Cosmo: The Mighty Martian #2 Ian Flynn,2019-12-18 BRAND NEW SERIES! Our mighty hero Cosmo experiences a strange vision that could finally lead his team to victory against the vicious Venusian Queen Hesper... or spell peril for him and his friends!

Tinderbox James Andrew Miller,2021-11-23 Tinderbox tells the exclusive, explosive, uninhibited true story of HBO and how it burst onto the American scene and screen to detonate a revolution and transform our relationship with television forever. The Sopranos, Game of Thrones, Sex and the City, The Wire, Succession...HBO has long been the home of epic shows, as well as the source for brilliant new movies, news-making documentaries, and controversial sports journalism. By thinking big, trashing tired formulas, and killing off cliches long past their primes, HBO shook off the shackles of convention and led the way to a bolder world of content, opening the door to all that was new, original, and worthy of our attention. In Tinderbox, award-winning journalist James Andrew Miller uncovers a bottomless trove of secrets and surprises, revealing new conflicts, insights, and analysis. As he did to great acclaim with SNL in Live from New York; with ESPN in Those Guys Have All the Fun; and with talent agency CAA in Powerhouse, Miller continues his record of extraordinary access to the most important voices, this time speaking with talents ranging from Abrams (J. J.) to Zendaya, as well as every single living president of HBO—and hundreds of other major players. Over the course of more than 750 interviews with key sources, Miller reveals how fraught HBO's journey has been, capturing the drama and the comedy off-camera and inside boardrooms as HBO created and mobilized a daring new content universe, and, in doing so, reshaped storytelling and upended our entertainment lives forever.

Pizza Czar Anthony Falco,2021-05-18 In his comprehensive first book, legendary pizza czar Anthony Falco teaches you everything you need to know to make pizza wherever you are, drawing from his singular experience opening pizzerias around the globe If there's one thing the entire world can agree on, it's pizza. It just might be the world's favorite food. In every climate, in every region, in every kind of kitchen, there's pizza to be had, infused with local flavor. In this definitive book, filled with hacks, tips, and secret techniques never before shared, International Pizza Consultant Anthony Falco brings the world of pizza to your kitchen, wherever you are. After eight years at the famous Brooklyn restaurant Roberta's, culminating with his position as Pizza Czar, Falco pivoted from the New York City food scene to the world, traveling to Brazil, Colombia, Kuwait, Panama, Canada, Japan, India, Thailand, and all across the United States. His mission? To discover the secrets and spread the gospel of making the world's favorite food better. Now the planet's leading expert pizza consultant, he can make great pizza 8,000 feet above sea level in Bogotá or in subtropical India, and he can certainly help you do it at home. An exhaustive resource for absolutely any pizza cook, teaching mastery of the classics and tricks of the trade as well as completely unique takes on styles and recipes from around the globe, Pizza Czar is here to help you make world-class pizza from anywhere on the map. Important Note: For a correction to the extra-virgin olive oil quantity in the recipe for Thin & Crispy Dough on page 57, and for instructions on using this book without a sourdough starter, see <https://www.abramsbooks.com/errata/craft-errata-pizza-czar/> For corrections to the recipes for Thin & Crispy Dough on page 57 and Garlic, Caramelized Onion, Anchovy, and Breadcrumb Sicilian Pizza page 124, and for instructions on using this book without a sourdough starter, see <https://www.abramsbooks.com/errata/craft-errata-pizza-czar/>

The Law of Chaos Jeff Gardiner,2015-09-01 "This new book, the latest Moorcockian meteorite to flash across the heavens, is a timely reminder of the scope, depth, heart and magnificence of an author with numerous readers, bright-eyed fans, global correspondents, but far less mainstream acknowledgement than he deserves. The glory of the work, in its astonishing reach and range, is that it can be freshly excavated by every rising generation." Iain Sinclair From Jerry Cornelius and the Eternal Champion fantasies to Pyat and more recent novels, The Law of Chaos is an entertaining and accessible reader's guide that explores the life and achievements of Michael Moorcock, one of modern literature's most influential figures. All Moorcock's works are examined and discussed in detail from early fantasies to his later philosophical novels. With an introduction and other material by Moorcock himself, The Law of Chaos travels the moonbeam roads through the enigmatic multiverse of a celebrated literary icon.

