Kingology Study Guide R. C. Blakes, Jr.,2020-03-15 As the world evolves, it seems that the definition of manhood is shifting drastically from the classical biblical model. There once was a time when we knew who a man was and what the expectations of manhood are. Many are not so sure today. In this book I define and explore the concept of manhood from a biblical and social perspective. The objective is to enlighten the minds and encourage the hearts of men. I further endeavor to empower the spirit of new generations of men with the wisdom and principles of manhood. When the man sees himself as a king, he will adjust his standards and behavior and take responsibility as he rises to his full potential.
