

Fcorp Name Space 201112

Jonathan Lusthaus

The Australian Army from Whitlam to Howard John Blaxland,2014 The first critical examination of Australia's post-Vietnam military operations and the 'casualty cringe' felt by political leaders following the war.

International Directory of Company Histories Thomas Derdak,1988 The five volumes of the International Directory of Company Histories bring together histories of the leading companies of the United States, Canada, the UK, Europe and Japan.

Executive's Guide to Cyber Risk Siegfried Moyo,2022-08-09 A solid, non-technical foundation to help executives and board members understand cyber risk In the Executive's Guide to Cyber Risk: Securing the Future Today, distinguished information security and data privacy expert Siegfried Moyo delivers an incisive and foundational guidance for executives tasked with making sound decisions regarding cyber risk management. The book offers non-technical, business-side executives with the key information they need to understand the nature of cyber risk and its impact on organizations and their growth. In the book, readers will find: Strategies for leading with foresight (as opposed to hindsight) while maintaining the company's vision and objectives Focused, jargon-free explanations of cyber risk that liken it to any other business risk Comprehensive discussions of the fundamentals of cyber risk that enable executive leadership to make well-informed choices Perfect for chief executives in any functional area, the Executive's Guide to Cyber Risk also belongs in the libraries of board members, directors, managers, and other business leaders seeking to mitigate the risks posed by malicious actors or from the failure of its information systems.

DEVELOPING Transportation Plans ,1968

The Pelton Water Wheel ... Pelton Water Wheel Company,1898

Manned Submersibles Roswell Frank Busby,1976

Industry of Anonymity Jonathan Lusthaus,2018-10-16 Jonathan Lusthaus lifts the veil on cybercriminals in the most extensive account yet of the lives they lead and the vast international industry they have created. Having traveled to hotspots around the world to meet with hundreds of law enforcement agents, security gurus, hackers, and criminals, he charts how this industry based on anonymity works.

Broadsheets Andrew Pettegree,2017-07-10 This volume offers an expansive survey of the role of single-sheet publishing in the European print industry during the first two centuries after the invention of printing. Drawing on new materials made available during the compilation of the Universal Short Title Catalogue, the twenty contributors explore the extraordinary range of broadsheet publishing and its contribution to government, pedagogy, religious devotion and entertainment culture. Long disregarded as ephemera or cheap print, broadsheets emerge both as a crucial communication medium and an essential underpinning of the economics of the publishing industry.

Maritime Security Act of 1996 United States,1996

Cointegration and Long-Horizon Forecasting Mr.Peter F. Christoffersen,Mr.Francis X. Diebold,1997-05-01 Imposing cointegration on a forecasting system, if cointegration is present, is believed to improve long-horizon forecasts. Contrary to this belief, at long horizons nothing is lost by ignoring cointegration when the forecasts are evaluated using standard multivariate forecast accuracy measures. In fact, simple univariate Box-Jenkins forecasts are just as accurate. Our results highlight a potentially important deficiency of standard forecast accuracy measures—they fail to value the maintenance of cointegrating relationships among variables—and we suggest alternatives that explicitly do so.

The Gospeller ,1877

The Hoods Heather Hamill,2010-10-25 A distinctive feature of the conflict in Northern Ireland over the past forty years has been the way Catholic and Protestant paramilitaries have policed their own communities. This has mainly involved the violent punishment of petty criminals involved in joyriding and other types of antisocial behavior. Between 1973 and 2007, more than 5,000 nonmilitary shootings and assaults were attributed to paramilitaries punishing their own people. But despite the risk of severe punishment, young petty offenders--known locally as hoods--continue to offend, creating a puzzle for the rational theory of criminal deterrence. Why do hoods behave in ways that invite violent punishment? In *The Hoods*, Heather Hamill explains why this informal system of policing and punishment developed and endured and why such harsh punishments as beatings, kneecappings, and exile have not stopped hoods from offending. Drawing on a variety of sources, including interviews with perpetrators and victims of this violence, the book argues that the hoods' risky offending may amount to a game in which hoods gain prestige by displaying hard-to-fake signals of toughness to each other. Violent physical punishment feeds into this signaling game, increasing the hoods' status by proving that they have committed serious offenses and can manfully take punishment yet remained undeterred. A rare combination of frontline research and pioneering ideas, *The Hoods* has important implications for our fundamental understanding of crime and punishment.

