**Edgy People** Barb Nobel, 2018-10 The forty stories in this collection will yank the reader from rage to triumph, sorrow to joy, cruelty to compassion. The mundane becomes shocking, the ordinary becomes strange. The characters are your grandmother, your child, your sister, your friend, your adversary. They will make you smile, or frown, or nod in recognition. But none are dull, none are boring, and none are complacent-- they are edgy people. The stories were written over a period of twenty years, reflecting the writer's life experiences, and those of friends and strangers. Readers of all ages will connect with this collection.

*Edgy Conversations* Dan Waldschmidt, 2014-05 Everything you think you know about success is wrong! Set Goals. Work Hard. Be Persistent. That's the typical success advice you can probably repeat in your sleep. The type of advice that doesn't seem to work for you -- or anyone you know, for that matter. You work your butt off, but at the end of the day, you're no closer to success than you were yesterday. The ugly truth is that it's not what you're doing that is holding you back. It's who you are. It's the baggage

between your ears that keeps you from achieving your dreams and goals. That's why Dan Waldschmidt is changing the conversation about success. It's why you need to have an EDGY conversation. EDGY Conversations is a gut-wrenchingly honest, no-holds-barred discussion about what it takes to be success today. It's based on the stories of 1,000 ordinary people in business, math, politics, sports and science who achieved mind-blowing feats of extraordinary greatness. EDGY is how ordinary people become extraordinary. EDGY is how a master chef, a World War II veteran, a 15-year-old girl, a homeless retired paramedic, an Australian potato farmer and a shoe executive became amazing, did the unthinkable and forever changed their corner of the world. And EDGY is how you can achieve outrageous success, regardless of who or where you are in life right now. You don't need another book on success. You just need to be more EDGY. Let's talk about it.

**Edgy Embroidery** Renee Rominger, 2017-09-19 Bold Designs That Don't Follow the Rules Embroidery isn't just florals anymore, it's a moth with pinned wings, an old haunted house on a hill or a cow skull with a flower crown. You won't find "home sweet home" here, but you will find "Can U Not" or "Don't Be A Prick." Renee Rominger, founder of Moonrise Whims, designs projects for a new generation. And whether you just started and need a solid foundation, or you're an expert looking to enhance your art, Edgy Embroidery will teach you something new, fun and easy. Renee not only shows you how to conquer basic techniques, but also how to create more complex stitches like her unique Moonrise Roses. With pattern templates, detailed stitch tutorials and instructions on how to complete each design, every one of these 25 projects

will be wall-worthy. This is definitely not your grandmother's embroidery.

**Edgy** Susan Crofts, 2011 EDGY is a collection of short stories by the same Australian author. However, no two stories are alike. They deal with a range of subjects including astral flight, mind-reading, unusual characters, the supernatural and the paranormal. All have an Australian setting and flavour. Because the author likes to experiment with varying styles and approaches to her writing, no two stories are alike. The title story, EDGY, explores danger, fear and supernatural assistance, and most of the stories continue the theme of edginess in some way. This book is high interest, a quick read, and at times will leave you wondering...

*Edgy Embroidery* Renee Rominger, 2017-09-19 Provides step-by-step instructions for creating non-traditional embroidery designs, such as a floral shark attack and an anatomical heart, and provides instructions for hooping fabric and beginning a stitch.

*Edgy Equations* Lisa Arias, 2014-08-01 Don't be edgy when it comes to equations! Step into the unknown and find balance in math equations. This book, with rhyming text, explores how to solve equations by checking that both sides are balanced. By using visual representations, and sample questions, students will master one-variable equations. This book will allow students to write, read, and evaluate expressions in which letters stand for numbers.

**Imagining the Edgy City** Loren Kruger, 2013-10-30 All roads lead to Johannesburg, remarks the narrator of Alan Paton's novel Cry, The Beloved Country. Taking this quote as her impetus, Loren Kruger guides readers into the heart of South Africa's largest city. Exploring a wide range of fiction, film, architecture, performance, and urban practices from trading to parades,

Imagining the Edgy City traverses Johannesburg's rich cultural terrain over the last century. The edgy city in Kruger's exploration refers not only to persistent boundaries between the haves and have-nots but also to the cosmopolitan diversity and innovation that has emerged from Johannesburg. The book begins with the building boom, performances and uneven but noteworthy inter-racial exchange that marked the city's fiftieth-anniversary celebration at the Empire Exhibition in 1936. This celebration rapidly gave way to the political repression and civil unrest that characterized South Africa from 1950 to 1990. Yet poetry, drama, fiction, and photography continued to thrive, bearing witness not only against apartheid but to alternatives beyond it. In the late twentieth century, the not quite post-apartheid condition fired the artistic imaginations of film makers as well as novelists. Urban neglect, rising crime, and the influx of migrants inspired noir cinema-like Michael Hammon's *Wheels and Deals*-and fiction about migration from Achmat Dangor to Phaswane Mpe, and in the twenty-first, urban renewal has produced public art that incorporates the desire lines of newcomers as well as natives. Alongside well-known artists such as Nadine Gordimer, William Kentridge, and David Goldblatt, the book introduces many artists, architects, writers, and other chroniclers who have hitherto received little attention abroad. Ultimately, Johannesburg emerges as a city whose negotiation of the tensions between incivility and innovation invites comparisons with modern conurbations across the world, not only African cities such as Dakar, or other cities of the south such as Bogotá, but also with major metropolises in North America and Europe from Chicago to Paris. A multi-faceted work that speaks to scholars in urban studies, literature, and history, *Imagining the Edgy City* is a rich example of interdisciplinary scholarship at its best.

