**The 21st Century Singer** Susan Mohini Kane, 2015-01-02 The vast majority of singers with a degree in performance are un- or under-employed in their field. Despite the fact that talented singers are discovered every day, there

are far too few jobs in the field of classical music to accommodate all of them, a problem evidenced by regular reports of opera companies and symphony orchestras closing their doors. Young classical singers, particularly recent graduates of music programs, need not only artistic ability, but also intelligence and an acute business sense to navigate the world of professional singing. In *The 21st-Century Singer: Making the Leap from the University into the World*, author Susan Mohini Kane has created a user-friendly guide for these recent graduates. Kane combines the benefits of an instructional manual with those of a self-reflective workbook to provide emerging classical singers with both practical and inspirational advice. She begins with a section on self-evaluation, allowing readers to define what motivates their desire to sing professionally and reflect on their passions, before moving on to career advice. In the sections that follow, Kane presents a variety of career paths, such as singing, teaching, and consulting—realistic alternatives to the rise to stardom as an overnight sensation that so few will experience—and provides the reader with the tools to develop a concrete plan for whichever path they decide to pursue. Other sections offer instruction on how to develop support systems, train oneself holistically, and take advantage of the newest technological resources available for professional self-promotion. With its dual emphasis on artistic motivation and modern-day business sense, *The 21st-Century Singer* will prove an essential text for anyone pursuing a professional singing career.

**Women Talk Money** Rebecca Walker, 2023-03-14 A searing and fearless anthology of essays exploring the profound impact of money on women's lives, edited by prominent feminist and writer Rebecca Walker. Women Talk Money is a groundbreaking collection that lifts the veil on what women talk about when they talk about money; it unflinchingly recounts the power of money to impact health, define relationships, and shape identity. The collection includes previously unpublished essays by trailblazing writers, activists, and models, such as Alice Walker, Tressie McMillan Cottom, Rachel Cargle, Tracy McMillan, Cameron Russell, Sonya Renee Taylor, Adrienne Maree Brown, and more, with Rebecca Walker as editor. In this provocative anthology, we discover a family that worships money even as it tears them apart; we read about the "financial death sentence" a transgender woman must confront to live as herself. We trace the journey of a Silicon Valley entrepreneur who finally makes enough money to discover her spiritual impoverishment; we follow a stressful email exchange between an unsympathetic university financial officer and a desperate family who can't afford to pay their daughter's tuition, and more. This collection is a clarion call to conduct honest conversations that demystify and transform the role money plays in our lives. Dazzlingly resonant and deeply familiar, Women Talk Money is a revelation.
