

Epic War 5 105

Thirumalaisamy P. Velavancorresponding

The Evolutions of Modernist Epic Václav Paris,2021-01-12 Explores how modernist national narrative successively reimagined the evolutionary epic from the 1910s to the 1930s.

What is Hinduism? Michael Baltutis,2024-05-14 This book is an engaging introduction to the complex religious tradition of Hinduism. Central to its focus is demonstrating the fundamental diversity within Hinduism through the multiplicity of its core beliefs and traditions. Chapters are divided into four historical categories – Vedic, Ascetic, Classical, and Contemporary Hinduism – with each examining one deity alongside one key term, serving as a twin focal point for a more complex discussion of related key texts, ideas, social structures, religious practices, festivals, and concepts such as ritual and sacrifice, music and devotion, and engagement and renunciation. The organization of this book requires that we see deities as not simply divine individuals who preside over one part of the Hindu world, but that each deity operates as a larger cultural category whose related persons, concepts, and practices provide a vivid lens through which Hindu devotees see and continue to readapt to the world in which they live. With study questions, glossaries, and lists of key contemporary figures, this book is an essential and comprehensive resource for students encountering the multiplicity of Hinduism for the first time.

Jesus the Epic Hero Karl Olav Sandnes,2022-08-29 What happens to Jesus when his story and ministry are told in narratives and lines lifted from Homer's epics? Empress Eudocia told the Jesus Story in this way, and provided through this a genuinely interesting, prolific, and special piece of theological work.

Reading Fear in Flavian Epic Dalida Agri,2022-06-30 This book examines the textual representations of emotions, fear in particular, through the lens of Stoic thought and their impact on depictions of power, gender, and agency. It first draws attention to the role and significance of fear, and cognate emotions, in the tyrant's psyche, and then goes on to explore how these emotions, in turn, shape the wider narratives. The focus is on the lengthy epics of Valerius Flaccus' *Argonautica*, Statius' *Thebaid*, and Silius Italicus' *Punica*. All three poems are obsessed with men in power with no power over themselves, a marked concern that carries a strong Senecan fingerprint. Seneca's influence on post-Neronian epic can be felt beyond his plays. His *Epistles* and other prose works prove particularly illuminating for each of the poet's gendered treatment of the relationship between power and emotion. By adopting a Roman Stoic perspective, both philosophical and cultural, this study brings together a cluster of major ideas to draw meaningful connections and unlock new readings.

Risk and the War on Terror Louise Amore,Marieke de Goede,2008-06-11 Written by leading scholars in the field, this book offers the first comprehensive and critical investigation of the specific modes of risk calculation that are emerging in the so-called war on terror.

Doniphan's Epic March Joseph G. Dawson,1999 In 1846-1847, a ragtag army of 800 American volunteers marched 3,500 miles across deserts and mountains, through Indian territory and into Mexico. There they handed the Mexican army one of its most demoralizing defeats and helped the United States win its first foreign war. Their leader Colonel Alexander Doniphan, also a volunteer, was a natural soldier of towering stature who became a national hero in the wake of his wartime exploits. Doniphan was a small-town Missouri lawyer untrained in military matters when he answered President Polk's call for volunteers in the war with Mexico. Working from a host of primary sources, Joseph Dawson focuses on Doniphan's extraordinary leadership and chronicles how the colonel and his 1st Missouri Mounted Regiment helped capture New Mexico and went on to invade Chihuahua. Contending with wildfires, sandstorms, poor provisions, and the threat of attack from Apaches, they eventually came face-to-face with the formidable cannon and cavalry of a much larger Mexican force. Yet, at the Battle of Sacramento, these hardy volunteers outflanked General Jose Heredia's army and claimed a stunning American victory on foreign soil. Dawson explores and analyzes the many facets of Doniphan's exploits, from the decision to proceed to Chihuahua in the wake of the Taos Revolt to the tactics that shaped his victory at Sacramento, describing that battle in heart-stopping detail. He tells how Doniphan's legal expertise enabled him to supervise America's first military government administering a conquered land at Santa Fe and highlights Doniphan's remarkable cooperation with U.S. Army officers at a time when antagonism typified relationships between volunteers and regulars. He also introduces readers to other key personalities of the campaign, from fellow officers Stephen W. Kearny and Meriwether L. Clark to James Kiker, the controversial scout whom Doniphan reluctantly trusted. Dawson's thorough account captures the expansionist mood of America in the mid-nineteenth century and helps us understand how American soldiers were motivated by the idea of Manifest Destiny. His portrait of Doniphan and his troops reinforces the importance of the citizen-soldier in American history and provides a new window on the war that changed forever the hopes and dreams of our border nations.

