Air Purifier Zhonglin Xu, 2018-09-03 This book discusses the development, types and application principles of portable air purifiers in China. It analyzes the theoretical characteristics of air purifiers under various operational conditions, and points out that the term “Clean Air Delivery Rate” cannot be used to precisely reflect the problems that occur under various operational conditions. By comparing theoretical and measured data, it highlights the main features of air purifiers and key points in the design process for different applications. Calculation methods for the indoor particle concentration and the self-purification time are also provided. The book describes the conditions for window opening in smog and for selecting air purifiers, and proposes a new method for improving their measurement. In closing, it includes a new assessment index.

Nicotine Gregor Hens,2017-01-10 NAMED A BEST BOOK OF THE YEAR BY THE ECONOMIST By turns philosophical and darkly comic, an ex-smoker's meditation on the nature and consequences of his nearly lifelong addiction. Written with the passion of an obsessive, *Nicotine* addresses a lifelong addiction, from the thrill of the first drag to the perennial last last cigarette. Reflecting on his experiences as a smoker from a young age, Gregor Hens investigates the irreversible effects of nicotine on thought and patterns of behavior. He extends the conversation with other smokers to meditations on Mark Twain and Italo Svevo, the nature of habit, and the validity of hypnosis. With comic insight and meticulous precision, Hens deconstructs every facet of dependency, offering a brilliant analysis of the psychopathology of addiction. This is a book about the physical, emotional, and psychological power of nicotine as not only an addictive drug, but also a gateway to memory, a long trail of streetlights in the rearview mirror of a smoker's life. Cigarettes are sometimes a solace,

sometimes a weakness, but always a witness and companion. This is a meditation, an ode, and a eulogy, one that will be passed hand-to-hand between close friends.