Ready Player One Ernest Cline,2011-08-16 #1 NEW YORK TIMES BESTSELLER • Now a major motion picture directed by Steven Spielberg. "Enchanting . . . Willy Wonka meets The Matrix."—USA Today • "As one adventure leads expertly to the next, time simply evaporates."—Entertainment Weekly A world at stake. A quest for the ultimate prize. Are you ready? In the year 2045, reality is an ugly place. The only time Wade Watts really feels alive is when he's jacked into the OASIS, a vast virtual world where most of humanity spends their days. When the eccentric creator of the OASIS dies, he leaves behind a series of fiendish puzzles, based on his obsession with the pop culture of decades past. Whoever is first to solve them will inherit his vast fortune—and control of the OASIS itself. Then Wade cracks the first clue. Suddenly he's beset by rivals who'll kill to take this prize. The race is on—and the only way to survive is to win. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY Entertainment Weekly • San Francisco Chronicle • Village Voice • Chicago Sun-Times • i09 • The AV Club "Delightful . . . the grown-up's Harry Potter."—HuffPost "An addictive read . . . part intergalactic scavenger hunt, part romance, and all heart."—CNN "A most excellent ride . . . Cline stuffs his novel with a cornucopia of pop culture, as if to wink to the reader."—Boston Globe "Ridiculously fun and large-hearted . . . Cline is that rare writer who can translate his own dorky enthusiasms into prose that's both hilarious and compassionate."—NPR "[A] fantastic page-turner . . . starts out like a simple bit of fun and winds up feeling like a rich and plausible picture of future friendships in a world not too distant from our own."—i09

Eiji Tsuburaya: Master of Monsters August Ragone,2007-11 Behind-the-scenes hero to anyone who's thrilled by giant monsters duking it out over Tokyo, Eiji Tsuburaya was the visual effects mastermind behind Godzilla, Ultraman, and numerous Japanese science fiction movies and TV shows beloved around the world. The first book on this legendary film figure in English, this highly visual biography details his fascinating life and career, featuring hundreds of film stills, posters, concept art, and delightful on-set photos of Tsuburaya prompting monsters to crush landmark buildings. A must-have for fans, this towering tribute also features profiles of

Tsuburaya's film collaborators, details on his key films and shows (most available on DVD), and features on the enduring popularity of the characters he helped create.

Channelling Mobilities Valeska Huber,2013-08-01 The history of globalisation is usually told as a history of shortening distances and acceleration of the flows of people, goods and ideas. Channelling Mobilities refines this picture by looking at a wide variety of mobile people passing through the region of the Suez Canal, a global shortcut opened in 1869. As an empirical contribution to global history, the book asks how the passage between Europe and Asia and Africa was perceived, staged and controlled from the opening of the Canal to the First World War, arguing that this period was neither an era of unhampered acceleration, nor one of hardening borders and increasing controls. Instead, it was characterised by the channelling of mobilities through the differentiation, regulation and bureaucratisation of movement. Telling the stories of tourists, troops, workers, pilgrims, stowaways, caravans, dhow skippers and others, the book reveals the complicated entanglements of empires, internationalist initiatives and private companies.

Alchemy Titus Burckhardt,1997 Spiritual attainment has frequently been described as a transformation whereby a human's leaden, dull nature is returned to its golden state. This wonderfully insightful volume introduces some of the metaphors useful for establishing attitudes required for the soul's advancement: trust, confidence, hope, and detachment. It is a reminder that when any substance or entity undergoes dissolution, it must eventually be resolved or re-crystalized in a new, possibly higher and more noble form.

The First Philosophers Robin Waterfield,2009-03-26 These first philosophers paved the way for the work of Plato and Aristotle - and hence for the whole of Western thought. This is a unique and invaluable collection of the works of the Presocratics and the Sophists. Waterfield brings together the works of these early thinkers with brilliant new translation and exceptional commentary. This is the ideal anthology for the student of this increasingly appreciated field of classical philosophy.

