Fixing PowerPoint Annoyances Echo Swinford,2006-02-17 If you're vexed and perplexed by PowerPoint, pick up a copy of Fixing PowerPoint Annoyances. This funny, and often opinionated, guide is chock full of tools and techniques for eliminating all the problems that drive audiences and presenters crazy. There's nothing more discouraging than an unresponsive audience--or worse, one that snickers at your slides. And there's nothing more maddening than technical glitches that turn your carefully planned slide show into a car wreck. Envious when you see other presenters effectively use nifty features that you've never been able to get to work right? Suffer no more! Fixing PowerPoint Annoyances by Microsoft PowerPoint MVP Echo Swinford rides to the rescue. Microsoft PowerPoint is the most popular presentation software on the planet, with an estimated 30 million presentations given each day. So no matter how frustrated you get, you're not about to chuck the program in the Recycle Bin. Fixing PowerPoint Annoyances, presents smart solutions to a variety of all-too-familiar, real-world annoyances. The book is divided into big categories, with annoyances grouped by topic. You can read it cover to cover or simply jump to the chapter or section most relevant to you. Inside its pages you'll learn how to create your own templates, work with multiple masters and slide layouts, and take advantage of various alignment and formatting tools. You'll also learn how to import Excel data; insert graphics, PDF, and Word content; create, edit, and format organization charts and diagrams; use action settings and hyperlinks to jump to other slides; and add sound, video, and other types of multimedia to spark up your presentations. Entertaining and informative, Fixing PowerPoint Annoyances is filled with humorous illustrations and packed with sidebars, tips, and tricks, as well as links to cool resources on the Web.

Windows XP Power Hound Preston Gralla,2004-09-30 Demonstrates ways to improve the operating system's features, covering such topics as files and folders, utilities, Internet security, registry, and speeding up the system.

The Lady Rogue Jenn Bennett,2019-09-03 “A swashbuckling adventure.” —Booklist “A rollicking Indiana Jones flick with a female lead.” —BCCB The Last Magician meets A Gentleman’s Guide to Vice and Virtue in this thrilling, “breathless” (Kirkus Reviews) tale filled with magic and set in the mysterious Carpathian Mountains where a girl must hunt down Vlad the Impaler’s cursed ring in order to save her father. Some legends never die... Traveling with her treasure-hunting father has always been a dream for Theodora. She’s read every book in his library, has an impressive knowledge of the world’s most sought-after relics, and has all the ambition in the world. What she doesn’t have is her father’s permission. That honor goes to her father’s nineteen-year-old protégé—and once-upon-a-time love of Theodora’s life—Huck Gallagher, while Theodora is left to sit alone in her hotel in Istanbul. Until Huck returns from an expedition without her father and enlists Theodora’s help in rescuing him. Armed with her father’s travel journal, the reluctant duo learns that her father had been digging up information on a legendary and magical ring that once belonged to Vlad the Impaler—more widely known as Dracula—and that it just might be the key to finding him. Journeying into Romania, Theodora and Huck embark on a captivating adventure through Gothic villages and dark castles in the misty Carpathian Mountains to recover the notorious ring. But they aren’t the only ones who are searching for it. A secretive and dangerous occult society with a powerful link to Vlad the Impaler himself is hunting for it, too. And they will go to any lengths—including murder—to possess it.

Windows Registry Forensics Harlan Carvey,2011-01-03 Windows Registry Forensics provides the background of the Windows Registry to help develop an understanding of the binary structure of Registry hive files. Approaches to live response and analysis are included, and tools and techniques for postmortem analysis are discussed at length. Tools and techniques are presented that take the student and analyst beyond the current use of viewers and into real analysis of data contained in the Registry, demonstrating the forensic value of the Registry. Named a 2011 Best Digital Forensics Book by InfoSec Reviews, this book is packed with real-world examples using freely available open source tools. It also includes case studies and a CD containing code and author-created tools discussed in the book. This book will appeal to computer forensic and incident response professionals, including federal government and commercial/private sector contractors, consultants, etc. Named a 2011 Best Digital Forensics Book by InfoSec Reviews Packed with real-world examples using freely available open source tools Deep explanation and understanding of the Windows Registry – the most difficult part of Windows to analyze forensically Includes a CD containing code and author-created tools discussed in the book

Managing Cover Crops Profitably (3rd Ed.) Andy Clark,2008-07 Cover crops slow erosion, improve soil, smother weeds, enhance nutrient and moisture availability, help control many pests and bring a host of other benefits to your farm. At the same time, they can reduce costs, increase profits and even create new sources of income. You’ll reap dividends on your cover crop investments for years, since their benefits accumulate over the long term. This book will help you find which ones are right for you. Captures farmer and other research results from the past ten years. The authors verified the info. from the 2nd ed., added new results and updated farmer profiles and research data, and added 2 chap. Includes maps and charts, detailed narratives about individual cover crop species, and chap. about aspects of cover cropping.