Crime and Networks Carlo Morselli,2013-10-08 This innovative collection of original essays showcases the use of social networks in the analysis and understanding of various forms of crime. More than any other past research endeavor, the seventeen chapters in this book apply to criminology the many conceptual and methodological options from social network analysis. *Crime and Networks* is the only book of its kind that looks at the use of networks in understanding crime, and can be used for advanced undergraduate and beginner's graduate level courses in criminal justice and criminology.

Strategic Cousins John Charles Blaxland,2006 The author examines the roles of the small and professional armed forces of Australia and Canada, by comparing their historical experiences with expeditionary land forces.

Crossing Borders, Crossing Cultures Massimo Rospoche,Jeroen Salman,Hannu Salmi,2019-09-23 This volume explores the challenges and possibilities of research into the European dimensions of popular print culture. Popular print culture has traditionally been studied with a national focus. Recent research has revealed, however, that popular print culture has many European dimensions and shared features. A group of specialists in the field has started to explore the possibilities and challenges of research on a wide, European scale. This volume contains the first overview and analysis of the different approaches, methodologies and sources that will stimulate and facilitate future comparative research. This volume first addresses the benefits of a media-driven approach, focussing on processes of content recycling, interactions between text and image, processes of production and consumption. A second perspective illuminates the distribution and markets for popular print, discussing audiences, prices and collections. A third dimension refers to the transnational dimensions of genres, stories, and narratives. A last perspective unravels the communicative strategies and dynamics behind European bestsellers. This book is a source of inspiration for everyone who is interested in research into transnational cultural exchange and in the fascinating history of popular print culture in Europe.

News Networks in Early Modern Europe ,2016-06-27 *News Networks in Early Modern Europe* attempts to redraw the history of European news communication in the 16th and 17th centuries. News is defined partly by movement and circulation, yet histories of news have been written overwhelmingly within national contexts. This volume of essays explores the notion that early modern European news, in all its manifestations – manuscript, print, and oral – is fundamentally transnational. These 37 essays investigate the language, infrastructure, and circulation of news across Europe. They range from the 15th to the 18th centuries, and from the Ottoman Empire to the Americas, focussing on the mechanisms of transmission, the organisation of networks, the spread of forms

and modes of news communication, and the effects of their translation into new locales and languages.

The Russian Mafia Federico Varese,2001 It also provides a comparative study, making references to other Mafia (the Japanese Yakuza, the Sicilian Cosa Nostra, American-Italian Mafia, and the Hong Kong Triads).--BOOK JACKET.

Organising an Army John Charles Blaxland,1989 Examines three separate reorganisations that occurred in the Australian Army between 1957 and 1965. The changes that occurred during this period set the scene for Australia's military involvement in the Vietnam War, and, provided a basisc organisational structure for the Army's combat elements that remains today essentially as it was in 1965.

Right Trusty and Well Beloved... Terri Beckett,Wendy Johnson,2019-11 I want you to tell my real story... Use any talent you have to show me in my true light, not painted black with Tudor propaganda. My new army must be wordsmiths, not soldiers; artists, not knights; musicians, not warriors. We will lay siege to the towers of Tudor lies and bring them crashing down... Who, for you, is the real Richard III?Is it the boy, exiled in fear to the Continent aged seven? The loyal warrior, brother to Edward IV? The young man struck by tragedy? The just and rightful king? Or Thomas More's and Shakespeare's infamous villain? You can meet them all within these pages ... or can you? This follow-up to the 2018 anthology Grant Me the Carving of My Name showcases short stories and poems by international authors inspired by all aspects of King Richard III. Sold in support of Scoliosis Association UK (SAUK) with a Foreword by Philippa Langley MBE and edited by Alex Marchant. With contributions from Rebecca Batley, Terri Beckett, Sue Grant-Mackie, Kim Harding, Wendy Johnson, Joanne R. Larner, Kit Mareska, Máire Martello, Liz Orwin, Elizabeth Ottosson, Nicola Slade, Richard Tearle, Brian Wainwright, Kathryn Wharton and Jennifer C. Wilson.
