Word Search Puzzles with Secret Messages, Vol. 20. 01 Hugh Favero,2020-03-06 Welcome to the puzzle book! Do you know solving word puzzle may keep your mind sharp and healthy? So let's start!In these games, you will try to find all words that are hidden in the puzzles. Each puzzle comes with a list that contains

all hidden words. The words may be placed horizontally, vertically or diagonally and even be spelled backwards (e.g. love would be evol). When all words are found, the left over letters will spell the secret message, which may be the most interesting part of the puzzle. Please note that there are blanks under the puzzle for you to input the secret message. And the next puzzle should be harder than the current one; the more you play, the more challenge it will be. Finally, there are hint page at the end of each puzzle, where you can find the coordinates and direction of all words in the puzzle with illustration. For example, WORD:1,1;1,4;E means this WORD starts from row 1, column 1 to row 1, column 4 with the direction East (The origin of the coordinates is bottom left corner as normal) That's it, let's go and have fun!
