

Fathom It

D Keegan

THE ADVENTURES OF FERDINAND COUNT FATHOM TOBIAS SMOLLETT, 2023-06-16 The Adventures of Ferdinand Count Fathom, Smollett's third novel, was given to the world in 1753. Lady Mary Wortley Montagu, writing to her daughter, the Countess of Bute, over a year later [January 1st, 1755], remarked that "my friend Smollett . . . has certainly a talent for invention, though I think it flags a little in his last work." Lady Mary was both right and wrong. The inventive power which we commonly think of as Smollett's was the ability to work over his own experience into realistic fiction. Of this, Ferdinand Count Fathom shows comparatively little. It shows relatively little, too, of Smollett's vigorous personality, which in his earlier works was present to give life and interest to almost every chapter, were it to describe a street brawl, a ludicrous situation, a whimsical character, or with venomous prejudice to gibbet some enemy. This individuality — the peculiar spirit of the author which can be felt rather than described — is present in the dedication of Fathom to Doctor — — — , who is no other than Smollett himself, and a candid revelation of his character, by the way, this dedication contains. It is present, too, in the opening chapters, which show, likewise, in the picture of Fathom's mother, something of the author's peculiar "talent for invention." Subsequently, however, there is no denying that the Smollett invention and the Smollett spirit both flag. And yet, in a way, Fathom displays more invention than any of the author's novels; it is based far less than any other on personal experience. Unfortunately such thorough-going invention was not suited to Smollett's genius. The result is, that while uninteresting as a novel of contemporary manners, Fathom has an interest of its own in that it reveals a new side of its author. We think of Smollett, generally, as a rambling storyteller, a rational, unromantic man of the world, who fills his pages with his own oddly-metamorphosed acquaintances and experiences. The Smollett of Count Fathom, on the contrary, is rather a forerunner of the romantic school, who has created a tolerably organic tale of adventure out of his own brain. Though this is notably less readable than the author's earlier works, still the wonder is that when the man is so far "off his beat," he should yet know so well how to meet the strange conditions which confront him. To one whose idea of Smollett's genius is formed entirely by Random and Pickle and Humphry Clinker, Ferdinand Count Fathom will offer many surprises. The first of these is the comparative lifelessness of the book. True, here again are action and incident galore, but generally unaccompanied by that rough Georgian hurly-burly, common in Smollett, which is so interesting to contemplate from a comfortable distance, and which goes so far towards making his fiction seem real. Nor are the characters, for the most part, life-like enough to be interesting. There is an apparent exception, to be sure, in the hero's mother, already mentioned, the hardened camp-follower, whom we confidently expect to become vitalised after the savage fashion of Smollett's characters. But, alas! we have no chance to learn the lady's style of conversation, for the few words that come from her lips are but partially characteristic; we have only too little chance to learn her manners and customs. In the fourth chapter, while she is making sure with her dagger that all those on the field of battle whom she wishes to rifle are really dead, an officer of the hussars, who has been watching her lucrative progress, unfeelingly puts a brace of bullets into the lady's brain, just as she raises her hand to smite him to the heart. Perhaps it is as well that she is thus removed before our disappointment at the non-fulfilment of her promise becomes poignant. So far as we may judge from the other personages of Count Fathom, even this interesting Amazon would sooner or later have turned into a wooden figure, with a label giving the necessary information as to her character. Such certainly is her son, Fathom, the hero of the book. Because he is placarded, "Shrewd villain of monstrous inhumanity," we are fain to accept him for what his creator intended; but seldom in word or deed is he a convincingly real villain. His friend and foil, the noble young Count de Melvil, is no more alive than he; and equally wooden are Joshua, the high-minded, saint-like Jew, and that tedious, foolish Don Diego. Neither is the heroine alive, the peerless Monimia, but then, in her case, want of vitality is not surprising; the presence of it would amaze us. If she were a woman throbbing with life, she would be different from Smollett's other heroines. The "second lady" of the melodrama, Mademoiselle de Melvil, though by no means vivified, is yet more real than her sister-in-law. The fact that they are mostly inanimate figures is not the only surprise given us by the personages of Count Fathom. It is a surprise to find few of them strikingly whimsical; it is a surprise to find them in some cases far more distinctly conceived than any of the people in Roderick Random or Peregrine Pickle. In the second of these, we saw Smollett beginning to understand the use of incident to indicate consistent development of character. In Count Fathom, he seems fully to understand this principle of art, though he has not learned to apply it successfully. And so, in spite of an excellent conception, Fathom, as I have said, is unreal. After all his villainies, which he perpetrates without any apparent qualms of conscience, it is incredible that he should honestly repent of his crimes. We are much inclined to doubt when we read that "his vice and ambition was now quite mortified within him," the subsequent testimony of Matthew Bramble, Esq., in Humphry Clinker, to the contrary, notwithstanding. Yet Fathom up to this point is consistently drawn, and drawn for a purpose: — to show that cold-blooded roguery, though successful for a while, will come to grief in the end. To heighten the effect of his scoundrel, Smollett develops parallel with him the virtuous Count de Melvil. The author's scheme of thus using one character as the foil of another, though not conspicuous for its originality, shows a decided advance in the theory of constructive technique. Only, as I have said, Smollett's execution is now defective. "But," one will naturally ask, "if Fathom lacks the amusing, and not infrequently stimulating, hurly-burly of Smollett's former novels; if its characters, though well-conceived, are seldom divertingly fantastic and never thoroughly animate; what makes the book interesting?" The surprise will be greater than ever when the answer is given that, to a large extent, the plot makes Fathom interesting. Yes, Smollett, hitherto indifferent to structure, has here written a story in which the plot itself, often clumsy though it may be, engages a reader's attention. One actually wants to know whether the young Count is ever going to receive consolation for his sorrows and inflict justice on his basely ungrateful pensioner. And when, finally, all turns out as it should, one is amazed to find how many of the people in the book have helped towards the designed conclusion. Not all of them, indeed, nor all of the adventures, are indispensable, but it is manifest at the end that much, which, for the time, most readers think irrelevant — such as Don Diego's history — is, after all, essential. It has already been said that in Count Fathom Smollett appears to some extent as a romanticist, and this is another fact which lends interest to the book. That he had a powerful imagination is not a surprise. Any one versed in Smollett has already seen it in the remarkable situations which he has put before us in his earlier works. These do not indicate, however, that Smollett possessed the imagination which could excite romantic interest; for in Roderick Random and in Peregrine Pickle, the wonderful situations serve chiefly to amuse. In Fathom, however, there are some designed to excite horror; and one, at least, is eminently successful. The hero's night in the wood between Bar-le-duc and Chalons was no doubt more blood-curdling to our eighteenth-century ancestors than it is to us, who have become acquainted with scores of similar situations in the small number of exciting romances which belong to literature, and in the greater number which do not. Still, even to-day, a reader, with his taste jaded by trashy novels, will be conscious of Smollett's power, and of several thrills, likewise, as he reads about Fathom's experience in the loft in which the beldame locks him to pass the night. This situation is melodramatic rather than romantic, as the word is used technically in application to eighteenth and nineteenth-century literature. There is no little in Fathom, however, which is genuinely romantic in the latter sense. Such is the imprisonment of the Countess in the castle-tower, whence she waves her handkerchief to the young Count, her son and would-be rescuer. And especially so is the scene in the church, when Renaldo (the very name is romantic) visits at midnight the supposed grave of his lady-love. While he was waiting for the sexton to open the door, his "soul . . . was wound up to the highest pitch of enthusiastic sorrow. The uncommon darkness, . . . the solemn silence, and lonely situation of the place, conspired with the occasion of his coming, and the dismal images of his fancy, to produce a real rapture of gloomy expectation, which the whole world could not have persuaded him to disappoint. The clock struck twelve, the owl screeched from the ruined battlement, the door was opened by the sexton, who, by the light of a glimmering taper, conducted the despairing lover to a dreary aisle, and stamped upon the ground with his foot, saying, 'Here the young lady lies interred.'" We have here such an amount of the usual romantic machinery of the "grave-yard" school of poets — that school of which Professor W. L. Phelps calls Young, in his Night Thoughts, the most "conspicuous exemplar" — that one is at first inclined to think Smollett poking fun at it. The context, however, seems to prove that he was perfectly serious. It is interesting, then, as well as surprising, to find traces of the romantic spirit in his fiction over ten years before Walpole's Castle of Otranto. It is also interesting to find so much melodramatic feeling in him, because it makes stronger the connection between him and his nineteenth-century disciple, Dickens. From all that I have said, it must not be thought that the usual Smollett is always, or almost always, absent from Count Fathom. I have spoken of the dedication and of the opening chapters as what we might expect from his pen. There are, besides, true

