Up, Up, and Away Jonah Keri, 2014-03-25 The definitive history of the Montreal Expos by the definitive Expos fan, the New York Times bestselling sportswriter and Grantland columnist Jonah Keri. 2014 is the 20th anniversary of the strike that killed baseball in Montreal, and the 10th anniversary of the team's move to Washington, DC. But the memories aren't dead--not by a long shot. The Expos pinwheel cap is still sported by Montrealers, former fans, and by many more in the US and Canada as a fashion item. Expos loyalists are still spotted at Blue Jays games and wherever the Washington Nationals play (often cheering against them). Every year there are rumours that Montreal--as North America's largest market without a baseball team--could host Major League Baseball again. There has never been a major English-language book on the entire franchise history. There also hasn't been a sportswriter as uniquely qualified to tell the whole story, and to make it appeal to baseball fans across Canada AND south of the border. Jonah Keri writes the chief baseball column for Grantland, and routinely makes appearances in Canadian media such as The Jeff Blair Show, Prime Time Sports and Off the Record. The author of the New York Times baseball bestseller *The Extra 2%* (Ballantine/ESPN Books), Keri is one of the new generation of high-profile sports writers equally facile with sabermetrics and traditional baseball reporting. He has interviewed everyone for this book (EVERYONE: including the ownership that allowed the team to be moved), and fans can expect to hear from just about every player and personality from the Expos' unforgettable 35 years in baseball. *Up, Up, and Away* is already one of the most anticipated sports books of next year.

Megaevents and Modernity Maurice Roche, 2002-11-01 This analysis explores the social history and politics of mega-events from the late 19th century to the present. Through case studies of events such as the 1851 Crystal Palace Expo, the 1936 Berlin Olympics and the 1992 Barcelona Olympics, Maurice Roche investigates the impact Expos and Olympics have had on national identities, on the marking of public time and space, and on visions of national citizenship and international society in modern times. Historical chapters deal with the production of Expos by power elites, their impacts on mass culture, and the political uses and abuses of international sport and Olympic events. Chapters also deal with the impact of Olympics on cities, the growth of Olympics as media events and the current crisis of the Olympic movement in world politics and culture.

Expo Legacies Mike Gregory, 2009 World's Fairs and Expositions have been part of our American Culture for more than 150 years. The fairs started out in a large exhibit hall, and as the years passed and the number of exhibits grew as did the number of buildings needed for the displays. Eventually many states, nations, and individuals would start building their own buildings. How many of these buildings are still standing? That was a major focus of the research of this book. Some fairs left several buildings while others have nothing to remind us of the glory of the fair. The book also focuses on the statistics and interesting facts about the fairs and expos.

World's Fairs and Expos Allan Fowler, 1991 Describes historic and modern World's fairs, where new and future inventions, and styles of architecture, art, and entertainment are previewed.

Montreal Expos Bill Shaw, 1982 A history of Canada's first major league baseball team.

Blue Monday Danny Gallagher, 2018-10-13 Blue Monday: one of the most unforgettable days in Canadian baseball history. Danny Gallagher leads readers up to that infamous day in October 1981 when Rick Monday of the Los Angeles Dodgers hit a home run off of Montreal Expos pitcher Steve Rogers in the ninth inning, giving the Dodgers a berth in the World Series. Readers will be taken back to 1976 when a five-year plan for winning the National League championship was set in place by the Expos with the hiring of experienced manager Dick Williams. Gallagher examines old narratives about Blue Monday and talks to all the key players involved in the game, unearthing secrets and stories never before told.

Montreal Expos Chris W. Sehnert, 1997 Tracing the history of Major League Baseball teams from their beginnings to today, this series explores the home cities, key players, and personalities that make baseball the national pastime. -- Action-packed, eye-catching photos -- Timelines and histories in full-page spreads -- Glossaries and indexes enhance the text

The Expos in Their Prime Alain Usereau, 2012-12-13 In the late 1970s and early 1980s, the Montreal Expos provided their fans with spectacular play produced by spectacular players. The team was able to reach the pinnacle of its lifetime popularity during that period. They were in fact even more popular than the beloved hockey-playing Canadiens in Montreal and the most popular sports team in Canada. The book depicts how the team reached that level of support from the whole country and also why they were not able to sustain that excellence.

Blue Jays 1, Expos 0 David Luchuk, 2009-08-11 The 2001-2002 offseason was a tumultuous one for Major League Baseball. The commissioner's move to contract two teams, voted on and approved by league owners in a 28-2 vote, left fans in several cities fearing for the future of their teams. The Montreal Expos, with a recent history of poor play and even poorer attendance, seemed an obvious choice. Canada's only other big league franchise, the Toronto Blue Jays, had voted in favor of the commissioner's proposal but seemed as likely a candidate as either of the teams targeted by owners. This book examines the 2002 season of the Expos and the Blue Jays, setting events against the backdrop of a long-nurtured urban rivalry between Montreal and Toronto. Chapters cover the summer of 2002 month-by-month, supplementing on- and off-field events with a wealth of historical background and showing how competition placed the Expos and Blue Jays as well as their two host cities on permanently divergent paths.

