The Sorcerer's House Gene Wolfe,2010-04-01 In a contemporary town in the American midwest where he has no connections, Bax, an educated man recently released from prison, is staying in a motel. He writes letters to his brother and to others, including a friend still in jail, to whom he progressively reveals the intriguing pieces of a strange and fantastic narrative. When he meets a real estate agent who tells him he is, to his utter surprise, the heir to a huge old house in town, long empty, he moves in. He is immediately confronted by an array of supernatural creatures and events, by love and danger. His life is utterly transformed and we read on, because we must know more. We revise our opinions of him, and of others, with each letter, piecing together more of the story as we go. We learn things about magic, and another world, and about the sorcerer Mr. Black, who originally inhabited the house. And then knowing what we now know only in the end, perhaps we read it again. Master Assassins Robert V.S. Redick,2018-03-06 2018 BookNest Fantasy Awards Finalist for Best Novel “This book has everything I love: Clean, crisp worldbuilding. Characters that live and breathe. A story that teases and surprises me. I like Master Assassins so much I wish I'd written it, but deep down, I know I couldn't have written it this well.”—#1 New York Times bestselling author Patrick Rothfuss Two village boys mistaken for assassins become the decisive figures in the battle for a continent in the thrilling new desert-based epic fantasy by the author of The Red Wolf Conspiracy. Kandri Hinjuman was never meant to be a soldier. His brother Mektu was never meant for this world. Rivals since childhood, they are drafted into a horrific war led by a madwoman-Prophet, and survive each day only by hiding their disbelief. Kandri is good at blending in, but Mektu is hopeless: impulsive, erratic—and certain that a demon is stalking him. Is this madness or a second sense? Either way, Kandri knows that Mektu's antics will land them both in early graves. But all bets are off when the brothers' simmering feud explodes into violence, and holy blood is spilled. Kandri and Mektu are taken for contract killers and must flee for their lives—to the one place where they can hope to disappear: the sprawling desert known as the Land that Eats Men. In this eerie wilderness, the terrain is as deadly as the monsters, ghouls, and traffickers in human flesh. Here the brothers find strange allies: an aging warlord, a desert nomad searching for her family, a lethal child-soldier still in her teens. They also find themselves in possession of a secret that could bring peace to the continent of Urrath. Or unthinkable carnage. On their heels are the Prophet's death squads. Ahead lie warring armies, sandstorms, evil spirits and the deeper evil of human greed. But hope beckons as well—if the “Master Assassins” can expose the lie that has made them the world's most wanted men.

7 FIGURE FICTION T. Taylor,2021-09-04 There are only, in my humble opinion, two kinds of readers. Readers who love your books. and... Readers who don't know they love your books yet. But how do you reach those readers in the second category, no matter what kind of writer you are? The answer to that question is... Universal Fantasy Universal Fantasy is why my sales tripled when I “accidentally” wrote three books that landed in the Amazon Top 100. Universal Fantasy is why some authors get gobs of gushing reviews and some authors who write “way better” get crickets. Universal Fantasy is the answer to many of the questions you might have thought were unanswerable or simply up to luck, like... • Will this sell? • Why is that selling? • Why didn't this sell? • Will readers like what I am writing? • Why do I love the TV shows/books/entertainments I do? • Why did I buy that thing I bought when I didn't intend to buy it? BE WARNED...once known, Universal Fantasy cannot be undiscovered. Leave this book be if you're truly satisfied with your current writing life. But if you're not afraid—if you're ready to know the secret hidden inside all bestselling stories, open this gift and find out how to use UNIVERSAL FANTASY to write and market books that SELL to ANYONE.

Geek Fantasy Novel E. Archer,2011-04-01 What happens when a science geek and magic collide?Be careful what you wish for. Really. Because wishes are bad. Very bad. They can get you trapped in fantasy worlds full of killer bunny rabbits, evil aunts, and bothersome bacteria, for example. Or at least that's Ralph's experience. He's been asked to spend the summer with his strange British relatives at their old manor house in order to set up their Wi-Fi network. But there's much more to it than that, of course. It's just that nobody told Ralph. He's a gamer, sure. But this game is much stranger--and funnier--than anything to be found on his xbox. He is a geek. This is his story.

Michael Moorcock Mark Scroggins,2015-12-22 Prolific, popular and critically acclaimed, Michael Moorcock is the most important British fantasy author of his generation. His Elric of Melniboné is an iconic figure for millions of fans but Moorcock has also been a pioneer in science fiction and historical fiction. He was hailed as the central figure of the New Wave in science fiction, and has won numerous awards for his fantasy and SF, as well as his mainstream writing. This first full-length critical look at Moorcock's career, from the early 1960s to the present, explores the author's fictional multiverse: his fantasy tales of the Eternal Champion; his experimental Jerry Cornelius novels; the hilarious science-fiction satire of his End of Time books; and his complex meditations on 20th century history in Mother London and the Colonel Pyat tetralogy.