John Milton's Epic Invocations Philip Edward Phillips,2000 While predecessors such as Abraham Cowley and Guillaume du Bartas either rejected the pagan Muses outright or attempted to Christianize them, Milton invoked the inspirational power of the Muses throughout his poetic career.

A Brutal Reckoning Peter Cozzens,2023-04-25 The story of the pivotal struggle between the Creek Indians and an insatiable, young United States for control over the Deep South—from the acclaimed historian and prize-winning author of *The Earth is Weeping* The Creek War is one of the most tragic episodes in American history, leading to the greatest loss of Native American life on what is now U.S. soil. What began as a vicious internal conflict among the Creek Indians metastasized like a cancer. The ensuing Creek War of 1813-1814 shattered Native American control of the Deep South and led to the infamous Trail of Tears, in which the government forcibly removed the southeastern Indians from their homeland. The war also gave Andrew Jackson his first combat leadership role, and his newfound popularity after defeating the Creeks would set him on the path to the White House. In *A Brutal Reckoning*, Peter Cozzens vividly captures the young Jackson, describing a brilliant but harsh military commander with unbridled ambition, a taste for cruelty, and a fraught sense of honor and duty. Jackson would not have won the war without the help of Native American allies, yet he denied their role and even insisted on their displacement, together with all the Indians of the American South in the Trail of Tears. A conflict involving not only white Americans and Native Americans, but also the British and the Spanish, the Creek War opened the Deep South to the Cotton Kingdom, setting the stage for the American Civil War yet to come. No other single Indian conflict had such significant impact on the fate of America—and *A Brutal Reckoning* is the definitive book on this forgotten chapter in our history.

Britannica Student Encyclopedia Encyclopaedia Britannica, Inc,2014-05-01 Entertaining and informative, the newly updated Britannica Student Encyclopedia helps children gain a better understanding of their world. Updated for 2015, more than 2,250 captivating articles cover everything from Barack Obama to video games. Children are sure to immerse themselves in 2,700 photos, charts, and tables that help explain concepts and subjects, as well as 1,200 maps and flags from across the globe. U.S. Government Books ,1982

Marlowe's Counterfeit Profession Patrick Cheney,1997-12-01 Cheney argues that Marlowe organizes his canon around an Ovidian career model, or *cursus*, which turns from amatory poetry to tragedy to epic. The first comprehensive reading of the Marlowe canon in over a generation.

Billboard ,2011-01-08 In its 114th year, Billboard remains the world's premier weekly music publication and a diverse digital, events, brand, content and data licensing platform. Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital and mobile entertainment issues and trends.

National Poetry, Empires and War David Aberbach,2016-09-13 Nationalism has given the world a genre of poetry bright with ideals of justice, freedom and the brotherhood of man, but also, at times, burning with humiliation and grievance, hatred and lust for revenge, driving human kind, as the Austrian poet Grillparzer put it, 'From humanity via nationality to bestiality'. *National Poetry, Empires and War* considers national poetry, and its glorification of war, from ancient to modern times, in a series of historical, social and political perspectives. Starting with the Hebrew Bible and Homer and moving through the Crusades and examples of subsequent empires, this book has much on pre-modern national poetry but focuses chiefly on post-1789 poetry which emerged from the weakening and collapse of empires, as the idealistic liberalism of nationalism in the age of Byron, Whitman, D'Annunzio, Yeats, Bialik, and Kipling was replaced by darker purposes culminating in World War I and the rise of fascism. Many national poets are the subject of countless critical and biographical studies, but this book aims to give a panoramic view of national poetry as a whole. It will be of great

interest to any scholars of nationalism, Jewish Studies, history, comparative literature, and general cultural studies.

CMJ New Music Report ,2002-09-09 CMJ New Music Report is the primary source for exclusive charts of non-commercial and college radio airplay and independent and trend-forward retail sales. CMJ's trade publication, compiles playlists for college and non-commercial stations; often a prelude to larger success.

Staius and Epic Games Helen Lovatt,2005-04-21 Epic games are more than just an interlude; they reflect the realities of epic: heroism, power and war. This first major study of the athletic games in Staius' Thebaid Book 6 uses them to produce a new reading of the poem as a whole. It explores each event in Staius' games, discussing intertextual manoeuvres, historical context and poetic positioning, developing a theme from each: audience power, cosmic disruption, national identity, masculinity and the body, games and war, kingship and narrative control. This book uses a close reading of one part of one text to range over ancient literature. It casts light on the tradition of games in ancient epic as a whole, examining the works of Homer, Virgil, Apollonius, Ovid and Lucan. It is essential reading for the student of Staius and of ancient epic and of interest to historians of Roman society with an interest in sport and spectacle.

Virgil, Aeneid 5 Lee M. Fratantuono,R. Alden Smith,2015-07-28 Fratantuono and Smith provide the first detailed consideration of Book 5 of Virgil's Aeneid, with introduction, critical text, translation and commentary.

