That Winter Pamela Gillilan,1986 Pamela Gillilan was born in London in 1918, married in 1948 and moved to Cornwall in 1951. When she sat down to write her poem *Come Away* after the death of her husband David, she had written no poems for a quarter of a century. Then came a sequence of incredibly moving elegies. Other poems followed, and two years after starting to write again, she won the Cheltenham Festival poetry competition. Her first collection *That Winter* (Bloodaxe, 1986) was shortlisted for the Commonwealth Poetry Prize.

Computer Network Time Synchronization David L. Mills,2006-03-24 What started with the sundial has, thus far, been refined to a level of precision based on atomic resonance: Time. Our obsession with time is evident in this continued scaling down to nanosecond resolution and beyond. But this obsession is not without warrant. Precision and time synchronization are critical in many applications, such as air traffic

The Robots' Rebellion – The Story of Spiritual Renaissance David Icke,1999-08-26 David Icke's strongest book to date, *The Robots' Rebellion* reveals the alarming extent to which people of all nations are programmed by the ideas fed to them by those in power. We live in a world which is increasingly dominated by technology but, according to Icke, it is we who are the robots. Fearlessly, he tears down the veils of hypocrisy, built up for generations by the corrupt forces of Church, State, science and commerce – and reveals the true pathos of the human condition beneath. He points, too, to the frightening influence wielded throughout the planet by a merciless and manipulative network of secret societies. The existence of long-established links between Earth-bound humanity and beings from other dimensions and planets in the Universe has been suppressed for years, says Icke, by the world's power-broking hierarchy. When ordinary people learn the real role they have to play within a rich and varied cosmic society, rebellion against those who have kept this extraordinary truth from them will, he predicts, be inevitable. The author is no stranger to controversy. Formerly best-known as a TV sports commentator and leading spokesman for the British Green Party, he is gaining increasing authority as a tireless campaigner for truth. His widely-publicised spiritual transformation has given him the courage to speak out fearlessly against lies and deceit. Hidebound politicians, bankers, economists, educationalists, scientists and the leaders of the world's established religions are not going to welcome Icke's challenging book. But it is not intended for those who wield and abuse power. This book is for the world's unwilling robots who, says Icke, in an upbeat conclusion, have it within themselves to rise up – and take control of their own exciting destiny. *The Robots' Rebellion: Table of Contents* Introduction Remember Who You Are PART ONE: The Darkness - The Takeover Bid - Collective Amnesia - The Brotherhood of Clans - Bible Stories - Hell on Earth - Arabian Knights - The Cracks Appear - Eagle Tails - The Rule of Science - The World at War - Big is Beautiful - The New World Order - When Will We Ever Learn? The Sublime Quran ,2007 This is the first translation of the Quran by an American woman. It is a universal and inclusive translation with the hope that Islam will be better understood in the West. She also challenges the use of the word to beat in 4: 34 as meaning to go away which is how the Prophet of Islam understood the word as it has historically justified violence against and abuse of Muslim women. This interpretation must change, she says, and revert to the way the Prophet understood it.

Godwin's Cabalistic Encyclopedia David Godwin,1994 One of the most trusted reference works ever published on the Cabala has been revised and expanded. Featuring a new and more usable format, this book is a complete guide to cabalistic magick and gematria in which every demon, angel, power and name of God ... every Sephirah, Path, and Plane of the Tree of Life ... and each attribute and association is fully described and cross-indexed by the Hebrew, English, and numerical forms. All entries are now incorporated into one comprehensive dictionary. There are hundreds of new entries and illustrations, making this book even more beneficial for Cabalistic pathworking and meditation. It now has many new Hebrew words and names, as well as the terms of Freemasonry, the entities of the Cthulhu mythos, and the Aurum Solis spellings for the names of the demons of the Goetia. It contains authentic Hebrew spellings, and a new introduction that explains the uses of the book for meditation on God names. The Cabalistic schema is native to the human psyche, and Godwin's Cabalistic Encyclopedia will be an invaluable reference tool for all Cabalists, magicians, scholars and scientists of all disciplines.

Beyond Multiculturalism Giuliana B. Prato,2016-04-15 While the anthropological field initially shied away from the debate on multiculturalism, it has been widely discussed within the fields of political theory, social policy, cultural studies and law. Beyond Multiculturalism is the first volume of its kind to offer a comparative, worldwide view of multiculturalism, considering both traditional multicultural/multiethnic societies and those where cultural pluralism is relatively new. Its varied case studies focus on the intersections and relationships between cultural groups in everyday life using employment, identity, consumption, language, legislation and policy making to show the unique contribution anthropologists can bring to multiculturalism studies. Their work will be of great interest to scholars of race, ethnicity, migration, urban studies and social and cultural geography.

Empire Roller Disco Sara Rosen, 2023 ... Pagnano's photographs remind us of the importance of documenting moments as they occur so that we can savour the pleasures of the past and look at the present with fresh eyes. - Huck Brooklyn's Empire RollerDrome opened its doors in 1941 and soon became the borough's premier destination for recreational and competitive roller skating. But it wasn't until the late 1970s that the celebrated rink reached iconic status by replacing its organist with a live DJ, installing a state of the art sound and light system, and renaming itself after the nationwide dance craze it had helped to originate: the Empire Roller Disco was born. In 1980, Forbes magazine sent the acclaimed street photographer Patrick D. Pagnano to document the Empire and its legendary cast of partygoers. The resulting photographs, gathered in TK for the first time, capture the vibrant spirits, extraordinary styles, and sheer joys of Brooklyn roller disco at its dizzying peak.

The Sixth Station Linda Stasi, 2013-12-01 Some say Demiel ben Yusef is the world's most dangerous terrorist, personally responsible for bombings and riots that have claimed the lives of thousands. Others insist he is a man of peace, a miracle worker, and possibly even the Son of God. His trial in New York City for crimes against humanity attracts scores of protestors, as well as media and religious leaders from around the world. Cynical reporter Alessandra Russo heads to the UN hoping for a piece of the action, but soon becomes entangled in controversy and suspicion when ben Yusef singles her out for attention among all other reporters. As Alessandra begins digging into ben Yusef's past, she is already in more danger than she knows—and when she

is falsely accused of murder during her investigation, she is forced to flee New York. On the run from unknown enemies, Alessandra finds herself on the trail of a global conspiracy and a story that could shake the world to its foundations. Is Demiel ben Yusef the Second Coming or the Antichrist? The truth may lie in the secret history of the Holy Family, a group of Templars who defied the church, and a mysterious relic stained with the sacred blood of Christ Himself.
