📖 **A Taste of Progress** Nelleke Teughels,Peter Scholliers,2016-03-09 World exhibitions have been widely acknowledged as important sources for understanding the development of the modern consumer and urbanized society, yet whilst the function and purpose of architecture at these major events has been well-studied, the place of food has received very little attention. Food played a crucial part in the lived experience of the exhibitions: for visitors, who could acquaint themselves with the latest food innovations, exotic cuisines and ’traditional’ dishes; for officials attending lavish banquets; for the manufacturers who displayed their new culinary products; and for scientists who met to discuss the latest technologies in food hygiene. Food stood as a powerful semiotic device for communicating and maintaining conceptions of identity, history, traditions and progress, of inclusion and exclusion, making it a valuable tool for researching the construction of national or corporate sentiments. Combining recent developments in food studies and the history of major international exhibitions, this volume provides a refreshing alternative view of these international and intercultural spectacles.

📖 **UNMADE** Jerri O’Powell,2021-05-16 As the deep sea once gave rise to pirates, so also did deep space . The crew of The Twenty-Wun Stars is one such group of opportunistic souls. This exceptional group of serendipitous scoundrels find themselves under the leadership of Captain Jake Wade. The swaggering mojo at which this man moves thru life is literally infectious. Skirting the law where they can, looking for their next score to make payroll and trying to keep the ship online, is always the order of the day. UNMADE Many titles have laid out the lives of the past, present and future crew of the pirate ship The Twenty-Wun Stars. All of that has brought us here, where we get the formal introduction to Jake Jaimon Wade and his ascent to captain. In the middle of another firefight from a deal gone sideways, the crew of the Twenty-Wun Stars is aided by two ladies who are from 125 years in the future. In a mad scramble to escape a fight where they are outnumbered and outgunned the ship crashes out of hyperspace onto an undiscovered, isolated advanced steampunk planet. The two young ladies from the future are trying to find the woman who in their time has destroyed the CRW (Confederation of Republic Worlds), killed or enslaved billions and driven humanity to the brink of destruction. It is their hope to find her before her march down the path of war ever begins. Having reason to believe at some point she was a member of the crew of the Twenty-Wun Stars, their trek thru time has brought them on board the ship the day it crashes onto a steampunk world deeply steeped in superhero/super-villain culture. As fate would have it, the crew of the Twenty-Wun Stars fits right in with their unique array of gifts and talents. While the ship is being repaired and the two ladies search for the woman who destroys the future, run-ins with the local super powered elite up the stakes that threaten the crew, the ship, this new world and ultimately the CRW. Over three thousand years after the final battle over the soul of mankind, between God, Satan, and nefarious, destroys the earth, a new chapter begins. The resulting hyperspace blast from the earth’s destruction flings the last of humanity into the furthest reaches of space on their surviving starships. Over 300 years passes before these star cast seeds of mankind reclaim the stars, and begin to find each other. The first of the new worlds to find each other and reconnect old humanity on new worlds, would eventually form The Confederation of Republic Worlds. This union would be marked with the erection of the Jara Timekeeping Tower on Jara Prime, broadcasting a synced time throughout the known universe. This is the Jara Era.

Even to Kody and Steele. Princess Danvers--the prize. His wife. Archer D’Ath’s wife. I hate them. They lied to me. Over and over again. I knew they were lying, too, and I hate myself for letting it get this far. For falling for them despite what they did to me. For believing in the relationships I wanted so desperately to be real. Fake. It’s all fake. And none of them will let me go. Archer and his boys think they control me. My stalker wants to possess me. I’m not an idiot--I know my newest allies are using me, too. That’s fine. I’ll use all of them. I’ll use them to take back what’s mine. My life. My freedom. My name. No one owns Madison Kate Danvers.
