Years of Persecution, Years of Extermination Christian Wiese, Paul Betts, 2010-06-15 This volume provides an in-depth discussion of Saul Friedlander's landmark two-volume history of the Holocaust, Nazi Germany and the Jews. It brings together a range of internationally acclaimed historians to address the manifold conceptual and historiographical issues raised in Friedlander's monumental work. It includes a major essay by Friedlander himself on the challenges of producing an integrated history of the Holocaust. The aim of this book is not simply to evaluate Friedlander's work on its own merits, but rather to use his text as a means of exploring the contours and future of Holocaust historiography. The central concern is to situate his work within the broader terrain of Holocaust studies and European history, as well as to explore the ways in which his book opens up new directions in the knowledge, study and understanding of the Shoah in particular and twentieth century genocide in general.

Hitler's Willing Executioners Daniel Jonah Goldhagen, 2007-12-18 This groundbreaking international bestseller lays to rest many myths about the Holocaust: that Germans were ignorant of the mass destruction of Jews, that the killers were all SS men, and that those who slaughtered Jews did so reluctantly. *Hitler's Willing Executioners* provides conclusive evidence that the extermination of European Jewry engaged the energies and enthusiasm of tens of thousands of ordinary Germans. Goldhagen reconstructs the climate of eliminationist anti-Semitism that made Hitler's pursuit of his genocidal goals possible and the radical persecution of the Jews during the 1930s popular. Drawing on a wealth of unused archival materials, principally the testimony of the killers themselves, Goldhagen takes us into the killing fields where Germans voluntarily hunted Jews like animals, tortured them wantonly, and then posed cheerfully for snapshots with their victims. From mobile killing units, to the camps, to the death marches, Goldhagen shows how ordinary Germans, nurtured in a society where Jews were seen as unalterable evil and dangerous, willingly followed their beliefs to their logical conclusion. *Hitler's Willing Executioner's* is an original, indeed brilliant contribution to the...literature on the Holocaust.--New York Review of Books The most important book ever published about the Holocaust...Eloquently written, meticulously documented, impassioned...A model of moral and scholarly integrity.--Philadelphia Inquirer

International Crimes: Law and Practice Guénaél Mettraux, 2020-04-09 Judge Mettraux's four-volume compendium, *International Crimes: Law and Practice*, will provide the most detailed and authoritative account to-date of the law of international crimes. It is a scholarly tour de force providing a unique blend of academic rigour and an insight into the practice of international criminal law. The compendium is un-rivalled in its breadth and depth, covering almost a century of legal practice, dozens of jurisdictions (national and international), thousands of decisions and judgments and hundreds of cases. This second volume discusses in detail crimes against humanity.

Treatise on International Criminal Law Kai Ambos, 2022-06-16 International criminal law and justice is a flourishing field which has led, in recent years, to new international criminal tribunals and new mechanisms for investigation and holding criminals to account. These developments have, in turn, led to an increasing volume and greater consolidation of case law, and even more scholarly attention. The second edition of this volume of Kai Ambos' seminal treatise has been revised and rewritten in parts to provide coverage of recent developments in the 'Special Part' of international criminal law: namely, the specific crimes and sentencing. Amongst other updates, there are significant extensions of the discussion on sexual and gender-based crimes; the introduction of environmental crimes into international criminal law; further elaboration on the nexus requirement in war crimes and asymmetrical conflicts (e.g., ISIS); and reference to the newly introduced war crimes of the ICC Statute and of the peculiarities of cyber-attacks and other emerging activities. The volume complements Volume I of the treatise on issues relevant to the foundations, general part of international criminal law, and general principles of international criminal justice. Taken together with the other new editions of the three-volume series, this second edition provides an exhaustive guide to every aspect of international criminal law, from fundamental principles to procedures and implementation. Kai Ambos' Treatise remains an indispensable reference work for

academics and practitioners of international criminal law.

Germany's Genocide of the Herero Jeremy Sarkin-Hughes, 2011 This study recounts the reasons why the order for the Herero genocide was very likely issued by the Kaiser himself, and why proof of this has not emerged before now. In 1904, the indigenous Herero people of German South West Africa (now Namibia) rebelled against their German occupiers. In the following four years, the German army retaliated, killing between 60,000 and 100,000 Herero people, one of the worst atrocities ever. The history of the Herero genocide remains a key issue for many around the world partly because the German policy not to pay reparations for the Namibian genocide contrasts with its long-standing Holocaust reparations policy. The Herero case bears not only on transitional justice issues throughout Africa, but also on legal issues elsewhere in the world where reparations for colonial injustices have been called for. This book explores the events within the context of German South West Africa (GSWA) as the only German colony where settlement was actually attempted. The study contends that the genocide was not the work of one rogue general or the practices of the military, but that it was inexorably propelled by Germany's national goals at the time. The book argues that the Herero genocide was linked to Germany's late entry into the colonial race, which led it frenetically and ruthlessly to acquire multiple colonies all over the world within a very short period, using any means available. Jeremy Sarkin is Chairperson-Rapporteur of the United Nations Working Group on Enforced or Involuntary Disappearances, and is at present Distinguished Visiting Professor of Law at Hofstra University in Hempstead, New York. He is also an Attorney of the High Court of South Africa and of the State of New York. A graduate of the University of the Western Cape and of Harvard Law School he has been visiting professor at several US universities where he has taught Comparative Law, International Human Rights Law, International Criminal Law and Transitional Justice Southern Africa (South Africa, Botswana, Lesotho, Swaziland, Namibia and Zimbabwe): University of Cape Town Press/Juta
