For instance, learn how the Firefly Sprite (*Nympha scintilla*) uses bioluminescence to make their way through the bamboo forests of China and how the Himalayan Oread (*Nympha nipalensis*) hibernates in a snowy burrow through the winter, but descends to mountain meadows to feed on flower nectar in the summer. You'll also find out where and when to look for fairies, and signs of their presence. To play the game, arrange the cards face down on a table, then flip two over - do they show the same fairy species? If they do, you collect the pair. If not, try to remember where the different fairy species are located so you can make a match on your next turn. Put your memory skills to the test and learn about the diverse fairies of the world while you play. Gather more pairs than your opponent to win!
