*Twelve Years a Slave* Solomon Northup,2024-01-04 Filmatised in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Northup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

*Rent* Jonathan Larson,1997-05-21 In these pages, Rent offers what most theater books can't: a chance to step behind the curtain and feel the electricity of a stage phenomenon as it unfolds. Rent has single-handedly reinvigorated Broadway and taken America by storm. Sweeping all major theater awards, including the 1996 Pulitzer Prize for drama, as well as four 1996 Tony Awards including Best Musical, Best Book, and Best Score for a Musical, Rent captures the heart and spirit of a generation, reflecting it onstage through the emotion of its stirring words and music, and the energy of its young cast. Now, for the first time, Rent comes to life on the page -- through vivid color photographs, the full libretto, and an utterly compelling behind-the-scenes oral history of the show's creation. Here is the exclusive and absolutely complete companion to Rent, told in the voices of the extraordinary talent behind its success: the actors, the director, the producers, and the librettist and composer himself, Jonathan Larson, whose sudden death, on the eve of the first performance, has made Rent's life-affirming message all the more poignant.

**The Earth's Shape and Gravity** G. D. Garland,2016-01-26 The Earth's Shape and Gravity focuses on the progress of the use of geophysical methods in investigating the interior of the earth and its shape. The publication first offers information on gravity, geophysics, geodesy, and geology and gravity measurements. Discussions focus on gravity measurements and reductions, potential and equipotential surfaces, absolute and relative measurements, and gravity networks. The text then elaborates on the shape of the sea-level surface and reduction of gravity observations. The text takes a look at gravity anomalies and structures in the earth's crust; interpretation of gravity anomalies; and gravity anomalies and the interior of the earth. Topics include general principle; direct and indirect methods; low order harmonics in the gravitational field; rock densities; ocean trenches; and sedimentary basins. The book then examines the place of gravity measurements in geophysical prospecting and tidal variations of gravity. The manuscript is a dependable source of information for readers interested in the shape and gravity of the earth.

**Women in Place** Nazanin Shahrokni,2019-12-24 While much has been written about the impact of the 1979 Islamic revolution on life in Iran, discussions about the everyday life of Iranian women have been glaringly missing. Women in Place offers a gripping inquiry into gender segregation policies and women's rights in contemporary Iran. Author Nazanin Shahrokni takes us onto gender-segregated buses, inside a women-only park, and outside the closed doors of stadiums where women are banned from attending men's soccer matches. The Islamic character of the state, she demonstrates, has had to coexist, fuse, and compete with technocratic imperatives, pragmatic considerations regarding the viability of the state, international influences, and global trends. Through a retelling of the past four decades of state policy regulating gender boundaries, Women in Place challenges notions of the Iranian state as overly unitary, ideological, and isolated from social forces and pushes us to contemplate the changing place of women in a social order shaped by capitalism, state-sanctioned Islamism, and debates about women's rights. Shahrokni throws into sharp relief the ways in which the state strives to constantly regulate and contain women's bodies and movements within the boundaries of the "proper" but simultaneously invests in and claims credit for their expanded access to public spaces.

**Elegance and Enigma** Maximilian Schlosshauer,2011-08-02 Quantum mechanics is one of mankind's most remarkable intellectual achievements. Stunningly successful and elegant, it challenges our deepest intuitions about the world. In this book, seventeen physicists and philosophers, all deeply concerned with understanding quantum mechanics, reply to Schlosshauer's penetrating questions about the central issues. They grant us an intimate look at their radically different ways of making sense of the theory's strangeness. What is quantum mechanics about? What is it telling us about nature? Can quantum information or new experiments help lift the fog? And where are we headed next? Everyone interested in the contemporary but often longstanding conundrums of quantum theory, whether lay reader or expert, will find much food for thought in these pages. A wealth of personal reflections and anecdotes guarantee an engaging read. Participants: Guido Bacciagaluppi, Caslav Brukner, Jeffrey Bub, Arthur Fine, Christopher Fuchs, GianCarlo Ghirardi, Shelly Goldstein, Daniel Greenberger, Lucien Hardy, Anthony Leggett, Tim Maudlin, David Mermin, Lee Smolin, Antony Valentini, David Wallace, Anton Zeilinger, and Wojciech Zurek.
