Passive Income Mark Thomas, 2016-05-14 Discover The Proven 10 Methods to Make Over 10k a Month in 90 Days! Achieve Financial Freedom and Live The Life Of Your Dreams Today! Do you envy the business people who constantly talk about how they have all the time in the world to go on vacation, and that they can afford these luxurious vacations? Have you often wondered how they did it? If you ask them, you will most likely receive a vague answer that referred to some investments or passive income. But what is passive income? Ideally, passive income is income that is relatively regular and comes from a source that you put minimal effort into every month to earn. This can be things like stocks or bonds, or it can be something like an eBook you wrote. This type of income can bring you anywhere from a few dollars a month if you don't work hard at it in the beginning, for well over ten thousand dollars a month if you put some effort into it in the first few months. In this book, you're going to learn about ten different ways to make a passive income with very little investment when it comes to money. Once you earn some passive income off these methods, you can easily turn around and invest that money into other passive income methods that involve an initial investment. You see, it's a snowballing effect once you put in that initial effort! Here Is The Overview Of The

The Side Hustle Path: 10 Proven Ways to Make Money Outside of Your Day Job Nick

Loper, 2015-03-03 Earn Extra Cash The Side Hustle Path is for people who want or need to earn some extra money outside of their day jobs. Maybe you need a few extra dollars to make ends meet. Maybe you want to pay off debt. Maybe you want to save for a rainy day, or for your children's education. Maybe you just want to treat yourself to a nice vacation or a new car without feeling guilty about it. Maybe you're looking for a way out of the corporate world, an escape plan. That's the ultimate financial freedom, right? That's how I got started down this entrepreneurial path, and it's been the best choice I ever made. You're willing to work for it, because your future is worth working for. The challenge is time is limited, and you may not know where to start. There are a million and one ways to "make money online" and everyone wants to sell you their "proven system for Internet riches." It's hard to tell what's a scam and what's legit. Real-World Examples This book offers 10 real-world examples of how regular people just like you and me are earning side hustle income outside of traditional employment. Many have even turned these part-time ventures into full-time businesses, throwing off the shackles of their corporate overlords for good. And the cool thing is, there are no special technical skills or prerequisites to get started with any of the ideas presented. Most don't require any big scary upfront investment. Why Side Hustle? Build Skills Build Security Build Income Build Freedom My Story After college, I did what you're supposed to do: I got a job. The problem was almost immediately I found myself looking for a way out. It wasn't that I hated the work or my coworkers, but it just wasn't what I wanted to do with my life. The thought of spending my next 30 years there was terrifying. So evenings and weekends I turned my attention online. I'd been dabbling

with building rudimentary websites, learning online advertising channels, and even running my own small marketing campaigns for other company's products to test the waters. And that's what The Side Hustle Path is about; finding a low-risk way make more money. If you're looking for a get-rich-quick-scheme or the secret to overnight success, you won't find it here. But what you will find are 10 down-to-earth entrepreneurs who were once sitting in your same position. They felt the same fears and uncertainties, but took action anyway. What are you waiting for? Compounding Income Layne Lancefield, Staci Chamberlain, 2013-04-05 Whether you're an absolute beginner with zero programming skills or you already have knowledge of on-line income and you want to expand, then this book is for you. This will be the most exciting guide you have ever read, why? Because it will teach you exactly how to build your first ten income streams and then build the links that feed each other to increase your income. With each link being both a source of business and a referrer of business, the net effect of this Cross Collateralization is a Compounding Income and a business model where you only work on the business and never in it. This book has three important categories; 1.The theory- a behind the scenes look at online income 2.The method - a step-by-step how-to guide including the websites that'll need. 3.Actual ideas to help you along. To be truly passive,

the COMPOUNDING INCOME method builds the business of on-line income without ongoing work. It's a methodology where you don't mind putting in the work to start the business as long as you earn money from that business on an ongoing basis. The business that generated that money then refers buyers and thereby income to other legs of your on-line model that also refer business back, thereby creating an effective compounding income with zero risk and in most cases zero outlay. This self-sustaining on-line business model has no need for programming skills, employees or ongoing money to be spent supporting it. What it does require is a desire to succeed, an ability to hold onto a vision and the dedication to put time and effort into learning new ways of doing things. This book is an absolute step by step guide but you will still need to put in the time to learn so our recommendation is that you read through this book in full before you even sit at your computer, that way you'll have a great understanding of the overall concept of on-line income from multiple streams. You'll understand how to manage the various systems and programs that we will use, you'll understand why we link our projects and you'll see from the outset that the time you are about to put in will truly pay you a sustainable, reliable, ongoing income. The first layer of this book is a step by step guide for both beginners who have never built an on-line income as well as those more experienced to build new income streams. This first stage deals with the foundation, the building blocks that on their own will generate a passive and ongoing income. The next stage is to leverage off these building blocks to create 'spin-off' income. This is income that is not directly related to that particular business but is complementary to that income 'building block'. The third stage is to link all of these building blocks together in the same way that the veins in your body link all your muscles together by supplying oxygen rich blood to create a system that works in harmony. Each building block has its primary function to create an income, its secondary function is then to refer business to other building blocks

and receive business to supplement its own growth. Layne Lancefield and Staci Chamberlain are the authors of '5 passive income streams in five days' and '50 ways that people make extra money for additional income'. Built on the success of their previous books, 'Compounding Income' builds on the principle of online income that feeds and refers to your other online passive income streams to create a compounding (or in simple terms, a snowballing) effect that is multiplied by the power of the number of streams both feeding and being fed. If you have read '5 Income Streams in Five days', you'll understand Layne and Staci's devotion to the idea of Under Promise and Over Deliver where they taught many more than five income streams and Compounding Income will deliver many more than 10 income streams by the time you're finished. Each of these income streams can stand on their own but with links to each other they become powerful.