A Great Reckoning Louise Penny, 2016-08-30 The next novel in Louise Penny's #1 New York Times bestselling series featuring Chief Inspector Armand Gamache.

My Turn at Bat Claude Brochu, 2002-05 After 32 years, Montreal will soon lose its professional baseball team. The former president of the Expos explains how the team went from being one of major league baseball's most promising franchises to becoming a financial pariah, barely escaping extinction at the end of the 2001 season and now facing demise in 2002. This history of the team's troubled existence covers years of gradually declining revenue and attendance, the sale of the team to a consortium of business leaders in 1991, and the league's ongoing debate over eliminating the Expos once and for all.

Mega-Events and Legacies in Post-Metropolitan Spaces Stefano Di Vita, Corinna Morandi, 2017-11-29 This book offers new perspectives through which to observe and interpret mega-events. Using the specific case studies of World's Fairs, Di Vita and Morandi present a report of the Milan Expo 2015 and its trans-scalar legacies. While the event and post-event have been affected by the world crisis, the locations of exhibition areas have greatly expanded,

encompassing regional as well as post-metropolitan spaces. The two main aims of comparing Milan to previous expos such as Lisbon 1998, Zaragoza 2008 and Shanghai 2010, were to demonstrate the contribution of the 2015 World’s Fair to the urban innovation process and to the debate surrounding a new urban agenda; as well as to examine empirically and theoretically the international discussion regarding the growth of regional and macro-regional scales of contemporary cities in order to offer suggestions for future urban agendas through mega-events. This book will be of great value to students, researchers and policy makers in the area of urban planning and the urban studies more broadly, geography and spatial politics.

Flying Cars, Zombie Dogs, and Robot Overlords Charles Pappas,2017-11-01 Every time you chew a stick of Juicy Fruit, eat a hamburger, slip on a nylon, plug your phone into a wall socket, flick on a TV, withdraw money from an ATM, lick an ice-cream cone, switch on a computer, ride an escalator, play a DVR, watch a movie about dinosaurs, or pop a tranquilizer, you’re doing something that originated at a world’s fair or trade expo. In fact, each new technology and every novel product that rocked America and rolled the world, from the Colt revolver and the Corvette to fax machines and flush toilets, started at trade fairs, a \$100 billion industry that includes world expos, trade shows, and state fairs. More than just promoting material things, however, trade fairs popularized and evangelized every social movement and cultural concept, too, including Manifest Destiny, the closing of the frontier, Nudism, Nazism, Fascism, eugenics, female suffrage, temperance, and technocracy. While there have been notable works on world’s fairs by Robert Rydell, Erik Larsen, Erik Mattie, and others, they only capture a fragment of the whole mosaic of these shows—a mosaic that makes the glitziest Las Vegas spectacle look like an Amish barn-raising. This amusing book covers, for example, the World’s Fair that featured a nudist colony (1935); Salvador Dali’s half-naked lobster women, their virtue barely secured by well-placed crustaceans (1939); a model of the Liberty Bell made of Oranges (1893); one of Thomas Edison’s lesser-known inventions, the prefabricated concrete home (1907); and the Bayer Company’s experiment with selling heroin. More memorable and culturally iconic debuts discussed here include electricity, radios, the Volkswagen and the Corvette, television, the X-ray machine, air conditioning, and even nylon stockings. Dozens of short, illustrated chapters take the reader through over 150 years of world and trade fairs, from the vibrators displayed by sexual health advocates at the 1900 World’s Fair to the first true IMAX film at Expo ’70 in Japan.

The History of the Montreal Expos Michael E. Goodman,1998-08 Highlights the key personalities and memorable games in the history of the team that has played in Montreal since 1969.

Beauty Expos Are Murder Libby Klein,2021-06-29 Gluten-free baker Poppy McAllister is about to see the ugly side of beauty expos . . . Easter weekend on the Jersey Shore is hopping. Poppy’s Bed and Breakfast is busier than ever, but she needs to leave things in the hopefully capable hands of Aunt Ginny—and paws of Figaro the black smoke Persian. She’s selling her paleo muffins and keto cookies at the Health and Beauty Expo in Cape May’s Convention Hall. Normally sharing a booth with the love of her life would be a treat, but she’s recently discovered secrets that throw her new romance into chaos. But more secrets are about to be exposed at the expo. In his keynote address, prominent cosmetic surgeon Dr. Lance Rubin reveals his breakthrough anti-aging technology. Unfortunately, someone has one-upped him with a truly foolproof anti-aging formula: murder. With the plastic surgeon dead under his own UV mask, and bedlam reigning in the hall and back at the B&B, Poppy needs to follow a twisted trail marked by glowing footprints to unmask a killer . . . Includes Seven Recipes from Poppy’s Kitchen! “Fans of Chopped will have fun juggling the complicated set of suspects and following a romantic triangle that has yet to be resolved.” –Kirkus Reviews on Restaurant Weeks Are Murder