Smollett strokes in the scenes in the prison from which Melvil rescues Fathom, and there is a good deal of the satirical Smollett fun in the description of Fathom’s ups and downs, first as the petted beau, and then as the fashionable doctor. In chronicling the latter meteoric career, Smollett had already observed the peculiarity of his countrymen which Thackeray was fond of harping on in the next century — “the maxim which universally prevails among the English people . . . to overlook, . . . on their return to the metropolis, all the connexions they may have chanced to acquire during their residence at any of the medical wells. And this social disposition is so scrupulously maintained, that two persons who live in the most intimate correspondence at Bath or Tunbridge, shall, in four-and-twenty hours . . . meet in St. James’s Park, without betraying the least token of recognition.” And good, too, is the way in which, as Dr. Fathom goes rapidly down the social hill, he makes excuses for his declining splendour. His chariot was overturned “with a hideous crash” at such danger to himself, “that he did not believe he should ever hazard himself again in any sort of wheel carriage.” He turned off his men for maids, because “men servants are generally impudent, lazy, debauched, or dishonest.” To avoid the din of the street, he shifted his lodgings into a quiet, obscure court. And so forth and so on, in the true Smollett vein. But, after all, such of the old sparks are struck only occasionally. Apart from its plot, which not a few nineteenth-century writers of detective-stories might have improved, *The Adventures of Ferdinand Count Fathom* is less interesting for itself than any other piece of fiction from Smollett’s pen. For a student of Smollett, however, it is highly interesting as showing the author’s romantic, melodramatic tendencies, and the growth of his constructive technique...FROM THE BOOKS.

