The Zoo of Magical and Mythological Creatures Sam Bowring,2009-03-01 An imaginative and hilarious fantasy from an exciting new voice in children's literature. Twelve-year-old Zackary is the seventh son of the King and Queen of Solaris, and a most reluctant knight. He would rather put anchovies in the knights helmets or use his sword to cut sandwiches than learn courtly ways. In despair, the King and Queen assign him to the castle administrator, Barnabas, who sends him on an errand to the Zoo of Magical and Mythological Creatures, established by Zackary's grandfather. Mistaken for a job applicant, Zackary starts working at the zoo with the resident sorcerer, Acacia. Powerful magic is needed to control some of the extraordinary creatures in the zoo: from the Stymphalian birds of Greek mythology and the nine-headed hydra, to manticores from India and the squonks – Drufflefuster, Gobblesnocks, Snivelsnork and Grimmelgrout. These are the ugliest, most endearing, little creatures that will be encountered in a children's book in 2009. But just as Zackary is settling in to his double life, a shadow is cast across the entire kingdom with the news that a strange creature is expected at the zoo – a creature which spreads evil and destruction in its path.

exists a magical world—the Secret Zoo. The Shadowist has taken control of the Secret Zoo, and it's up to Noah and his friends—both human and animal—to stop him. School Library Journal called The Secret Zoo series a “fast-paced mix of mystery and fantasy.” The Secret Zoo: The Final Fight is an adventurous and imaginative story for fans of Amanda Foody's Wilderlore series and animal lovers everywhere. Hidden beneath the regular Clarksville City Zoo, the Secret Zoo is an incredible world where animals and humans peacefully coexist as equals. When Noah and his friends discover tarantulas roaming around, they're sure the bad omen can only mean one thing: the Shadowist is nearby. Closing the portals is the only option to save all the animals at Clarksville City Zoo—and Noah's world. But when Mr. Darby and the Descenders are unsuccessful in destroying the portals, Noah realizes that the Secret Zoo is going to war. The Secret Zoo: The Final Fight is the sixth and final book in Bryan Chick's The Secret Zoo series. A Werewolf at the Zoo? Sue Denver, 2021-09-14 It wasn't supposed to risk lives! Sara just wanted a little break from killing bad guys and saving innocents. But a stop at a local zoo made her lose her mind. Now she's on a rescue mission —with so many ways it could go very, very wrong. * She's rushing — which is how mistakes are made * She's risking lives — animals and people * She's in danger of exposing her secret life to the authorities But... sometimes a werewolf just has to do what a werewolf has to do. No matter the cost. No matter the body count. Because if she didn't at least try, she'd never forgive herself.

War without Bodies Martin Danahay, 2022-03-18 Historically the bodies of civilians are the most damaged by the increasing mechanization and derealization of warfare, but this is not reflected in the representation of violence in popular media. In *War Without Bodies*, author Martin Danahay argues that the media in the United States in particular constructs a “war without bodies” in which neither the corpses of soldiers or civilians are shown. *War Without Bodies* traces the intertwining of new communications technologies and war from the Crimean War, when Roger Fenton took the first photographs of the British army and William Howard Russell used the telegraph to transmit his dispatches, to the first of three “video wars” in the Gulf region in 1990-91, within the context of a war culture that made the costs of organized violence acceptable to a wider public. New modes of communication have paradoxically not made more war “real” but made it more ubiquitous and at the same time unremarkable as bodies are erased from coverage. Media such as photography and instantaneous video initially seemed to promise more realism but were assimilated into existing conventions that implicitly justified war. These new representations of war were framed in a way that erased the human cost of violence and replaced it with images that defused opposition to warfare. Analyzing poetry, photographs, video and video games the book illustrates the ways in which war was framed in these different historical contexts. It examines the cultural assumptions that influenced the reception of images of war and discusses how death and damage to bodies was made acceptable to the public. *War Without Bodies* aims to heighten awareness of how acceptance of war is coded into texts and how active resistance to such hidden messages can help prevent future unnecessary wars.

The Secret Zoo: Secrets and Shadows Bryan Chick, 2011-02-01 We will need you as Crossers, and we will need you not only to be brave—but to be fearless. Mr. Darby paused, giving the scouts time to digest his words. Then he continued. I want you to think before answering. Can you accept this challenge? Only weeks after their return from the Secret Zoo, Noah and his friends must go back—and face their biggest challenge yet. With monstrous sasquatches freely attacking the denizens of the zoo and the evil Shadowist at large, the fate of the world is at stake. As Crossers, Noah, Megan, Richie, and Ella would help protect the zoo from these dangers. But do they have what it takes to complete their training? And what other secrets are hiding in the shadows?

Noah's Adventure Frederick Fichman, 2016-01-10 A 12-year old boy, Noah, goes to the zoo with his mother and father and is swept away on a seven-continent fantasy adventure. He meets and talks to dozens of animals and learns about them in their true habitat. His guide and personal docent, Manny Meercat, teaches Noah about the animals' lives. He also teaches him about the possibilities in life and how to grieve for his brother's recent death. The story and content in *Noah's Adventure* contains threads from the author's own life and history. It is an emotional personal account in the same literary genre as Antoine De Saint-Exupery's *The Little Prince*. *Noah's Adventure* will delight children and adults as well.

The Secret Zoo: Riddles and Danger Bryan Chick, 2011-09-27 Book three in this fast-paced and exciting series for middle grade fantasy, mystery, and animal buffs. Noah, Megan, Richie, and Ella are the Action Scouts; friends whose tree house overlooks the Clarksville City Zoo. When they discover a magical world hidden within the zoo, they are swept away on an adventure in which penguins can fly, a mysterious figure lurks in the shadows, and the scouts are enlisted to help Mr. Darby, who is in charge of the Secret Zoo. But will the scouts be able to fight against the dangerous sasquatches who have escaped the zoo and threaten their town? There's only one way to find out if the four friends training as Crossers can help save the Secret Zoo. The author originally had the idea for *The Secret Zoo* when he was nine and wondered what would happen if zoo exhibits had secret doors that allowed kids to go inside—and the animals to come outside. He brings that sense of adventure and excitement to this story, making it a favorite for home and classroom reading along with such middle grade fantasy favorites as *The One and Only Ivan*.
