The Organization and Administration of the Sunday School Jesse L

Cuninggim, 2023-07-18 An essential guide for anyone involved in Sunday school administration, this book offers practical advice on everything from lesson planning to fundraising. Written by two experts in the field, this is the definitive resource for anyone looking to create a successful and vibrant Sunday school program. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Sunday-school Essentials; what Every Sunday-school Teacher and Superintendent Needs the Most in Order to Win Success Amos Russel Wells, 1911

The Organization and Administration of the Sunday School (Classic Reprint)

Jesse Lee Cuninggim, 2015-07-07 Excerpt from The Organization and Administration of the Sunday School Numerous books on the organization and administration of the Sunday school have been written in recent years. Most of them present a skeleton form of organization and an outline program of administration. In this book the authors have furnished a different kind of treatment of the subject. Instead of suggesting fixed forms of organization they offer an exposition of the principles upon which they believe the organization and administration of the Sunday school should be based. In place of a formal, stereotyped program for all schools, they describe basic functions of the school and of its various parts. The disadvantage of readymade plans and programs is that often they do not fit actual situations, owing to the widely divergent conditions that prevail in different communities. A mastery of the principles that underlie all efficient Sunday-school organization and an understanding of the chief functions of the school should prepare a student to shape an organization and plan a program suited to the peculiar conditions of any situation. In common with the other books in the Training for Leadership Series this has been written primarily for young people in preparation for teaching and administrative leadership in the school of the Church. It will also be found to be adapted for study by groups of teachers and leaders in service. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at

www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition.
