**More from Less** Andrew McAfee, 2020-10-13 From the coauthor of the New York Times bestseller *The Second Machine Age*, a paradigm-shifting argument “full of fascinating information and provocative insights” (Publishers Weekly, starred review)—demonstrating that we are increasing prosperity while using fewer natural resources. Throughout history, the only way for humanity to grow was by degrading the Earth: chopping down forests, polluting the air and water, and endlessly using up resources. Since the first Earth Day in 1970, the focus has been on radically changing course: reducing our consumption, tightening our belts, and learning to share and reuse. Is that argument correct? Absolutely not. In *More from Less*, McAfee argues that to solve our ecological problems we should do the opposite of what a decade of conventional wisdom suggests. Rather than reduce and conserve, we should rely on the cost-consciousness built into capitalism and the streamlining miracles of technology to create a more efficient world. America—a large, high-tech country that accounts for about 25% of the global economy—is now generally using less of most resources year after year, even as its economy and population continue to grow. What’s more, the US is polluting the air and water less, emitting fewer greenhouse gases, and replenishing endangered animal populations. And, as McAfee shows, America is not alone. Other countries are also transforming themselves in fundamental ways. What has made this turnabout possible? One thing, primarily: the collaboration between technology and capitalism, although good governance and public awareness have also

been critical. McAfee does warn of issues that haven't been solved, like global warming, overfishing, and communities left behind as capitalism and tech progress race forward. But overall, *More from Less* is a revelatory and "deeply engaging" (Booklist) account of how we've stumbled into an unexpectedly better balance with nature—one that holds out the promise of more abundant and greener centuries ahead.

**It's Even Worse Than You Think** David Cay Johnston, 2018-01-16 New York Times Bestseller *The Trump administration is remaking the government. It's Even Worse Than You Think: What the Trump Administration Is Doing to America* tells us exactly how it is making America worse again. Bestselling author and longtime Trump observer David Cay Johnston shines a light on the political termites who have infested our government under the Trump Administration, destroying it from within and compromising our jobs, safety, finances, and more. No journalist knows Donald Trump better than David Cay Johnston, who has been

following him since 1988. It's Even Worse Than You Think: What the Trump Administration Is Doing to America goes inside the administration to show how the federal agencies that touch the lives of all Americans are being undermined. Here is just some of what you will learn: The Wall. Mexican President Enrique Peña Nieto told President Trump that Mexico will never pay for the border wall. So, Trump is proposing putting a tariff on Mexican imports. But a tariff will simply raise the price of Mexican goods in the US, meaning American consumers will end up paying for the wall—if it ever gets built. Climate Change. Welcome to the new EPA, run by Scott Pruitt, a lawyer who has spent much of his career trying to destroy the agency he now heads. Secrecy reigns at the new EPA because Pruitt meets with industry executives to find out which clean air and clean water provisions they most want to roll back, and keeps staffers in the dark to make sure these pro-pollution plans don't leak prematurely. Stocking the Swamp. Contrary to his promise to “drain the swamp” in Washington, DC, Trump has filled his cabinet with millionaires and billionaires, from Treasury Secretary Steven Mnuchin, a Goldman Sachs and hedge fund veteran who made much of his fortune foreclosing on homeowners to billionaire heiress Education Secretary Betsy DeVos, who has already put the interests of bankers ahead of debt-burdened students and their families. The Kleptocracy. Under Donald Trump conflict of interest is passé. When Trump isn't in Washington, he stays at one of his properties, where the taxpayers pick up the tab for staffers, Secret Service, and so on, all at full price. And back in Washington, everyone now knows that the Trump International Hotel is the only place to stay if you want to do business with the administration. Meanwhile sons Donald Jr. and Eric run an eyes-wide-open blind trust of Trump holdings to avoid the appearance of conflict of

interest—but not the reality.

**The Making of Donald Trump** David Cay Johnston,2017-11-14 THE NEW YORK TIMES BESTSELLER that connects the dots from Donald Trump's racist background to the Russian scandals A searing indictment. — Michiko Kakutani, The New York Times Johnston has given us this year's must-read Trump book. — Lawrence O'Donnell, host of MSNBC's *The Last Word with Lawrence O'Donnell* The international bestseller that brought Trump's long history of racism, mafia ties, and shady business dealings into the limelight. Now with a new introduction and epilogue. Pulitzer Prize-winning investigative journalist David Cay Johnston, who had spent thirty years chronicling Donald Trump for the New York Times and other leading newspapers, takes readers from the origins of the Trump family fortune—his grandfather's Yukon bordellos during the Gold Rush—to his tumultuous gambling and real estate dealings in New York and Atlantic City, all the way to his election as president of the United States, giving us a deeply researched and shockingly full picture of one of the most controversial figures of our time.

**Toro Bravo** Liz Crain,John Gorham,2014-04-07 At the heart of Portland's red-hot food scene is Toro Bravo, a Spanish-inspired restaurant whose small plates have attracted a fiercely loyal fan base. But to call Toro Bravo a Spanish restaurant doesn't begin to tell the whole story. For chef John Gorham, each dish reflects a time, a place, a moment. For

Gorham, food is more than mere sustenance. The Toro Bravo cookbook is an honest look behind the scenes: from Gorham's birth to a teenage mother who struggled with drug addiction, to time spent in his grandfather's crab-shack dance club, to formative visits to Spain, to becoming a father and opening a restaurant. Toro Bravo also includes 95 of the restaurant's recipes, from simple salads to homemade chorizo, along with an array of techniques that will appeal to both the home cook and the most seasoned, forearm-burned chef.