Staying with the Trouble Donna J. Haraway,2016-08-19 In the midst of spiraling ecological devastation, multispecies feminist theorist Donna J. Haraway offers provocative new ways to reconfigure our relations to the earth and all its inhabitants. She eschews referring to our current epoch as the Anthropocene, preferring to conceptualize it as what she calls the Chthulucene, as it more aptly and fully describes our epoch as one in which the human and nonhuman are inextricably linked in tentacular practices. The Chthulucene, Haraway explains, requires sym-poiesis, or making-with, rather than auto-poiesis, or self-making. Learning to stay with the trouble of living and dying together on a damaged earth will prove more conducive to the kind of thinking that would provide the means to building more livable futures. Theoretically and methodologically driven by the signifier SF—string figures, science fact, science fiction, speculative feminism, speculative fabulation, so far—Staying with the Trouble further cements Haraway's reputation as one of the most daring and original thinkers of our time.

Handbook for Travellers in Northern Italy ... Thirteenth Edition [of the Work Originally Written by Sir Francis Palgrave]. Carefully Revised, Etc. [The Editor's Preface Signed: J. Y. J.] John Murray (Firm),1874

Sweet Smell of Success Ernest Lehman,2000-03-31 The screenwriter behind North by Northwest and Who's Afraid of Virginia Woolf? skewers show business in these fifteen tales. In Sweet Smell of Success, the main novelette of this collection,Lehman scathingly depicts the dark side of success through the twisted relationship of Sid Wallace, an ambitious publicist, and Harvey Hunsucker, a powerful and vindictive gossip columnist, fashioned after Walter Winchell. As scandals are manufactured and reputations ruined for sport, the story spirals downward toward one last, savage act of revenge. As brutally honest as Nathanael West's The Day of the Locust, Sweet Smell of Success is one of the most enduring and provocative stories in the literature of show business. In The Comedian, one of America's most beloved funny men is about to become a television superstar, but a large banana peel awaits him. Meanwhile, the remaining stories dissect the entertainment industry in a way that only Lehman could do . . . Both Sweet Smell of Success and The Comedian were adapted for film. Sweet Smell of Success was a 1957 film starring Burt Lancaster and Tony Curtis, while The Comedian was a TV movie starring Mickey Rooney and Edmund O'Brien. "Sweet Smell of Success is a corrosive valentine to New York, embracing its energy and its clashing ambitions." —Sam Kashner, Vanity Fair "Siddown. Listen to these. They are not Lindy's cheesecake or long on kisses and schmaltz. But if you like prose pale as a shark's belly, they do just fine." —Kirkus Reviews

The Writers Directory ,2013

Scott of the Antarctic David Crane,2007-11-06 Historian David Crane, with full access to the explorer's papers, diaries, and expedition records, gives us an illuminating portrait of Robert Falcon Scott that is more nuanced and balanced than any we have had before. In reassessing Scott's life, Crane is able to provide a fresh perspective on not only the Discovery expedition of 1901–4 and the Terra Nova expedition of 1910–13, but his remarkable scientific achievements and the challenges of his tumultuous private life. Neither foolhardy dilettante, nor the last romantic champion of his age, Scott is presented as a man of indomitable courage and questionable judgment. The result is an absolutely compelling portrait of a complicated hero.

Lou Scheimer Andy Mangels,Lou Scheimer,2012-01-10 Hailed as one of the father's of Saturday morning television, Lou Scheimer was the co-founder of Filmation Studios, which for over 25 years provided animated excitement for TV and film. Always at the forefront, Scheimer's company created the first DC cartoons with Superman, Batman, and Aquaman, and ruled the song charts with The Archies.

Gre Vocab Capacity Vince Kotchian,Brian McElroy,2012-06-12 2015 version published on 12/29/14. Need a good way to remember that the word prodigal means wasteful? Just think ofprada gal - a girl who spends all of her money on designer clothes. Brian McElroy (Harvard, '02) and Vince Kotchian (Boston College, '97), two of San Diego's most sought after test-prep tutors, provide a series of clever, unconventional, and funny memory devices aimed toward helping you to improve your vocabulary and remember words long-term so that you don't ever forget their meanings. Brian and Vince, combined, have been tutoring the test for over 20 years. They have analyzed all available official GRE tests to select the words that appear in this book. The vocabulary words in this book are best suited for students at a 9th-grade level or above. The words in this edition are specifically targeted toward the GRE exam, but they are also helpful for students who are preparing for other standardized tests such as the SAT, ACT, ISEE, SSAT, GMAT, LSAT or MCAT, or anyone at any age who simply wants to improve his/her knowledge of English vocabulary.

