**Greatest Escape Stories Ever Told** Darren Brown,2006-06-01 To reach freedom, the most famous escapers of all time have been willing to endure the most horrific conditions—and the direst consequences if caught. The collection of tales in *The Greatest Escape Stories Ever Told* is gripping as only true life-and-death struggles can be: Papillon fighting through the jungles of Guiana only to commit himself to the open ocean in a sixteen-foot boat rather than face a life in exile; Rocky Gause dodging bullets as he swims through shark-infested waters to escape the Japanese at Bataan, while those around him simply quit; Latude battling against the dreaded Bastille; Baron Trenck—with chains covering almost every inch of his body—digging and digging to free himself from wrongful imprisonment; Andre Devigny, so weak from starvation and poor treatment that he could barely lift himself, shimmying across a rope only yards above a German sentry during World War II on the eve of his execution. These are just a few of the twenty-five bold and ingenious tales of escape included in this collection. *The Greatest Escape Stories Ever Told* will hold readers captive for years to come!

**Escape Theory** Margaux Froley,2013-03-12 Sixteen-year-old Devon Mackintosh has always felt like an outsider at Keaton, the prestigious California boarding school perched above the Pacific. As long as she's not fitting in, Devon figures she might as well pad her application to Stanford's psych program. So junior year, she decides to become a peer counselor, a de facto therapist for students in crisis. At first, it seems like it will be an easy fly-on-the-wall gig, but her expectations are turned upside down when Jason Hutchins (a.k.a. "Hutch"), one of the Keaton's most popular students, commits suicide. Devon dives into her new role providing support for Hutch's friends, but she's haunted by her own attachment to him. The two shared an extraordinary night during their first week freshman year; it was the only time at Keaton when she felt like someone else really understood her. As the secrets and confessions pile up in her sessions, Devon comes to a startling conclusion: Hutch couldn't have taken his own life. Bound by her oath of confidentiality—and tortured by her unrequited love—Devon embarks on a solitary mission to get to the bottom of Hutch's death, and the stakes are higher than she ever could have imagined. *The Escape* Lindsay Luterma,2011-08-24 The government thought that teenagers were the main cause of crime in America. So from the day that a teenager turns thirteen, they are locked away in buildings and treated like prisoners and left that way until they are eighteen. Wendy Austin couldn't take it any longer. She knew that there had to be some way to escape all of it. As she starts to plan the escape, she must rely on her friends and a guard with a secret that she can't help but trust. But running from the government isn't as easy as it looks. She must race to find her family, who has moved to Canada to keep her brother safe, before the guards can catch her.

**Escape** Robert A. Gallinger,2002-12 On a familiar jogging trail in the densely wooded area near historic Blakeley Park, Pilar Brighton slices through the shafts of early morning light. Like a frightened gazelle in flight, her eyes are glazed with terror as she dashes for her very life. Four men are behind her now, dressed in dark sweats and ski masks. They are closing fast, determined to drive her to Willnook Springs, a commune headed by Leo Croker, an ex-convict and self-ordained priest. If Pilar loses this race, she will soon discover that Leo Croker is more than a self-proclaimed priest; he is a madman out to kill her. Determined, Pilar pushes on; hoping that her legs and wind hold, helping her escape this time. But fate is not always so kind. Sometimes it can be dashed in a flash, especially with energetic pursuers so close behind. But Pilar has faith. She runs harder.

**The Escape Artist** Diane Chamberlain,2010-10-15 Susanna Miller loses custody of her eleven-month-old son, Tyler, but rather than turning the little boy over to her ex-husband and his new wife, she goes on the run. She dyes her hair, changes her name and escapes from Boulder, Colorado, leaving behind everyone she knows including Linc Sebastian, the man who has been her best friend since childhood and who knows her better than anyone. Susanna lands in Annapolis, Maryland, alone, frightened, and always looking over her shoulder for someone who might recognize her. Just as she's beginning to feel safe in her new surroundings, she stumbles across information that could save the lives of many people . . . if she's willing to take it to the police. But going to the authorities means revealing her identity, admitting her guilt, and worst of all, losing her son. Equal parts family drama, love story, and thriller, *The Escape Artist* is the poignant story of a mother's unbreakable bond with her child and the resiliency of a love that transcends distance and time. Kirkus Reviews calls *The Escape Artist* a sure-fire grabber.

*The Escape Room* Megan Goldin,2019-07-30 One of my favorite books of the year. —Lee Child “Cancel all your plans and call in sick; once you start reading, you'll be caught in your own escape room—the only key to freedom is turning the last page!” —Kirkus Reviews (starred) A sleek, well-crafted ride. —The New York Times In Megan Goldin's unforgettable debut, *The Escape Room*, four young Wall Street rising stars discover the price of ambition when an escape room challenge turns into a lethal game of revenge. Welcome to the escape room. Your goal is simple. Get out alive. In the lucrative world of finance, Vincent, Jules, Sylvie, and Sam are at the top of their game. They've mastered the art of the deal and celebrate their success in style—but a life of extreme luxury always comes at a cost. Invited to participate in an escape room challenge as a team-building exercise, the ferociously competitive co-workers crowd into the elevator of a high-rise building, eager to prove themselves. But when the lights go off and the doors stay shut, it quickly becomes clear that this is no ordinary competition: they're caught in a dangerous game of survival. Trapped in the dark, the colleagues must put aside their bitter rivalries and work together to solve cryptic clues to break free. But as the game begins to reveal the team's darkest secrets, they realize there's a price to be paid for the terrible deeds they committed in their ruthless climb up the corporate ladder. As tempers fray, and the clues turn deadly, they must solve one final chilling puzzle: which one of them will kill in order to survive?