Contexts of War Andreola Rossi,2004 A fresh look at the neglected topic of the battle narrative of the Aeneid

Guerrillas of Desire Kevin Van Meter,2017-05-22 Few have approached radical theory with the rigor and skill of Kevin Van Meter. Empowering, lucid, and inspiring, *Guerrillas of Desire* provides an exhaustive (and much needed) retooling of anarchism that will align the dreams of 'becoming revolutionaries' with the reality of everyday resistance. —Alexander Reid Ross, author of *Against the Fascist Creep* Looking for the political in the everyday and bringing anarchism into a productive dialogue with Autonomist Marxism, Kevin Van Meter challenges many of the left's usual assumptions and forces a reconsideration of what we mean by 'struggle.' —Kristian Williams, author of *Our Enemies in Blue* Behind the smiling faces of cashiers, wait staff, and workers of all sorts, a war is being planned, usually without the knowledge of official political and labor organizations. *Guerrillas of Desire* begins with a provocation: The Left is wrong. It's historical and current strategies are too-often based on the assumption that working and poor people are unorganized, acquiescent to systems of domination, or simply uninterested in building a new world. The fact is, as C.L.R. James has noted, they are rebelling every day in ways of their own invention: pilfering, sabotaging, faking illnesses, squatting, fleeing, and counter-strategizing. Kevin Van Meter maps these undercurrents, illustrating that everyday resistance is an important factor in revolution and something radicals of all stripes must understand. Kevin Van Meter is an activist-scholar based in the Pacific Northwest. He is coeditor of *Uses of a Whirlwind: Movement, Movements, and Contemporary Radical Currents in the United States*.

Tolstoy On War Rick McPeak,Donna Tussing Orwin,2012-08-22 In 1812, Napoleon launched his fateful invasion of Russia. Five decades later, Leo Tolstoy published *War and Peace*, a fictional representation of the era that is one of the most celebrated novels in world literature. The novel contains a coherent (though much disputed) philosophy of history and portrays the history and military strategy of its time in a manner that offers lessons for the soldiers of today. To mark the two hundredth anniversary of the French invasion of Russia and acknowledge the importance of Tolstoy's novel for our historical memory of its central events, Rick McPeak and Donna Tussing Orwin have assembled a distinguished group of scholars from diverse disciplinary backgrounds-literary criticism, history, social science, and philosophy-to provide fresh readings of the novel. The essays in *Tolstoy On War* focus primarily on the novel's depictions of war and history, and the range of responses suggests that these remain inexhaustible topics of debate. The result is a volume that opens fruitful new avenues of understanding *War and Peace* while providing a range of perspectives and interpretations without parallel in the vast literature on the novel.

Bondarchuk's War and Peace Denise J. Youngblood,2014-11-07 Sergei Bondarchuk's *War and Peace*, one of the world's greatest film epics, originated as a consequence of the Cold War. Conceived as a response to King Vidor's *War and Peace*, Bondarchuk's surpassed that film in every way, giving the USSR one small victory in the cultural Cold War for hearts and minds. This book, taking up Bondarchuk's masterpiece as a Cold War film, an epic, a literary adaptation, a historical drama, and a rival to Vidor's Hollywood version, recovers—and expands—a lost chapter in the cultural and political history of the twentieth century. Like many great works of literature, Tolstoy's epic tale proved a major challenge to filmmakers. After several early efforts to capture the story's grandeur, it was not until 1956 that King Vidor dared to bring *War and Peace* to the big screen. American critics were lukewarm about the film, but it was shown in the Soviet Union to popular acclaim. This book tells the story of how the Soviet government, military, and culture ministry—all eager to reclaim this Russian masterpiece from their Cold War enemies—pulled together to make Bondarchuk's *War and Peace* possible. Bondarchuk, an actor who had directed only one film, was an unlikely choice for director, and yet he produced one of the great works of Soviet cinema, a worthy homage to Tolstoy's masterpiece—an achievement only sweetened when Russia's Cold War adversary recognized it with the Academy Award's Oscar for Best Foreign Language Film of 1968. Denise Youngblood examines the film as an epic (and at seven hours long, released in four parts, at a cost of nearly \$700,000,000 in today's dollars, it was certainly that), a literary adaptation, a complex reflection on history, and a significant artifact of the cultural Cold War between the US and the USSR. From its various angles, the book shows us Bondarchuk's extraordinary film in its many dimensions—aesthetic, political, and historical—even as it reveals what the film tells us about how Soviet patriotism and historical memory were constructed during the Cold War.

Fuel your quest for knowledge with Authored by is thought-provoking masterpiece, **Epic War 5 105** .
