Summary of Molly Bloom's Molly's Game Everest Media,2022-04-26T22:59:00Z

Please note: This is a companion version & not the original book. Sample Book Insights: #1 My parents were very strict about their children's grades, but they were also very supportive of their children's interests and dreams. They raised us to be compassionate towards others, and we benefited from that. #2 I had a rapid onset of scoliosis when I was twelve. My parents waited anxiously while the doctors operated on me, fixing my spine by extracting bone from my hip and fusing the eleven curved vertebrae together. I was told that my competitive sports career was over. #3 I had grand ambitions that fell far outside my father's pragmatism. I was obsessed with success, and I was driven by an innate ambition. But I also needed to prove my worth. #4 I retired from skiing, and I fell in love with the uncertainty of being in a foreign place. I made friends with some Gypsy kids in Greece. Their parents had been rounded up and shipped back to Serbia, but they were still able to travel freely.

Crash Course in Beating Texas Hold'em Avery Cardoza, Perfect for beginning and somewhat experienced players who want to jump right in on the action and play cash games, local tournaments, online poker, and the big televised tournaments where millions of dollars can be made. Texas Hold 'em Poker Game Milan Lucca,2021-06-29 One of the keys to being a solid Texas Hold them poker player is to realize which hands are playable and which are most certainly not. This rundown of the main 10 best beginning hands for Texas Hold them is a decent spot to begin learning. Do remember, in any case, that there is some contradiction over which hands are the awesome, it depends partially on your expertise level and style of play. Additionally, an incredible beginning hand can turn awful rapidly with some unacceptable local area cards. This rundown mirrors an agreement of the most confided in assets. so let get started

World Series Poker Powerball Secrets,World Poker,2018-04-21 PROVEN METHODS And Strategies To Winning WORLD Series Texas HOLDEM Poker Tournament! The

beginning When playing Texas HoldEm poker, every player is dealt two cards face down - these are called your 'hole cards'. Then there is a round of betting where you can Check, Bet or Fold. This stage of the game is known as pre-flop and what you should do is dependent on those hole cards, or starting hand. When all the betting has finished three shared cards are dealt face up in the middle of the table. This is called the flop. The flop The middle After this there is another round of betting, then a fourth shared card - called the turn - is dealt. The turn There is another round of betting then a final shared card - called the river - and a final round of betting. The river Your best Texas Holdem hands will be made by using your hole cards and the five cards in the middle to make the best possible five card poker hand. Not sure what the best Texas Holdem poker hands are? You can visit the poker hand rankings page for more information! So, for example, if you have 9-9 and the shared cards are 9-9-A-5-2 you have four-of-a-kind. If the shared cards were J-Q-K-7-2 you would only have two nines. Sometimes the best texas hold em hand is made by the five shared cards on their own. If they were 10-10-10-10-A and you had 9-9 your hole cards would not play as there is a four-of-a-kind of higher value already showing. The end There are two ways a hand can end. One is when the players in a hand turn over their hole cards and the player with the best hand wins. This is known as a showdown. The other is that someone will bet enough that everyone else folds. This is how most hands end in Texas Hold'em and that's the magic of the game - you don't always need the best hand to win. Now let's recap... Okay, let's go over how a Texas Holdem poker hand works using only poker slang and see if you can keep up. Firstly, you are dealt your hole cards. Then there is a round of betting. Then the players remaining see a flop. Then there is another round of betting. Then you see a turn card. Then another round of betting. Then a final river card. Then one more round of betting. The best five card hand wins. Clear? Excellent. If not, have a read of our Poker Glossary. Comfortable with the rules so far? Ok Then Here's a few Tips; To be a truly great Texas Hold 'Em Poker player, you need to be able to read your opponents, ascertaining when they are bluffing and then they really have a solid hand. But learning some basic strategies and general rules will go a long way toward making sure you can at least hold your own in a friendly game. Two Things to Always Remember It may seem silly to be reminded of the following fundamental facts, but it's surprising how often players get swept up in the excitement of the game and forget the basics. 1. The two cards you hold are the only cards that set you apart from the other players and give you the chance to win. 2. All of the face-up cards are community cards, shared by you and every other player. It's vital that you focus on what those cards could mean to someone else at least as much as you focus on what they mean to you. In particular, keep your eyes open for your opponents' straight and flush possibilities. Usually, the first decision you make in a hand of Texas Hold 'Em Poker happens with your only knowledge being what your two cards are. When you look at your cards, be careful not to reveal anything with your reaction -- facial or otherwise. Taking a sharp breath, no matter how quietly you do it, can tell a wily opponent all he needs to know to have an advantage over you. . How do you know if your cards are good? The Professor, the Banker, and the Suicide King Michael Craig, 2008-06-17
The Players: the best poker professionals in the world The Challenger: a