Teach Yourself VISUALLY LinkedIn Lance Whitney,2014-07-22 A complete visual guide to the world's largest professional network Teach Yourself VISUALLY LinkedIn is your guide to becoming a part of the world's largest professional network, with over 259 million users across 200 countries and territories. Using full-color screen shots, this visually rich guide provides step-by-step instructions that show you how to get the most out of the myriad tools and features LinkedIn has to offer. The book is organized for quick, easy navigation, and written in clear, concise language that allows you to get up to speed quickly. LinkedIn has become the premier destination both for those seeking employment, and those looking to employ others. A professional take on social media, the site allows users to post resume-like profiles and network with others in their fields, connecting with past, present, and potentially future colleagues. LinkedIn is growing at a rate of two users per second, making it a major hub and networking tool for those looking to establish, maintain, or grow a professional network. This guide discusses the purpose and benefits

of LinkedIn, and shows you how to set up a professional profile that will stand out from the crowd. Topics include: Setting up your account Adding endorsements and recommendations Networking with colleagues Posting status updates Showing off your strengths, talents, and accomplishments is an important part of networking, and interacting with others in your industry is an excellent way to get your name out there and make new contacts. LinkedIn facilitates both, allowing you to broaden your reach without leaving your desk. Teach Yourself VISUALLY LinkedIn helps you get on board today.

Hollywood Gothic David J. Skal,2004-10-18 The primal image of the black-caped vampire Dracula has become an indelible fixture of the modern imagination. It's recognition factor rivals, in its own perverse way, the familiarity of Santa Claus. Most of us can recite without prompting the salient characteristics of the vampire: sleeping by day in its coffin, rising at dusk to feed on the blood of the living; the ability to shapeshift into a bat, wolf, or mist; a mortal vulnerability to a wooden stake through the heart or a shaft of sunlight. In this critically acclaimed excursion through the life of a cultural icon, David Skal maps out the archetypal vampire's relentless trajectory from Victorian literary oddity to movie idol to cultural commodity, digging through the populist veneer to reveal what the prince of darkness says about us all.

Blink Malcolm Gladwell,2007-04-03 From the #1 bestselling author of The Bomber Mafia, the landmark book that has revolutionized the way we understand leadership and decision making. In his breakthrough bestseller The Tipping Point, Malcolm Gladwell redefined how we understand the world around us. Now, in Blink, he revolutionizes the way we understand the world within. Blink is a book about how we think without thinking, about choices that seem to be made in an instant--in the blink of an eye--that actually aren't as simple as they seem. Why are some people brilliant decision makers, while others are consistently inept? Why do some people follow their instincts and win, while others end up stumbling into error? How do our brains really work--in the office, in the classroom, in the kitchen, and in the bedroom? And why are the best decisions often those that are impossible to explain to others? In Blink we meet the psychologist who has learned to predict whether a marriage will last, based on a few minutes of observing a couple; the tennis coach who knows when a player will double-fault before the racket even makes contact with the ball; the antiquities experts who recognize a fake at a glance. Here, too, are great failures of blink: the election of Warren Harding; New Coke; and the shooting of Amadou Diallo by police. Blink reveals that great decision makers aren't those who process the most information or spend the most time deliberating, but those who have perfected the art of thin-slicing--filtering the very few factors that matter from an overwhelming number of variables.

Annual Year Book ,1948

Black Dahlia, Red Rose Piu Eatwell,2017-09-28 ***** A TIMES 'BOOK OF THE YEAR' ***** ***Shortlisted for the CWA Dagger for non-fiction*** 'A magnificent, meticulous and startling re-examination of a crime that haunts the world's imagination' Geoffrey Wansell, author of An Evil Love: The Life of Frederick West 'Eatwell writes brilliantly . . . [she] has finally offered [Elizabeth] Short a type of belated justice. Her book reads like a thriller' Sunday Times 'A compelling read, in both style and substance . . . A must-read for anyone with an interest in the Black Dahlia - or indeed any fan of the true-crime genre' Rod Reynolds, author of The Dark Inside 'Compulsively readable, impeccably researched and heart-rending at times . . . Superb' Sarah Lotz, author of The Three and The White Road ***** On 15th January 1947, the naked, dismembered body of a black-haired beauty, Elizabeth Short, was discovered lying next to a pavement in a Hollywood suburb. She was quickly nicknamed The Black Dahlia. The homicide inquiry that followed consumed Los Angeles for years and the authorities blew millions of dollars of resources on an investigation that threw up dozens of suspects. But it never was solved. Until now. In this ground-breaking book, Piu Eatwell reveals compelling forensic and eye witness evidence for the first time, which finally points to the identity of the murderer. The case was immortalised in James Ellroy's famous novel based on the case, in Kenneth Anger's Hollywood Babylon and Brian de Palma's movie The Black Dahlia. This is a dark tale of sex, manipulation, obsession, psychopathy and one of the biggest police cover ups in history.

