American Forces in Berlin Robert P. Grathwol,Donita M. Moorhus,1994 An engaging look at reality-based Christian leadership, The Four Faces of a Leader has the potential to utterly transform leaders and those they lead--not with bells and whistles, but with a soft whisper of truth about servant leadership. By emphasizing the leadership priorities Jesus demonstrated in the gospels, Rhoden engages the reader with practical applications for all pastors, whether they serve 3,000 or 200 members. Like a personal mentor sharing valuable life lessons, this book challenges, inspires, informs, and encourages. Based on four leadership faces of shepherd, servant, steward, and seer, this is a solid roadmap of practical insights for leaders of every generation who want to be the change the world is looking for.

The Extreme Right in Europe Uwe Backes,Patrick Moreau,2011-12-07 The present work deals not only with the well-organized right extremism in modern Europe as well as with its function in proper political parties, but equally includes two additional, broader approaches: the militant branches and subcultures that exist, including some paramilitary phenomena in Eastern Europe; and the broad realm of their political ideas and cultural trends and the influence they exert on European political culture.

The Waterloo Campaign in 100 Locations John Grehan,2023-12-07 In the 200 years since the famous battle in the muddy, bloody fields of Waterloo, almost every aspect of the fighting has been examined and analyzed, apart from one – that of finding and illustrating locations relating to the campaign. From Napoleon’s landing on the Golfe Juan on France’s Côte d’Azur, along the Route Napoleon and through Grenoble, the Emperor’s journey back to Paris, and back to power, is shown in glorious full color. In this beautifully produced book, we see where Napoleon distributed the Imperial Eagles to the regiments of his army, and where his forces assembled before marching to war, and where the Due of Wellington’s Anglo-Allied army gathered in Brussels. The camera follows the initial encounters on the banks of the River Sambre and the maneuvering of the French and Coalition forces leading to the first great battles of the campaign at Quatre Bras and Ligny. The key sites occupied by the opposing armies at these battles are investigated as are the routes of the withdrawal to Mont St Jean by Wellington’s army and to Wavre by Blücher’s Prussians. The Waterloo battlefield and its associated buildings are examined in pictorial detail, as are the locations which marked the pivotal moments of the battle. The sites of the corresponding battle at Wavre are also shown, as well as the pursuit of the two wings of beaten French Army, including the sieges of the fortresses by the British army, before Paris was finally reached. The uprising in the Vendée and the last clashes of the campaign before Napoleon’s abdication are also featured. The book closes with Napoleon’s journey from Paris to St Helena via l’île d’Aix and Plymouth. Headquarters buildings, observation posts, monuments and memorials, bridges and battlefields, and the principal locations of the campaign are portrayed in unique photographs – and behind every plague and place is a tale of political posturing, military maneuvering, sacrifice and savagery. Together these images tell the story of Napoleon’s greatest gamble, and we know that a picture is worth a thousand words!