wealthy banker from Dallas The Game: the richest poker stakes of all time... In 2001, a rich stranger from Texas descended upon the high-stakes poker room in the opulent Bellagio casino in Las Vegas. A self-made billionaire by the name of Andy Beal, the stranger challenged some of the world's greatest poker players—including Doyle Brunson, Chip Reese, Howard Lederer, and Jennifer Harman—to heads-up matches in the richest poker game ever played This is that story... Beginning the scintillating contest that would shock the world of poker, Andy and each opponent had \$1 million, betting \$10,000 and \$20,000 per round. As the games intensified over the coming months and Andy developed into a great player, he realized how he could take his adversaries out of their comfort zone—he raised the stakes to put everything they had on the line. By the time the battle of wits ended, there was more than \$20 million on the table. For the first time ever, here is the detailed, true account of the Big Game that has already achieved legendary status in poker lore. Putting you railside to observe the pulse-pounding action, where you can almost hear the distinct sound of clay chips on felt, Michael Craig takes you inside the iron-nerved mind and pathological psyche of the professional gambler. Filled with vivid characters, sensational tales, and riveting human drama, The Professor, the Banker, and the Suicide King is a unique, suspenseful journey into the world of people who live on the razor's edge of fortune—where incredible wealth, or utter ruin, turns on the flip of a card.

Money Games David M Carter,2010-11-09 “A compelling perspective on the evolution of sports business . . . provides an excellent roadmap to maximizing the benefits and minimizing the pitfalls.” —David Stern, NBA Commissioner The businesses behind Dubai Sports City, the branding of David Beckham, and the popularity of fantasy sports leagues are unmistakable indicators that the sports and the entertainment industries are quickly becoming one and the same. This rapid convergence has been key to the sports business industry’s continued growth and financial success. Money Games not only analyzes how industry stakeholders have monetized this convergence, but also answers this core question: how can the sports business continue to profit from the blurring of sports and entertainment? Author David M. Carter considers a wide array of implications for television content, video gaming, athlete branding, the Internet, mobile technology, gambling, sports-anchored real estate development, venue technology, and corporate marketing—in short, those areas where business opportunities exist now that sports and entertainment have become one. “Fans, sports and media executives, and even investors will find that Carter’s examination . . . of the changing landscape of sports and entertainment helps them understand their own experiences.” —Stephen A. Greyser, Harvard Business School “An invaluable resource for stakeholders hoping to monetize sports as entertainment.” —Kenneth L. Shropshire, Wharton School of the University of Pennsylvania and author of The Business of Sports Agents “The strategies and tactics that all the players will want—from the boardroom to the locker room—can be found in Money Games.” —John Nendick, Ernst & Young Global Media & Entertainment Industry Leader “Identifies the challenges facing the various sports leagues in delivering fans what they want.” —Allan H. (Bud) Selig, Baseball Commissioner

The Perfect Range Tyler Nals,2015-05-10 Want to make more money playing poker? Only 10% of poker players are profitable, but the solution is easier than you think. One of the most important and overlooked aspects of the game

is your range. This pertains to what hands you will and will not play. Of course, everyone will play AA, KK, QQ, and AK, but how far should that range stretch? Through trial and error, I have tested range theories for years. It didn't take long to find one that led to a very high winning percentage, but the wins weren't big and I wasn't getting a lot of action. This is NOT a negative if you play often and want small yet consistent wins. However, if you want to maximize your profits, then applying the adjustments I have made to this range should greatly increase your odds of long-term success. In this book, I don't just describe The Perfect Range. That would be boring. I'm not into boring. Instead, I tested The Perfect Range in 23 live cash games and three live tournaments. In order to add some flavor, I played in poker rooms in Florida, North Carolina, Atlantic City, West Virginia, and Connecticut. I was undercover in every instance. I also included my on-the-felt and off-the-felt misadventures, which I seem to have a knack for. Everything written in this book happened. I gave all characters I came across nicknames, but if you play poker in any of the states (or city) mentioned above, then it's possible that you will read about someone you know, or maybe even yourself. My first poker strategy book, *Poker Notes*, has received excellent feedback and sells consistently. I'm glad to hear it's making a difference for people. I think The Perfect Range is even more valuable! If you stick to this strategy without veering off course, it should lead to greatly improved results on the felt, especially if combined with the strategies covered in *Poker Notes* and *Poker Blog*.

