Mothers of Enchantment Michelle Tang,Kelly Jarvis,Marshall Moore,Lynden Wade,Elise Forier Edie,Sonni de Soto,Vivica Reeves,Carter Lappin,Claire N. Thomas,Maxine Churchman,Kim Malinowski,Abi Marie Palmer,2022-04-19 We remember her best as the generous fairy who dresses Cinderella and handles transportation while she's at it. But that's just the most famous fairy godmother's tale. With a little imagination, you'll find that fairy godmothers and godfathers appear in many varied forms. The authors in this anthology have crafted new tales that re-imagine the fairy godmother and her role.A young fairy grapples with imposter syndrome as she takes up her new appointment as godmother. Immortal sisters bestow blessings and curses on princesses as a way to battle the patriarchal fairy godfathers. A struggling artist receives a godmother's help to impress at her high school reunion. Sparing the life of a moth leads to magical help from an unexpected protector.Retellings of Pinocchio, Rumpelstiltskin, Beauty and the Beast, and The Frog Prince show the magic of these stories in a whole new light. Infused with modern sensibilities but honoring the tradition of fairy tales, these dozen stories will enchant and inspire you.

Fairy Godmothers, Inc Jenniffer Wardell,2013 In a world where fairy tale situations are as much a fact of life as death and taxes, everyone knows hiring Fairy Godmothers, Inc. is the best way to assure that your beautiful daughter or enchanted frog of a grandson will get the happily-ever-after he or

she deserves. Sure, sometimes a little love potion is required to make sure those quotas stay up, but what Prince Charming doesn't know won't hurt him. Kate, an experienced Fairy Godmother, who's enough of a romantic to frustrate her rigidly rule-bound boss, has just received a specialty assignment from one of the company's board of directors. Cinderella—Rellie for short—was placed with an appropriately wicked stepfamily years before, and now needs the dress, ball, and handsome prince to complete her happily-ever-after. The fact that Rellie isn't sure this is her dream come true—balls are fun, but princes tend to be less interesting than fluffy bunnies—isn't something management considers a problem. Complicating things a bit is Jon, the youngest son of the royal family, who meets Kate, and is smitten, but isn't quite ready yet to reveal his true identity. After all, it's his older brother Rupert who's supposed to marry Rellie, which means pretending to be a lowly civil servant will give him the chance to spend more time with Kate. (As long as he can get the ball arranged, and stop Rupert from getting himself into trouble over his “self-actualization business, he should have the perfect opportunity to explain everything and get started on making a little magic with the Fairy Godmother of his dreams.) But, of course, things never ever happen as planned.

Hidden Joynell Schultz, 2017-10-20 Even being the best fairy godmother in all the land, Ciera's been hiding a secret. Not only is she pregnant, but she's magically pregnant with a human child. Humans are not allowed in the fairy realm. Period. That includes half-fairy half-human babies. The only solution is to give the baby to its father before the Fairy Council finds out her secret. Finding the father should be easy. How many men named John could possibly live in this place called Chicago?

Maven Fairy Godmother Charlotte Henley Babb, C. K. Volnek, 2013-04-08 Broke, busted and despairing over the mess her life has turned out to be, middle-aged Maven Morigan is offered a job as a fairy godmother, a one-time-only last chance to make something of herself and make the world a better place. Maven's idea of how to grant her clients' wishes presents more problems than she expects when she learns that the Veil that separates Faery from Mundane is on the verge of collapse, and her new boss isn't giving her all the facts about magic castles, dragons and trolls. But she has nowhere else to go, not even back to her old life in Mundane, until her friend and co-trainee wishes herself into a damsel in distress. Not knowing who to trust: her boss, her slithery familiar, or her own Bump of Direction, she has to rely on herself, her real world failures, and her sense of the absurd to

survive in this imaginary garden with real trolls to make her clients' happy endings happen.=====An Excerpt=====Again, for a few seconds, Maven lost all sensory information, suspended in dizzy darkness. Her ears popped, and she plopped back in the chair in the test room. Fiona removed the sensors, visor, and gloves without a word and turned back to the machine, which now looked like a pile of computer parts duct-taped to a crystal ball. Maven stretched her neck and arms. "Quite a setup you have there. Is that the product?" She stared, disoriented. She felt like she had run ten miles over wet sand. Fiona didn't answer, but moved slightly to keep Maven from seeing what she was doing. Tricks of the light made Fiona's hair pearly pink. "How does it work—biofeedback?" Maven wondered about street price of this rig. Did they need sales reps or beta-testers? Bump of Direction just sat there, drinking it all in, but not spitting any of it back. At least this interview had been fun. When Fiona turned around, her expression was one of controlled professionalism winning out over some other emotion, just covered at the last with a smile. The Bump did notice, but wasn't showing any cards yet. Raise and call. Fiona clasped Maven's hand and patted it. "You did very well for your first time with no training. Come into my office and let us discuss your duties. Can you start immediately?" Maven slowly took her hand back. "Yes, I'm available. What's the job?" "Fairy godmother, of course." Fiona smiled. "We make wishes come true." The hair on the back of Maven's neck stood at attention. The Bump hit red alert. She crossed her arms and set her feet flat on the floor, braced apart and unmovable. Finally, her adrenaline got through to her language center. "Do what? Fairy godmother? Are you for real?" Fiona's expression froze for a second, her smile drooping as it thawed out. "We do not use the word real in polite company, but as you use the word, yes, I am a real fairy godmother."