Fathom Cherie Priest,2008-12-09 I can't fathom them, and neither can you. The ageless water witch Arahab has been scheming for eons, gathering the means to awaken the great Leviathan. She aims to bring him and the old gods back to their former glory, caring little that their ascendance will also mean an end to the human race. However, awakening the Leviathan is no small feat. In fact, Arahab can't complete the ritual without human aid. Arahab's first choice is José Gaspar, a notorious sea pirate from eighteenth-century Spain. But when the task proves too difficult for Gaspar, she must look elsewhere, biding her time until the 1930's, when the ideal candidate shows up: a slightly deranged teenager named Bernice. Bernice is sophisticated, torn from New York and forced to spend a miserable summer on Anna Maria Island, a tiny rock off the coast of Florida. She's also been saddled with the companionship of her farm-raised cousin Nia. Eventually, Bernice's disenchantment gives way to rage, which in turn leads her to commit a deadly crime. When Nia won't cover for Bernice's actions, she turns on Nia, chasing her into the deadly coastal waves. But the timing is right and the elementals have better ideas: the moment the girls go under, Bernice is commandeered for Arahab's task force, and Nia is turned into a strange and powerful new creature by a servant of the earth who doesn't want to surrender his green fields and muddy plains—not yet, at least. Add in a hapless fire inspector who's just trying to get his paperwork in order, a fire god whose neutrality has been called into question, and a bizarre religious cult, and rural Florida doesn't seem quite so sleepy anymore. Cherie Priest, who stormed onto the scene with the stunning Southern Gothic trio that began with *Four and Twenty Blackbirds*, now brings the same masterful writing and unforgettable characterization to the realm of near-contemporary rural fantasy. The result, *Fathom*, is fast-paced, stunning, and quite unlike anything you've ever read. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Mirror's Fathom Sheridan Hough,2012 Mirror's Fathom is the story of Tycho Wilhelm Lund anarchist, pirate, and thief of a legendary mirror. Tycho is also a great-nephew of the Danish philosopher S ren Kierkegaard and is, when the novel begins, a mild-mannered antiques dealer who is asked to assess the value of some furniture at the home of Regine Schlegel, Kierkegaard's famously jilted former love. Upon his arrival, Tycho who has no interest in philosophy finds himself at a meeting of the Kierkegaard Circle, a group faithfully reading aloud Kierkegaard's works. There he meets, and falls for, Countess Juliana Sophie, herself a passionate follower of Kierkegaard's thinking and self-appointed mistress of the School for Selves.

Fathom It Out A. E. Chambers,2017-03-11 Strange events are happening in the village. Terry Greene, the handsome gardener, who sets all female hearts aflutter, finds a half drowned Golden Retriever at the back of a client's garden, and Oliver, a scholarly, thirteen-year-old lexicographer, comes home with a black eye. Other dogs are going missing too and members of the local book club, who meet at The Crown and Sixpence, are most concerned. To add to all the mystery, Gladys, a retired widow, already acquainted with Oliver, is asked to look into the lad's uncharacteristic behaviour by his godfather, William. She then strikes up an unlikely friendship with eighteen-year-old Karen and her newly acquired Pomeranian. Thereby Gladys is reminded of the vagaries of youth. On top of all the mystery and youthful shenanigans, the church fete is on Saturday, where stalls have to be manned and money has to be raised.The loveable characters from *Puzzling It Out* are reunited in this entertaining tale of surprising friendships and skulldoggery!

Fathom It Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In todays fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Fathom It PDF books and manuals is the internets largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Fathom It PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Fathom It free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the

advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Fathom It Books

What is a Fathom It PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Fathom It PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Fathom It PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Fathom It PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Fathom It PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