Disclaimer: a few of our mnemonics might not be appropriate for kids – some contain adult language or situations. Over 950 of the words in this book appear in our other mnemonics book, SAT Vocab Capacity. So if you're easily offended, the SAT version might be a better choice. Why This Book Is Different If you're studying for the GRE, SAT, or for any other standardized test that measures your vocabulary, you may be feeling a little bit anxious – especially if you've taken a practice test and encountered words you didn't know (or maybe never even saw before)! Whether you have seven days or seven months to prepare for the test, you're going to want to boost your vocabulary. But it's not that simple – you've got to remember the words you learn. And on many GRE text completion and sentence equivalence questions, getting the right answer comes down to knowing the precise definition of the words. You could make vocabulary flashcards. You could look up words you don't know. You could read a book with lots of big words. But unless you give your brain a way to hold on to the words you learn, it will probably have a harder time remembering them when they appear on the test. That's the problem with most vocabulary books: the definitions and sentences in the books aren't especially memorable. That's where this book is different. We've not only clearly defined the words but we've also created sentences designed to help you remember the words through a variety of associations - using mnemonics. Mnemonic Examples A mnemonic is just a memory device. It works by creating a link in your brain to something else, so that recall of one thing helps recall of the other. This can be done in many ways – but the strongest links are through senses, emotions, rhymes, and patterns. Consider this example: Quash (verb): to completely stop from happening. Think: squash. The best way to quash an invasion of ants in your kitchen is simple: squash them. Now your brain has a link from the word quash (which it may not have known) to the word squash (which it probably knows). Both words sound and look the same, so it's easy to create a visual and aural link. If you picture someone squashing ants (and maybe get grossed out), you also have another visual link and an emotional link. Here's another example: Eschew (verb): to avoid. Think: ah-choo! Eschew people who say ah-choo! unless you want to catch their colds. The word eschew sounds similar to a sneeze (ah-choo!), so your brain will now link the two sounds. If you picture yourself avoiding someone who is about to sneeze in your face, even better! Again, the more connections you make in your brain to the new word, the

The Last Last-Day-Of-Summer Lamar Giles, 2019-04-02 The Hardy Boys meets The Phantom Tollbooth, in the new century! When two adventurous cousins accidentally extend the last day of summer by freezing time, they find the secrets hidden between the unmoving seconds, minutes, and hours are not the endless fun they expected.

Ancient Terracottas from South Italy and Sicily in the J. Paul Getty Museum Maria Lucia Ferruzza, 2016-01-25 In the ancient world, terracotta sculpture was ubiquitous. Readily available and economical—unlike stone suitable for carving—clay allowed artisans to craft figures of remarkable variety and expressiveness. Terracottas from South Italy and Sicily attest to the prolific coroplastic workshops that supplied sacred and decorative images for sanctuaries, settlements, and cemeteries. Sixty terracottas are investigated here by noted scholar Maria Lucia Ferruzza, comprising a selection of significant types from the Getty's larger collection—life-size sculptures, statuettes, heads and busts, altars, and decorative appliqués. In addition to the comprehensive catalogue entries, the publication includes a guide to the full collection of over one thousand other figurines and molds from the region by Getty curator of antiquities Claire L. Lyons. The free online edition of this open-access catalogue, available at www.getty.edu/publications/terracottas/ includes zoomable high-resolution photography and a select number of 360° rotations; the ability to filter the catalogue by location, typology, and date; and an interactive map drawn from the Ancient World Mapping Center and linked to the Getty's Thesaurus of Geographic Names and Pleiades. Also available are free PDF, EPUB, and Kindle/MOBI downloads of the book; CSV and JSON downloads of the object data from the catalogue and the accompanying Guide to the Collection; and JPG and PPT downloads of the main catalogue images.
