The Forgotten Rohingya: Their Struggle for Human Rights in Burma Habib

Habib Siddiqui,2019 Imagine that you are living in a country that does not recognize you as a citizen in spite of the fact that your people have

maintained a continuous existence there for several centuries. If that was not enough of a traumatic experience, consider that because of your racial, ethnic and religious identity other ethnic groups that are fighting the brutal military regime in your country for their self-determination and human rights consider you as settlers from a neighboring country. It must be your worst nightmare when you realize that half of your people (almost 2 million) have been forced to take asylum or refuge outside, and you may be the next in line to seek a way out of this living hell of xenophobia, discrimination, intolerance, racism and bigotry. The victims are the Rohingya people of Burma (Myanmar). Because of their religion, race, ethnicity, color and language they are the most discriminated and persecuted people in our planet. Some argue that they are also one of the most forgotten. The Myanmar military regime has denied their citizenship rights, claiming that they are illegal settlers from nearby Bangladesh who have moved into Arakan during the British occupation of Burma in the 19th century. Is there any truth to such allegations? Does the military junta apply the same litmus test against all ethnic and religious groups in matters of citizenship? What is the basis for a nation's claim to self-determination? Must a people wander in the wilderness for two millennia and suffer repeated persecution, humiliation and genocide to qualify? How about the rights of a minority community to survive with their culture and traditions intact? Do they need to be 'children' of a 'higher' God to qualify? What makes the children of a 'lesser' God to be forgotten and denied the same treatment and privilege that was granted hitherto to other nations? For much of its history, Burma has been ruled by military. As has once again been demonstrated recently they are brutal, savage and tyrannical. They have ignored people's verdict in the election and imprisoned leaders and workers of the democracy movement. They cannot be guarantors or protectors of human rights of anyone, let alone religious and ethnic minorities. Do you know that the Rohingyas - face cruel restriction on marriage and those married without government authorization are paraded naked on the streets? - Are restricted from traveling outside their villages? - Have no legal right to own land or property? - Are restricted from getting education, finding work, getting medical and health care? - Are subjected to land confiscation, forced eviction and destruction of homes, offices, schools, mosques, shops, etc., and face religious persecution on a daily basis? - Are victims of staged riots, forced starvation, arbitrary taxation, extortion, arrest, torture and extra-judicial killings? - Are forced to do slave labor for establishment of government infrastructure, new Buddhist settlements, pagodas and monasteries on evicted lands with the government intent of changing the landscape and demography of Arakan? - Are forced to convert to Buddhism &/or worship Buddha? Do you know that when it comes to the Rohingya people, the Burmese government doesn't uphold any of the Articles of the Universal Declaration of Human Rights? Nothing can excuse us from the criminal silence that we practice in not voicing our concern about the plight of the Rohingya people. The Forgotten Rohingya makes a strong case for mobilizing concerned citizens of our globe to ease their sufferings. The author analyzes origin of the Rohingya people and offers ideas to solve their problem. The author also discusses problems of xenophobia and racism, which are so rampant in this country of many races, ethnicities and religions. He also analyzes the role of Daw Suu Kyi and failure of Burma's orange revolution.

The Keeper of Ruins and Other Inventions Gesualdo Bufalino, 1994 In this collection of twenty-odd short stories the situations vary - the reader is invited to consider Noah's Ark as it first takes the ground after the Flood, and to experience a brush with Jack the Ripper in foggy Victorian London.

The Sonnets to Orpheus Rainer Maria Rilke, 2019-09-09 The fifty-five Sonnets to Orpheus were written by Rilke in February 1922, in less than two weeks. Their central themes are Orpheus and his song of praise; what is sung is Dasein, being- here, the presence in the world. Rilke considered as a betrayal of his poetry any translation that would not reproduce, together with his thinking, his internal movement, his rhythm, his rhymes, his music. The goal of the translator has been to make that orchestration heard as much as possible, to try and reproduce the structure, rhyme and rhythm, of Rilke's Sonnets, in order for these translations to sound as echoes of the originals.

Bestiary, Or, The Parade of Orpheus Guillaume Apollinaire, 2000 An early and influential champion of cubism, Apollinaire was seminal in the revolutionary art style of Surrealism, a term he coined some seven years before Breton formally founded the movement. This text was originally published in 1910.

Orpheus Emerged Jack Kerouac, 2003 'There will never be a moment like this one, ' says poet and fellow beatnik Robert Creeley in his introduction to this literary event: the first full-length work to be published since Kerouac's death in 1969. Recently discovered by his estate, ORPHEUS EMERGED chronicles the passions, conflicts and dreams of a group of bohemians searching for truth while studying at a university. Kerouac wrote the story shortly after meeting Allen Ginsberg, William Burroughs, Lucien Carr and

others in and around Columbia University who would form the core of the Beats. *ORPHEUS EMERGED* is a unique portrait of an artist as a young man and shows a writer in the process of finding the voice that would eventually express the spirit of a generation

Orpheus Charles Segal, 1989 This volume surveys the literary treatment of the Orpheus myth as the myth of the essence of poetry - the ability to encounter the fullest possible intensity of beauty and sorrow and to transform them into song. The first half of the book concentrates on the ancient literary tradition, from the myth's Greek origins through the influential poetic versions of Ovid and Virgil and its treatment by other Latin authors such as Horace and Seneca. Later chapters focus on the continuities of the myth in modern literature, including the poetry of H.D., Rukeyser, Rich, Ashbery, and, especially, Rilke. The author's leitmotif throughout is the relation of poetry to art, love and death, the 'three points of the Orphic triangle'. Through close readings of individual texts, he shows how various versions of the myth oscillate between a poetry of transcendence that asserts its power over the necessities of nature - including the ultimate necessity, death - and a poetry that celebrates its immersion in the stream of life.