Blacklight Blue Peter May,2017-04-04 Former forensics expert and current Toulouse professor Enzo Macleod is forced to take a break from his personal and professional pursuits when he is diagnosed with a terminal illness. Worse, though, it seems he has become the victim of someone who is trying to destroy his life--by ruining his credit, threatening him and his family, and finally framing him for murder. With no choice but to fight back, Macleod stashes his family in a safe house and sets to work. Increasingly convinced that the cold case he's investigating is connected to his persecution, Macleod tries to connect the dots before it's too late to save his life and the lives of his loved ones . . .

The Making of Tomb Raider Daryl Baxter,2021-12-20 Back in 1994 at the game company 'CORE Design' in Derby, Lara Croft was born. Through eighteen months of pure hard work from the team, Tomb Raider was released in 1996 and became the success that we see today; taking part in the mid-nineties celebrations of Brit-Pop and Girl Power. This is the story of the team who were involved in creating the first two games, then leaving the series to a new team in 1998. Lara Croft brought class, comedy, and a James Bondian role to the game, dreamt up by Toby Gard and helped to become a pitch with Paul Douglas. The game was a gamble, but because everyone at the company believed in it, it led to huge success for everyone, except for Toby and Paul. 'The Making of Tomb Raider' goes into detail of how Lara and the games were born, alongside why Toby Gard and Paul Douglas left before the sequel was released. Throughout eleven chapters of countless interviews, this book will tell you who was responsible for creating the first two games; from its levels, its music, the many voices of Lara Croft, and much more. The team also reveals all about the star of the second game; Winston the Butler, and how he came to be by Joss Charnet. Over twenty people were interviewed for this story; from the pitch for what would be Tomb Raider, alongside the challenges along the way, up until the release of Tomb Raider 2 in 1997...

Rtfm Ben Clark,2014-02-11 The Red Team Field Manual (RTFM) is a no fluff, but thorough reference guide for serious Red Team members who routinely find themselves on a mission without Google or the time to scan through a man page. The RTFM contains the basic syntax for commonly used Linux and Windows command line tools, but it also encapsulates unique use cases for powerful tools such as Python and Windows PowerShell. The RTFM will repeatedly save you time looking up the hard to remember Windows nuances such as Windows wmic and dsquery command line tools, key registry values, scheduled tasks syntax, startup locations and Windows scripting. More importantly, it should teach you some new red team techniques.

Sony CLIE For Dummies Denny Atkin,2004-06-28 Shows users how to make the most of Sony's popular Palm OS PDA,the CLIE Sony holds the second largest share of the U.S. PDA market-12.1percent Guides new and intermediate users through the all the latestCLIE features and functions, from using Graffiti and working withMicrosoft Office and PDF files to scheduling appointments, checkinge-mail, and beaming data Covers cool multimedia features such as taking digital photos,producing slide shows, recording and watching movies, transferringmusic, and creating reminders using the built-in voicerecorder Written in a friendly, accessible style by PDA guru DennyAtkin, Editorial Director of Handheld Computingmagazine

Pattern Recognition William Gibson,2004-06-24 'Part-detective story, part-cultural snapshot . . . all bound by Gibson's pin-sharp prose' Arena ----- THE FIRST NOVEL IN THE BLUE ANT TRILIOGY - READ ZERO HISTORY AND SPOOK COUNTRY FOR MORE Cayce Pollard has a new job. She's been offered a special project: track down the makers of an addictive online film that's lighting up the internet. Hunting the source will take her to Tokyo and Moscow and put her in the sights of Japanese hackers and Russian Mafia. She's up against those who want to control the film, to own it - who figure breaking the law is just another business strategy. The kind of people who relish turning the hunter into the hunted . . . A gripping spy thriller by William Gibson, bestselling author of Neuromancer. Part prophesy, part satire, Pattern Recognition skewers the absurdity of modern life with the lightest and most engaging of touches. Readers of Neal Stephenson, Ray Bradbury and Iain M. Banks won't be able to put this book down. ----- 'Fast, witty and cleverly politicized' Guardian 'A big novel, full of bold ideas . . . races along like an expert thriller' GQ 'Dangerously hip. Its dialogue and characterization will amaze you. A wonderfully detailed, reckless journey of espionage and lies' USA Today 'A compelling, humane story with a sympathetic heroine searching for meaning and consolation in a post-everything world' Daily Telegraph 'Electric, profound. Gibson's descriptions of Tokyo, Russia and London are surreally spot-on' Financial Times

Express Rip Free Cd Ripper Introduction

In the digital age, access to information has become easier than ever before. The ability to download Express Rip Free Cd Ripper has revolutionized

the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Express Rip Free Cd Ripper has opened up a world of possibilities. Downloading Express Rip Free Cd Ripper provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Express Rip Free Cd Ripper has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Express Rip Free Cd Ripper. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Express Rip Free Cd Ripper. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Express Rip Free Cd Ripper, users should also consider the potential security risks

associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Express Rip Free Cd Ripper has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Express Rip Free Cd Ripper Books

1. Where can I buy Express Rip Free Cd Ripper books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