Proven System for Winning Large Field Poker Tournaments with Positive ROI

Robert Reese, 2018-05-13 If you play large field poker tournaments like WSOP, EPT, WPT main events or more which has more than 500 participants then this is the book of strategy for you. In this book my goal is to provide you with real hands from these tournaments, lessons, experiences so that you can avoid costly mistakes. You want to learn from other's mistakes in such high value tournaments. Finally in the last section I will give you a pure strategy that you use point by point to quickly have the complete strategy at his fingertips and at an important decision in the tournament can make the best play which will lead to a positive ROI after playing 5 or 10 such tournaments. Finally the book contains information to connect with me personally ask doubts, and a group of poker players who will be the next generation sharks of poker tomorrow. My goal with this book is expectation less service to all with the aim of helping poker players win. I am already far ahead and have been there and done that, and when I see struggling poker players it makes me want to help them on a spiritual level. With that aim I have produced this book. Finally do visit my blog <https://poker4profits.blogspot.in/> Finally do remember that this strategy comes after over a decade of playing poker and thousands of poker tournaments and millions of poker hands. I hope that my experience takes your game higher.

Beating Toughest Poker Games for Consistent Profits Bill Hector, 2017-04-19

The poker strategy conveyed in this book will help to save, protect and grow your poker bankroll to unbelievable heights. The knowledge presented in this book has never been presented before, not even in the two plus two forums. With so much poker knowledge available most players get confused about what strategies to adopt and end up using strategies which are today used by every Tom, Dick and Harry. This book will convey to you powerful strategies (Only those that will help crush every single hand, every single session) to use in games for consistent variance free profits. The poker competition today is more tough than ever, yet beatable. The current poker books are highly outdated and the games of 2017 cannot be beaten by the yesterday's books. If you feel that you are no longer making the bountiful profits of the past years, you are correct, the game has evolved, the theory has become deeper. If your win rate is not as high as it used to be and still you follow a good poker strategy like Tight aggressive and good post-flop play and decent hand reading skills, but are not making good enough profits. It is time for major poker fundamentals, theory and skills upgrade. This book is going to upgrade your poker skills so that again you can make those unbelievable poker wins of the yester years at the highest poker stakes like 50-100USD and above. This is my debut book and I have been playing poker profitably since the last 10 years. I am sure that after reading this you will add to your poker arsenal the following concepts which will take your game to unbelievable heights and you will again find that poker has become juicy. Concepts explained to help you crush the games of 2017 and beyond. The theory applies to poker games like No Limit Hold'em, Limit Hold'em and Pot Limit Omaha and other poker variants. 1. Bobby Baldwin's Winning Poker Secrets Mike Caro, 2004-05-01 This is the fascinating account of former world champion Bobby Baldwin's early career playing poker in roadhouses and against other poker legends and his meteoric rise to the championship. It is interspersed with important lessons on what makes a great player tick and how he approaches the game. Mike Caro, a poker great himself, and Baldwin, both of whom are co-authors of the classic Doyle Brunson's Super System, cover the common mistakes average players make at seven poker variations and the dynamic winning concepts they must employ to win. Endorsed by poker legends and superstars Doyle Brunson and Amarillo Slim.

Treat Your Poker Like a Business Dusty Schmidt, 2012-07-03 A book targeted for poker players who want to monetize their leisure time or pro career into a dependable source of income—by a player that's been there, done that. In this specialized book for poker players who want to monetize their leisure or pro career into a dependable source of income, online poker legend Dusty "Leatherass" Schmidt teaches players how to manage their bankroll, rationalize variance, play more tables, move up in stakes, avoid tilt, create new sources of revenue, and most importantly, become more profitable. The strategy section contains some of the most important tips in print, focusing on the situations that come around every few minutes rather than how to play specific hands. This underground seller, never available to the general public, has already been translated into eight languages.
