**Emergency Response Guidebook** U.S. Department of Transportation,2013-06-03 Does the identification number 60 indicate a toxic substance or a flammable solid, in the molten state at an elevated temperature? Does the identification number 1035 indicate ethane or butane? What is the difference between natural gas transmission pipelines and natural gas distribution pipelines? If you came upon an overturned truck on the highway that was leaking, would you be able to identify if it was hazardous and know what steps to take? Questions like these and more are answered in the Emergency Response Guidebook. Learn how to identify symbols for and vehicles carrying toxic, flammable, explosive, radioactive, or otherwise harmful substances and how to respond once an incident involving those substances has been identified. Always be prepared in situations that are unfamiliar and dangerous and know how to rectify them. Keeping this guide around at all times will ensure that, if you were to come upon a transportation situation involving hazardous substances or dangerous goods, you will be able to help keep others and yourself out of danger. With color-coded pages for quick and easy reference, this is the official manual used by first responders in the United States and Canada for transportation incidents involving dangerous goods or hazardous materials.

Write Your Book in a Flash Dan Janal,2018-04-18 Write your business book without wasting time or money—a “superb” guide for executives, entrepreneurs, and thought leaders (Henry DeVries, author of Persuade with a Story). Write Your Book in a Flash shows how to get focused fast, so you can write your book without tearing your hair out. As with any enterprise, writing a book requires a clear system—or nothing gets finished. Unlike books that show you why you should write a book, this book actually shows you how to write a book! You’ll discover: How to write a simple outline that makes the writing process faster and easier How to get stunning testimonials to help sell your book How to find and manage beta readers who will share honest feedback before the book is published How to research interesting ideas, stories, and facts so you never run out of ideas or information How to overcome “The Imposter Syndrome” and other limiting beliefs that stifle nearly every would-be author Clear examples that show you what to do (and what not to do) Empowering exercises that show you how to write better and faster Simple how-to steps anyone can follow to write a book Business leaders who write books get more clients at higher fees, have more impact, develop more credibility, and have more influence where it matters most: in front of clients, customers, and prospects. This is the perfect book to read if you are a thought leader, entrepreneur or business executive who wants to write a business book to build your personal brand, open doors to new opportunities, and leave a legacy of wisdom to future generations.