Edgy Cities Steve Higginson, 2006-11-01

*An Edgy Realism* Jerome Schaefer, 2015-09-04 Similar to the way in which the new waves of the 1960s and 1970s had been characterized by new forms of cinematic realism, cinema since the turn of the millennium has pointed into the direction of a new, edgy realism. Art film movements such as Dogma 95 and the New French Extremity, as well as shaky-cam horror films like The Blair Witch Project and Paranormal Activity, provide evidence of the fact that the proliferation of the digital since the 1990s has profoundly changed not only contemporary media culture and the social role of film, as seen, for example, in the case of amateur film and the phenomenon of mobile reporting and its distribution via YouTube and the like, but also notions of realism and authenticity. As modern film theory has struggled to keep pace with the developments of contemporary cinema, this book draws on actor-network theory and its material-semiotic mindset to allow a thorough understanding of the innovative character of cinema at the turn of the millennium. It is argued that the ongoing digitization has finally allowed cinema to return to a material-semiotic mode of perception; one side of this being the 'spectacle' of the blockbuster, while the other side might best be described as an edgy realism: the realism of 'material-semiotic relationality'.

*Edgy Poetry* Marlene Mesot, 2021-01-31 Not for bedtime reading! Edgy Poetry is a 30-poem collection of short works designed to provide mystery, evoke curiosity and generally build upon questioning, disquieting thoughts. Poems are arranged in order of creepiness. Why would anyone want to read such a work? Why does anyone read a mystery/thriller, watch scary movies, or stare at an accident scene? We need to feel excitement, exhilaration, to capture our curiosity...It is for entertainment and thoughtful pondering that I hope

you will consider this work. I have included type of poem and date written with each piece...as it creeps along. Poetry is music in words. Marlene Mesot

Edgy Estella Aces the Sleepover Party Marne Ventura, 2016-08 Nine-year-old Estella Garcia dreams of being a movie star when she grows up, but she is nervous about attending her very first sleepover party at the home of the new fourth-grader, Brittany, especially as the theme is art, which is not really her thing--so she turns to her three best friends, The Worry Warriors, to help her overcome her anxiety.

**Imagining the Edgy City** Loren Kruger, 2013-10 Drawing on over fifty years of writing, performance, film, architecture, photography, and culture more broadly, Imagining the Edgy City offers a compelling interdisciplinary study of South Africa's largest city.

**The Edgy Veg** Candice Hutchings, James Aita, 2017 Vegan Food You Actually Want to Eat Who says you have to give up your insatiable need for comfort food just because you want to eat better for yourself, animals and the planet? Enter: The Edgy Veg, the YouTube sensation (with over 250,000+ subscribers and counting) created by the hilarious Candice Hutchings and her husband James Aita who are on a journey to revolutionize vegan food as we know it. Tired of a traditional plant-based diet that just felt frankly #sad, Candice started veganizing childhood cravings, fast food faves and food-nerd obsessions. Think more UnOrthodox Lox and Cream Cheese Bagels, Cobb Your Enthusiasm Salad, Buffalo Cauliflower Wings 7 Ways, Easy Cheesy Fondue, Chick Fillet Deluxe and Thank You Very Matcha Ice Cream than zucchini noodles, hummus, smoothie bowls and #cleaneating (fear not, there is a token kale salad.) No food is off limits and everything in the book has received their signature carnivore stamp of approval. With 138 recipes that take vegan

cooking to the next level, tips and tricks for eating like an Edgy Veg, and more dad jokes than you can count, say hello to a vegan cookbook you -- and your tastebuds -- can feel good about. It's time to put down that spiralizer and get ready to have your cake, burger and fries, and eat them too!

Whitewashed Critical Perspectives Catherine Compton-Lilly, Tisha Lewis Ellison, Kristen H. Perry, Peter Smagorinsky, 2021-06-30 This volume examines revolutionary constructs in literacy education and demonstrates how they have been gentrified, whitewashed, and appropriated, losing their revolutionary edge so as to become palatable for the mainstream. Written by top scholars in literacy education, chapters cover key concepts that were originally conceived as radical theories to upset the status quo—including Third Space, Funds of Knowledge, Culturally Relevant Pedagogies, and more. Each chapter addresses how the core theory was culturally appropriated and de-fanged to support rather than take down racial and societal hierarchies. Critiquing the harmful impact of watering down these theories, the contributors offer ways to restore the edge to these once groundbreaking ideas, reject racist and assimilationist trends, and support the original vision behind these liberatory theories. In so doing, this volume adopts a truly radical, critical stance that is essential for researchers, scholars, and students in literacy education.

**Edgy Girls** Alissa Grosso, 2019-04-29 A high school clique with a dark secret, a reckless girl trying to survive the worst summer of her life, three orphaned sisters with a mysterious past--the girls in these three YA books are all living life on the edge. Enjoy three full-length, standalone young adult novels in this ebook box set. In *Popular*, you'll meet a high school clique that's on the brink of imploding and the one boy who knows their

secret. Ending with a shocking twist, this is not your typical tale of high school popularity. In *Ferocity Summer*, Scilla Davis grapples with the bad choices she has made, her best friend's drug addiction, and the attention she's receiving from a creepy FBI agent--all while a frightening drug epidemic sweeps across the country. This dark and gritty novel serves up a slice of edgy realism. In *Shallow Pond*, Barbara has always taken it for granted that she's the youngest of the three orphaned Bunting sisters, but the arrival of two new guys in her small town sends her on a voyage of self discovery that brings her face to face with the surprising truth about her family's past. With their teen angst, social issues, and unexpected plot twists these three books are a perfect fit for older teen readers looking for a story they can sink their teeth into. Discover the YA novels of Alissa Grosso with this ebook collection.