A work composed both of careful scholarship and fantastic fun, The Big Book of Classic Fantasy is essential reading for anyone who's never forgotten the stories that first inspired feelings of astonishment and wonder. Wizards, Aliens, and Starships Charles L. Adler, 2014-02-02 Explaining the science behind science fiction and fantasy—from the probable to the impossible From teleportation and space elevators to alien contact and interstellar travel, science fiction and fantasy writers have come up with some brilliant and innovative ideas. Yet how plausible are these ideas—for instance, could Mr. Weasley's flying car in the Harry Potter books really exist? Which concepts might actually happen, and which ones wouldn't work at all? *Wizards, Aliens, and Starships* delves into the most extraordinary details in science fiction and fantasy—such as time warps, shape changing, rocket launches, and illumination by floating candle—and shows readers the physics and math behind the phenomena. With simple mathematical models, and in most cases using no more than high school algebra, Charles Adler ranges across a plethora of remarkable imaginings, from the works of Ursula K. Le Guin to Star Trek and Avatar, to explore what might become reality. Adler explains why fantasy in the Harry Potter and Dresden Files novels cannot adhere strictly to scientific laws, and when magic might make scientific sense in the muggle world. He examines space travel and wonders why it isn't cheaper and more common today. Adler also discusses exoplanets and how the search for alien life has shifted from radio communications to space-based telescopes. He concludes by investigating the future survival of humanity and other intelligent races. Throughout, he cites an abundance of science fiction and fantasy authors, and includes concise descriptions of stories as well as an appendix on Newton's laws of motion. *Wizards, Aliens, and Starships* will speak to anyone wanting to know about the correct—and incorrect—science of science fiction and fantasy.

So Long Been Dreaming Nalo Hopkinson, Uppinder Mehan, 2004-10-01 *So Long Been Dreaming: Postcolonial Science Fiction & Fantasy* is an anthology of original new stories by leading African, Asian, South Asian and Aboriginal authors, as well as North American and British writers of color. Stories of imagined futures abound in Western writing. Writer and editor Nalo Hopkinson notes that the science fiction/fantasy genre "speaks so much about the experience of being alienated but contains so little writing by alienated people themselves." It's an oversight that Hopkinson and Mehan aim to correct with this anthology. The book depicts imagined futures from the perspectives of writers associated with what might loosely be termed the "third world." It includes stories that are bold, imaginative, edgy; stories that are centered in the worlds of the "developing" nations; stories that dare to dream what we might develop into. The wealth of postcolonial literature has included many who have written insightfully about their pasts and presents. With *So Long Been Dreaming* they creatively address their futures. Contributors include: Opal Palmer Adisa, Tobias Buckell, Wayde Compton, Hiromi Goto, Andrea Hairston, Tamai Kobayashi, Karin Lowachee, devorah major, Carole McDonnell, Nnedi Okorafor-Mbachu, Eden Robinson, Nisi Shawl, Vandana Singh, Sheree Renee Thomas and Greg Van Eekhout. Nalo Hopkinson is the internationally-acclaimed author of *Brown Girl in the Ring*, *Skin Folk*, and *Salt Roads*. Her books have been nominated for the Hugo, Nebula, Tiptree, and Philip K. Dick Awards; *Skin Folk* won a World Fantasy Award and the Sunburst Award. Born in Jamaica, Nalo moved to Canada when she was sixteen. She lives in Toronto. Uppinder Mehan is a scholar of science fiction and postcolonial literature. A South Asian Canadian, he currently lives in Boston and teaches at Emerson College.

Race and Popular Fantasy Literature Helen Young, 2015-08-11 This book illuminates the racialized nature of twenty-first century Western popular culture by exploring how discourses of race circulate in the Fantasy genre. It examines not only major texts in the genre, but also the impact of franchises, industry, editorial and authorial practices, and fan engagements on race and representation. Approaching Fantasy as a significant element of popular culture, it visits the struggles over race, racism, and white privilege that are enacted within creative works across media and the communities which revolve around them. While scholars of Science Fiction have explored the genre's racialized constructs of possible futures, this book is the first examination of Fantasy to take up the topic of race in depth. The book's interdisciplinary approach, drawing on Literary, Cultural, Fan, and Whiteness Studies, offers a cultural history of the anxieties which haunt Western popular culture in a century eager to declare itself post-race. The beginnings of the Fantasy genre's habits of whiteness in the twentieth century are examined, with an exploration of the continuing impact of older problematic works through franchising, adaptation, and imitation. Young also discusses the major twenty-first century sub-genres which both re-use and subvert Fantasy conventions. The final chapter explores debates and anti-racist praxis in authorial and fan communities. With its multi-pronged approach and innovative methodology, this book is an important and original contribution to studies of race, Fantasy, and twenty-first century popular culture.

Racial Worldmaking Mark C. Jerng, 2017-11-07 When does racial description become racism? Critical race studies has not come up with good answers to this question because it has overemphasized the visibility of race. According to dominant theories of racial formation, we see race on bodies and persons and then link those perceptions to unjust practices of racial inequality. *Racial Worldmaking* argues that we do not just see race.

We are taught when, where, and how to notice race by a set of narrative and interpretive strategies. These strategies are named “racial worldmaking” because they get us to notice race not just at the level of the biological representation of bodies or the social categorization of persons. Rather, they get us to embed race into our expectations for how the world operates. As Mark C. Jerng shows us, these strategies find their most powerful expression in popular genre fiction: science fiction, romance, and fantasy. Taking up the work of H.G. Wells, Margaret Mitchell, Samuel Delany, Philip K. Dick and others, Racial Worldmaking rethinks racial formation in relation to both African American and Asian American studies, as well as how scholars have addressed the relationships between literary representation and racial ideology. In doing so, it engages questions central to our current moment: In what ways do we participate in racist worlds, and how can we imagine and build one that is anti-racist?
