**1022 Evergreen Place** Debbie Macomber,2014-10-13 #1 New York Times Bestselling Author Debbie Macomber welcomes you to Cedar Cove! This is where you'll find small-town life at its best—and its most interesting... Meet some of the people living here: 92 Pacific Boulevard. This is where Sheriff Troy Davis lives—when he isn't at the office. Troy's a widower who reconnected with his onetime love, Faith Beckwith...until she ended the relationship. The misunderstandings between them (some caused by his daughter, Megan) didn't help matters. Troy hopes those misunderstandings can be resolved! And he needs to catch whoever's behind the break-ins at 204 Rosewood Lane, the house Faith happens to be renting... 1022 Evergreen Place is the new rental home of Mary Jo Wyse and her baby, Noelle—right next door to her landlord, firefighter Mack McAfee. Mary Jo admits she's falling for Mack but she doesn't quite trust her own judgement when it comes to men. Her baby's father, David Rhodes, is a case in point. She's terrified he might sue for custody! Meanwhile, the World War II letters she found are a fascinating distraction. 1105 Yakima Street used to be a happy place. But now that Rachel Peyton has left her husband, Bruce, it's not. Rachel's pregnant, and she couldn't handle the stress in their household anymore. Stress caused by Bruce's jealous thirteen-year-old daughter, Jolene. All Bruce wants to do is get his wife back—but he doesn't even know where she is... 1225 Christmas Tree Lane is the address of Beth Morehouse's small Christmas tree farm. It's prospering, her daughters and dogs are doing well, and her relationship with veterinarian Ted Reynolds is showing lots of romantic promise. But...then someone leaves a basket of puppies on the doorstep. That's complication number one. Number two is that her daughters have invited their dad, Beth's long-divorced husband, to Cedar Cove for Christmas! These are the final four stories set in Debbie Macomber's Cedar Cove, Washington. (If you haven't read the others, starting with 16 Lighthouse Road, don't miss them!) Read the books and watch the Hallmark Channel original series. Once you've visited Cedar Cove and met the people in town, you'll wish you lived here!

**Improvement in Butt-log Grade with Increase in Tree Size, for Six Hardwood Species** George R. Trimble (Jr.),1965 S2Work carried out by the Northeastern Forest Experiment Station in West Virginia in the past 12 years provides useful information about the relationships between tree d.b.h. and butt-log grade. The upper logs are not included in the relationships. Being smaller and containing more knots, these upper logs are generally of lower grade than the butt logs. Thus the average grade of all material in the sawlog portion of the tree is generally lower than the average grade of the butt log. In the West Virginia data, species differences in d.b.h.-grade relationship are readily apparent. This inherent tendency for species to have different proportions of the various grades in logs of the same size is a familiar phenomenon to grade-conscious foresters who work with hardwoods. The results in this paper provide a quantitative evaluation of this tendency for six of the local species.S3.
