Facebook Me! A Guide to Having Fun with Your Friends and Promoting Your Projects on Facebook Dave Awl, 2009-02-06 So you've heard about Facebook—maybe your friends have invited you to join or it's the hot topic around the water cooler—but you're not sure what it's all about. Relax and join in. There are more than 110 million members of Facebook these days, and adults are the fastest-growing segment of users. And it's about more than just kid stuff; Facebook can actually be a good business tool as well as a great way to promote creative projects. In *Facebook Me!* Dave Awl shows you around the newly redesigned Facebook and helps you take full advantage of all it has to offer, while helping you avoid some of its pitfalls. • Find out what you can do on Facebook, and what it can do for you. Reconnect with old friends and make new ones, let your friends know what you're up to, send greetings, share photos or video, or just goof around with applications like SuperPoke. • Learn Facebook etiquette: how and why to friend someone, how to socialize politely, and whether to friend your boss. • Publicize your projects, business, or causes: Post to your Wall, set up a Page, put up a Marketplace listing, or invite friends to Events. Look for the official Facebook Me! Group on Facebook, to connect with the author and other readers of this book.

What's a Picture Worth? James A. White, 2015-02-09 How many digital photos do you have jumbled on your computer? A picture is worth a thousand words, but if you're not managing your photos, they're just wasting space on your computer hard drive. Or worse yet, you risk losing those priceless photos forever. What's a Picture Worth? is a user-friendly guide to help walk you through how to organize, rename, and tag your photos so you can find any photo in mere seconds. You'll learn to leverage free software to fix a so-so photo and turn it into one that really pops. The author will show you the best method to back up your photos and how to share and collaborate on those memories so they're not gathering dust in your computer. Plus, you'll gain useful tips on taking better pictures and scanning old photos. With over 15 years in the computer industry, Jim White knows the important balance of taking something technical and making it less complicated for the everyday computer user. He loves to learn the intricacies of how things work and then find ways to make them easier for everyone to understand. With thousands of his own photos, Jim has perfected ways to organize, fix, and share his photos and now wants to pass that knowledge onto you! Table of Contents

Google Photos Made Easy: Preserving and Sharing Your Memories James Bernstein, 2022-11-05 Taking photos has become a normal part of our lives and these days we don't even think twice about it since we can take a picture any time, any place with our smartphones. Most people don't even own a camera anymore since our phones do such a good job of taking photos. Google Photos allows you to upload your pictures and even videos to their online storage repository so you can use it as a backup and a way to share photos with other people without needing to send them as an email attachment. You can also create and share photo albums with others just by sending them a link. And if you want printed copies of your pictures, you can order them from Photos as well. In this book, you will learn how to access Google Photos, upload your pictures, share your albums, create custom animations, order prints and more. Introduction Chapter 1 - What is Google Photos Chapter 2 - Adding Photos Chapter 3 - Storage Chapter 4 - Sharing Your Photos Chapter 5 - Utilities Chapter 6 - Ordering Prints Chapter 7 - Settings What's Next? About the Author James Bernstein has been working with various companies in the IT field for over 20 years, managing technologies such as SAN and NAS storage, VMware, backups, Windows Servers, Active Directory, DNS, DHCP, Networking, Microsoft Office, Exchange, and more. He has obtained certifications from Microsoft, VMware, CompTIA, ShoreTel, and SNIA, and continues to strive to learn new technologies to further his knowledge on a variety of subjects. He is also the founder of the website OnlineComputerTips.com, which offers its readers valuable information on topics such as Windows, networking, hardware, software, and troubleshooting. James writes much of the content himself and adds new content on a regular basis. The site was started in 2005 and is still going strong today.

Facebook Me! A Guide to Socializing, Sharing, and Promoting on Facebook Dave Awl, 2010-12-16 With more than 500 million active users around the world and still growing steadily, Facebook is more than just another social media site. In the words of author Dave Awl, Facebook is "the new town square"—the place where people gather to discuss the news of the day as well as share what's going on in their lives. And Facebook can actually be a useful business tool as well as a great way to promote creative projects. So what's new in the second edition of Facebook Me? Facebook has changed dramatically since the book was first published, and this newly revised and expanded edition will bring readers up to speed on all the new features and interface elements that have been added and revamped in the time since. It addresses the ongoing controversies about Facebook's privacy policies, with detailed coverage of Facebook's privacy settings and advice for keeping your Facebook experience as secure as possible; as well as expanded info on Facebook's sharing tools and how to control who sees what. It includes a brand-new chapter called Advertising and Promoting on Facebook that shows you how to apply the principles of social media marketing specifically to Facebook's user culture, in order to maximize the ripple effect of Facebook's news feed to win new fans and customers and build stronger bonds with existing ones. Plus there's an expanded chapter on Facebook at Work – how to keep your profile professional, avoid getting in trouble, and use Facebook for job hunting. And in the etiquette department, this edition features new guidance on how to deal with conflict and avoid flame wars between Facebook friends. All in all, Facebook Me! takes you on a guided tour of everything Facebook

has to offer and shows you how to get the most out of the time you spend there, while helping you avoid some of its pitfalls! Find out what you can do on Facebook, and what it can do for you. Reconnect with old friends and make new ones, let your friends know what you're up to, and share photos or video—all while protecting your privacy. Learn Facebook etiquette: how and why to friend someone, how to socialize politely, whether you should friend your boss—and how to keep your profile looking professional if you do. Publicize your projects, business, or causes: Post to your Wall, set up a Page, organize a Group, or invite friends to Events. Discover how to use Facebook's News Feed to connect with an audience that reaches far beyond the boundaries of your own friends list. Look for the Facebook Me! page on Facebook to connect with the author and other readers of this book!

Digital Shoebox Sarah Bay Williams, 2009-09-25 Most people are awash in digital photos—some taken, some received—stuffed here and there in random folders and albums across a hard drive. In *The Digital Shoebox*, Sarah Bay Williams, creator of the image archiving system used by the Academy Awards®, shares her foolproof method for effectively organizing, finding, and sharing photos so you never lose track of your most precious memories. Unlike many books on digital photography that are driven by software, *The Digital Shoebox* teaches readers an easy-to-remember and easy-to-repeat system that doesn't feel like homework or require learning lots of complicated software applications. Part 1 of the book guides readers through the seven most important steps for organizing photos; Part 2 is packed with tips on ways to enjoy and share those photos. Each chapter closes with some slightly more advanced information, should readers want to get technical. Based on the author's experience as photography coordinator for the Academy of Motion Picture Arts and Sciences, and as someone who simply loves taking photos, *The Digital Shoebox* is the first concise and user-centered guide solely dedicated to organizing a personal digital photography collection. Takes a fun and easy-to-implement approach to asset management, featuring a friendly writing style and charming illustrations Teaches the seven key steps needed to help users keep photos organized, available, and safe Includes a Beyond the Box section at the end of each chapter for more advanced readers who want to move beyond the basics
