Fantasy Football James Buckley (Jr.),2016 Raise your hand if your favorite team is your fantasy football squad. In recent years, few developments have had as big an impact on football as the rise of fantasy sports. Weekly players number in the millions. A daily version of the game is causing controversy (and making millions!). Fans, players, reporters, and more all watch NFL games in a very different way than before. Here's an inside look at the phenomenon of fantasy football, written by a longtime NFL expert on the topic and former editor of the NFL.com Fantasy Football Preview. Professional football is clearly the most popular and successful sports league in American history. Rather than focus on the star players or big games, this series takes a broader, deeper look at the sport off the field. The insider experience of the authors reveals the secrets that make the NFL No. 1. Just because you know who won the Super Bowl doesn't mean you know ALL ABOUT PROFESSIONAL FOOTBALL. The National Football League is by far Americas most popular and successful sports league. Fans know who won the Super Bowl and who the top players are, but do they know how the league is run? How games get on TV? How the draft works? This series, written by longtime pro football journalists, takes an inside look behind the scenes of pro football, opening up new ways to enjoy the game (or even consider careers off the field). Bonus volumes on the state of high school and college football help readers get perspective on the roles of those levels of the sport on the NFL itself. For NFL fans, for sports fans, for business students, this series scores a touchdown! Each title in the ALL ABOUT PROFESSIONAL FOOTBALL series includes color photos
