Hop Inside the Most Exotic Cars Norm Geddis,2018-08-15 At the turn of the 20th Century, the automobile (then called the horseless carriage) had been around for about a decade. But just being able to get from one place to another without a horse wasn't enough for many drivers. Humans had discovered speed and we loved what it felt like. Faster and faster cars were being produced and car races were becoming popular. The exotic car, luxury car, supercar, and extreme car all began on the early raceways of Europe and America. This is the story of both the earliest fast and stylish cars and the cars of today that are changing the way all automobiles are powered, made and driven. From Rolls-Royce to the Inferno Exotic Car, discover what it takes to turn heads and upend perceptions. Each book in The World of Automobiles series takes a close-up look at the most interesting aspects of the cars we love. Who makes them, how we love to trick them out, the craziest cars of them all, and trucks too...it's all here. So, jump in, get behind the wheel and put the pedal to the floor! Each title in this series contains color photos throughout, and back matter including: an index and further reading

lists for books and internet resources. Key Icons appear throughout the books in this series in an effort to encourage library readers to build knowledge, gain awareness, explore possibilities and expand their viewpoints through our content rich non-fiction books. Key Icons in this series are as follows: Words to Understand are shown at the front of each chapter with definitions. These words are set in boldfaced type in that chapter, so that readers are able to reference back to the definitions--building their vocabulary and enhancing their reading comprehension. Sidebars are highlighted graphics with content rich material within that allows readers to build knowledge and broaden their perspectives by weaving together additional information to provide realistic and holistic perspectives. Text Dependent Questions are placed at the end of each chapter. They challenge the reader's comprehension of the chapter they have just read, while sending the reader back to the text for more careful attention to the evidence presented there. Research Projects are provided at the end of each chapter as well and provide readers with suggestions for projects that encourage deeper research and analysis. Educational Videos are offered through the use of a QR code, that when scanned, takes the student to an online video showing a moment in history, speech etc. This gives the readers additional content to supplement the text. And a Series Glossary of Key Terms is included in the back matter containing terminology used throughout the series. Words found here broaden the reader's knowledge and understanding of terms used in this field.

365 Sports Cars You Must Drive John Lamm,Steve Sutcliffe,Larry Edsall,James Mann,Kris Palmer,2020-10-27 365 Sports Cars You Must Drive puts you in the driver's seat of a century's worth of sports car legends (and a few rather less legendary), each presented with a fun and informative profile and fact-and-spec box. It's the ultimate gearhead's bucket list and poses the challenge: How many have you driven? Whoever coined the phrase getting there is half the fun must have owned a sports car. And the wag who suggested that it's the journey not the destination? Probably driving a Lotus or MG at the time. From towering icons like Ferrari, Lamborghini, Porsche, and Corvette to everyman sportsters from Triumph, MG, Sunbeam, and Miata to oddballs like Crosley, Sabra, and DB, sports cars inspire passion and strong opinions as few other vehicles on the road can. In one beautiful book, long-time Road & Truck magazine chief photographer John Lamm, along with other top motoring contributors, gives the reader illustrated profiles of every sports car you've ever dreamed of driving! Now, imagine if you could drive a different sports car—any sports car—every single day for a year.

Which would you choose?

The Art of the Automobile Dennis Adler, 2000-05-03 Award-winning automotive historian, author, and photographer Dennis Adler takes you on a whirlwind tour through more than a century of automotive history, from the first production motorcar, the 1886 Benz Patent Motorwagen, to famed makes including Hispano-Suiza, Duesenberg, Packard, and Hudson. More than 200 stunning color photographs define and detail the remarkable styling and revolutionary mechanical engineering for 100 greatest cars ever built. Adler, in accordance with the world's leading automotive designers, collectors, and authorities, picks the top ten cars of all time--breathtaking cars that have become the motoring icons of the twentieth century. *The Art of the Automobile* reveals not only the makes and models that have left an indelible mark on the motoring world, but why and how these specific cars have become so important to the history of the automobile itself. For anyone whose pulse quickens at the sound of a Ferrari V-12, or whose heart races at the sight of a glorious 1930s Duesenberg, here, truly, is the essential car book of the century.
