Airbrushing 101 The Airbrush Institute LLC,2019-07-29 This is a complete Intro to Airbrushing course in a workbook form. A classroom in a book! There is only so much an airbrush can do - dots, lines, daggers, and shading. We introduce each skill in a logical and exciting way. In our book, each skill is cumulative, so grasping each technique is easier than tackling them out of order as you would if you were self taught and left to sift through a cluster of internet information that is not necessarily correct. Our method is successful, because we have taken the entire contents of an Intro to Airbrushing class, and made it into a workbook... yes a WORKBOOK! The skills are introduced in an interesting way, and each lesson has a corresponding workbook page that can be practiced over and over until you are proficient at each skill! There has never been anything like this before! With over 50 lessons, you will master each skill and work up to the four beautiful and challenging final projects. We cover all the basics that you need to know to get set up in airbrushing: types of airbrushes, compressors, paint, substrates, etc....even how to properly hold an airbrush and how to clean it. We are so thorough and innovative, we have earned the endorsement of Anest Iwata-Medea, Inc. AND Grex Airbrushes. A course like this costs hundreds of dollars just for tuition if you were to attend a workshop. With travel and lodging, you can spend thousands of dollars for just ONE course. With this book, you get the same content but are free to take it at your own pace. This is an excellent way to introduce airbrushing into your skill set and develop a life-long passion and income source.

Individual Respect Is a Language Everyone Can Understand Joe McNeill,2021-03-21 This book asks the question How are we going to get to a world more-so of free interacting fellow individual people and less-so of restricted groups intrinsically apart from one another? We don't live in a world so much of cultural groups, religions, nations, skin colors, and genders as much as one of fellow individual people- like ourselves. Recognizing your individuality and that of others is not the same as being individualistic- it is not selfish nor self-absorbed- it is instead our most widespread and fundamental common language and honest base of community with each other. The root of prejudice, terrorism, war and many of humankind's problems is a failure of people to recognize and accept their own individuality socially and respect and empathize with the fundamental individuality of all others.

Socially we should recognize, empathize, and respect each other as individuals regardless of what groups we belong to. No individual should have their skin color or gender define who they are throughout their lives on this planet. We need to transform into a 'fellow individual' based society rather than one of fundamentally separated groups of people. We can do this without losing our cultures, religions, nations, states, tribes, languages, etc. - we just need to prioritize- and lead with individual respect towards all other people.
