Riding the Bus with My Sister Rachel Simon,2013-03-05 A "heartwarming, life-affirming" memoir of a relationship with an intellectually disabled sibling: "Read this book. It might just change your life" (Boston Herald). Beth is a spirited woman with an intellectual disability who lives intensely and often joyfully, and spends most of her days riding the buses in Pennsylvania. The drivers, a lively group, are her mentors; her fellow passengers, her community—though some display less patience or kindness than others. Her sister, Rachel, a teacher and writer, camouflages her emotional isolation by leading a hyperbusy life. But one day, Beth asks Rachel to accompany her on public transportation for an entire year—and Rachel accepts. This wise, funny, deeply affecting book is the chronicle of that remarkable time, as Rachel learns how to live in the moment, how to pay attention to what really matters, how to change, how to love—and how to slow down and enjoy the ride. Weaving in anecdotes and memories of terrifying maternal abandonment, fierce sisterly loyalty, and astonishing forgiveness, Rachel Simon brings to light a world that is almost invisible to many people, finds unlikely heroes in everyday life, and, without sentimentality, wrestles with her own limitations and portrays Beth as the endearing, feisty, independent person she is. "With tenderness and fury, heartbreak and acceptance . . . Simon comes to the inescapable conclusion that we are all riders on the bus, and on the bus we are all the same." —Jacquelyn Mitchard, author of *The Deep End of the Ocean*

The Project Resource Manual (PRM) : CSI Manual of Practice, 5th Edition The Construction Specifications Institute,2004-09-16 The authoritative resource for the organization, preparation, use, and interpretation of construction documents encompassing the entire life cycle of a facility. This new edition considers the need for interdependent processes of design, construction and facility use. The Fifth Edition expands the scope of the manual to meet the requirements of all participants involved in a construction project in a stage-by-stage progression, including owners, A/Es, design-builders, contractors, construction managers, product representatives, financial institutions, regulatory authorities, attorneys, and facility managers. It promotes a team model for successful implementation.

Biopolyesters Wolfgang Babel,Alexander Steinbüchel,2003-07-01 Living systems synthesize seven different classes of polymers. They provide structure and form for cells and organisms, function as catalysts and energy storage and carry the genetic information. All these polymers possess technically interesting properties. Some of these biopolymers are already used commercially. This special volume of *Advances in Biochemical Engineering/Biotechnology* comprises 10 chapters. It gives an overview of the water insoluble biopolyesters, in particular of the microbially synthesized poly-hydroxyalkanoate (PHA) family. It reports the state of the art of metabolism, regulation and genetic background, the latest advances made in genetic optimization of bacteria, construction of transgenic plants and in vitro synthesis by means of purified enzymes. Furthermore, it describes relevant technologies and evaluates perspectives concerning increasing the economic viability and competitiveness of PHA and discusses applications in medicine, packaging, food and other fields.

Uganda's Economic Reforms Florence Kuteesa,Emmanuel Tumusiime-Mutebile,Alan Whitworth,Tim Williamson,2010 In recent years Uganda has consistently been one of the fastest growing economies in Africa, leading to a substantial reduction in poverty. This book looks at how the country managed to carry out this economic transformation in the wake of Idi Amin's rule and the civil war of the 1980s.

Humanscale 1/2/3 Niels Diffrient,Alvin R. Tilley,Joan C. Bardagjy,2017-12-29 The Humanscale series is an important toolkit for everyone who designs for the human body. It incorporates the extensive amount of human engineering data compiled and organized by Henry Dreyfuss Associates throughout the twentieth century, including research of anthropologists, psychologists, scientists, human engineers, and medical experts.Originally published in 1974, Humanscale 1/2/3 consists of pictorial selectors equipped with rotary dials. This portfolio contains three selectors (two sides each) which present over 20,000 bits of information, encompassing anthropometry, guidelines for seating design, and requirements for the handicapped and elderly. Men, women, and children—large and small—are represented. Measurements are given in metric as well as English units. Engineers, architects, industrial designers, planners, interior and furniture designers, and craftsmen will find that the selectors minimize their searching through numerous and conflicting sources and unreliable information. The Humanscale

materials are not a panacea, of course. More detailed studies dealing with interior space, safety, human strength and movement, displays, vision, reach, and controls should also be consulted. The selectors should be used in a creative way, and models and mock-ups based on the data should be tried out with the intended users.

Nfpa 30 National Fire Protection Association,2007-01-01 Trust NFPA 30's protocols to minimize the hazards of flammable and combustible liquids. Adopted by most states and enforceable under OSHA, NFPA 30: Flammable and Combustible Liquids Code presents the best guidance on the safe storage, handling, and use of dangerous liquids. It provides the criteria you need to design facilities for better protection, comply with sprinkler rules, and use safe operating practices. Changes and additions in the 2003 edition affect: * Siting of storage tanks * Spill control, normal breather vents, and emergency relief vents for storage tanks * Design of liquids storage cabinets, inside storage areas, and liquid warehouses * Sprinkler design rules for storage of all types of liquids * And more When you work with flammable and combustible liquids, even a seemingly minor oversight or mistake can have major repercussions. Don't compromises safety--insist on NFPA 30!

Ethics, Indian Ethos and Management S. Balachandran,K. C. R. Raja,B. K. Nair,2003-01-01 This book is much more than a text on Indian Ethos and Management, a subject prescribed for courses on management studies. It highlights the lessons that the Indian tradition has for managers of the present and future. Shorn of all mysticism, the book explains the message that thinkers of all ages have uniformly emphasized as the essential dimensions of management of self and the relationship to the environment. This is the core of Ethics, Dharma and of Corporate Governance.
