The Empire of Gold S. A. Chakraborty,2020-06-30 “No series since George R.R. Martin’s *A Song of Ice and Fire* has quite captured both palace intrigue and the way that tribal infighting and war hurt the vulnerable the most.” —Paste Magazine The final chapter in the bestselling, critically acclaimed *Daevabad Trilogy*, in which a con-woman and an idealistic djinn prince join forces to save a magical kingdom from a devastating civil war. *Daevabad* has fallen. After a brutal conquest stripped the city of its magic, Nahid leader Banu Manizheh and her resurrected commander, Dara, must try to repair their fraying alliance and stabilize a fractious, warring people. But the bloodletting and loss of his beloved Nahri have unleashed the worst demons of Dara’s dark past. To vanquish them, he must face some ugly truths about his history and put himself at the mercy of those he once considered enemies. Having narrowly escaped their murderous families and *Daevabad*’s deadly politics, Nahri and Ali, now safe in Cairo, face difficult choices of their own. While Nahri finds peace in the old rhythms and familiar comforts of her human home, she is haunted by the knowledge that the loved ones she left behind and the people who considered her a savior are at the mercy of a new tyrant. Ali, too, cannot help but look back, and is determined to return to rescue his city and the family that remains. Seeking support in his mother’s homeland, he discovers that his connection to the marid goes far deeper than expected and threatens not only his relationship with Nahri, but his very faith. As peace grows more elusive and old players return, Nahri, Ali, and Dara come to understand that in order to remake the world, they may need to fight those they once loved . . . and take a stand for those they once hurt.

**The Kingdom of Copper** S. A. Chakraborty,2019-01-22 S. A. Chakraborty continues the sweeping adventure begun in *The City of Brass*—the best adult fantasy I’ve read since *The Name of the Wind* (#1 New York Times bestselling author Sabaa Tahir)—conjuring a world where djinn summon flames with the snap of a finger and waters run deep with old magic; where blood can be dangerous as any spell, and a clever con artist from Cairo will alter the fate of a kingdom. Nahri’s life changed forever the moment she accidentally summoned Dara, a formidable, mysterious djinn, during one of her schemes. Whisked from her home in Cairo, she was thrust into the dazzling royal court of *Daevabad*—and quickly discovered she would need all her grifter instincts to survive there. Now, with *Daevabad* entrenched in the dark aftermath of a devastating battle, Nahri must forge a new path for herself. But even as she embraces her heritage and the power it holds, she knows she’s been trapped in a gilded cage, watched by a king who rules from the throne that once belonged to her family—and one misstep will doom her tribe.. Meanwhile, Ali has been exiled for daring to defy his father. Hunted by assassins, adrift on the unforgiving copper sands of his ancestral land, he is forced to rely on the frightening abilities the marid—the unpredictable water spirits—have gifted him. But in doing so, he threatens to unearth a terrible secret his family has long kept buried. And as a new century approaches and the djinn gather within *Daevabad*’s towering brass walls for celebrations, a threat brews unseen in the desolate north. It’s a force that would bring a storm of fire straight to the city’s gates . . . and one that seeks the aid of a warrior trapped between worlds, torn between a violent duty he can never escape and a peace he fears he will never deserve.

*The City of Brass* S. A. Chakraborty,2017-11-14 NAMED ONE OF THE BEST BOOKS OF THE YEAR BY Library Journal | Vulture | The Verge | SYFYWire Step into *The City of Brass*, the spellbinding debut from S. A. Chakraborty perfect for fans of *The Golem* and the *Jinni*, *The Grace of Kings*, and *Uprooted*, in which the future of a magical Middle Eastern kingdom rests in the hands of a clever and defiant young con artist with miraculous healing

gifts. On the streets of eighteenth-century Cairo, Nahri is a con woman of unsurpassed skill. She makes her living swindling Ottoman nobles, hoping to one day earn enough to change her fortunes. But when Nahri accidentally summons Dara, an equally sly, darkly mysterious djinn warrior, during one of her cons, she learns that even the cleverest of schemes can have deadly consequences. Forced to flee Cairo, Dara and Nahri journey together across hot, windswept sands teeming with creatures of fire and rivers where the mythical marid sleep, past ruins of once-magnificent human metropolises and mountains where the circling birds of prey are more than what they seem, to Daevabad, the legendary city of brass. It's a city steeped in magic and fire, where blood can be as dangerous as any spell; a city where old resentments run deep and the royal court rules with a tenuous grip; a city to which Nahri is irrevocably bound—and where her very presence threatens to ignite a war that has been simmering for centuries. \*Finalist for the World Fantasy Award: Best Novel \*Nominated for the Locus Award: Best First Novel \*Finalist for the British Fantasy Award: Best Newcomer Featuring a stepback and extra content including a bonus scene and an excerpt from The Kingdom of Copper.

Mining Tycoons in the Age of Empire, 1870-1945 Raymond E. Dumett, 2016-12-05 The years of the late nineteenth and early twentieth centuries, aptly described by Mark Twain as the 'Gilded Age' witnessed an unprecedented level of technological change, material excess, untrammled pursuit of profit and imperial expansion. Within this dynamic and often ruthless environment many colorful characters strode across the world stage, among them the great mining tycoons, who with the thousands of prospectors, diggers, shift bosses, timbermen, 'blastmen' and 'muckers' in mining enterprise constituted one of the major spearheads of global capitalistic expansion and colonial exploitation. This volume, which carries the epic story to the mid-twentieth century provides a truly international perspective on the role of mining entrepreneurs, investors and engineers in shaping the economic and political map of the globe, in testing management techniques and in setting a vogue for extravagant displays of wealth among the world's rich. Each chapter is loosely focussed on a biographical account of a particular mining tycoon that allows for broad and comparative accounts to be made about the individuals, their business interests, the technologies they employed and the national and international political considerations under which they operated. Furthermore, this structure also allows for consideration of the effect that these tycoons had on the countries and territories in which they worked, particularly the often long-lasting impact on indigenous populations, the environment, transport links and economic development. By approaching the subject matter through this stimulating mix of cultural, social, economic, business and colonial history, many intriguing and thought provoking conclusions are reached that will reward any scholars with an interest late nineteenth and early twentieth century history.
