add color to your garden even in winter. Some projects, such as the night light, can be finished in under two hours.

*Beginner's Guide to Mosaics* Alison Hepburn,2005-08 Use brilliantly colored, beautiful tiles to craft stunning mosaic projects--even if you've never tried this age-old technique before. Sixteen creative projects, arranged in order of increasing difficulty, enable you to learn the various techniques and methods of working. Start by making a trivet using standard size tiles in a limited palette, and when you are ready to try cutting tiles, work on an eye-catching picture frame. Experiment with the reverse method while making a table top, and incorporate found objects into a flying bird design. The final projects in the collection focus on techniques that seem complicated but are actually simple, such as casting a slab for a garden and making waterproof items like a birdbath. All the necessary information is fully explained, including choosing tiles, surfaces, and adhesives cutting tiles, applying glue, the direct and reverse methods of mosaic, casting, grouting, laying tiles, and cleaning and finishing.
