50 Shades of Money Debbi King, 2018-01-30 Personal finance is an area where so many people struggle, but not anymore. 20 years ago, Debbi found herself sitting on the living room floor, with her baby girl, crying because she realized she had \$200,000 in debt. And on that day, on her floor, she made a brave decision. She decided no more i no more debt, no more stress, no more living paycheck to paycheck. Debbi went from being a single mom, making \$10,000 a year, owing \$200,000 to being debt free and reaching financial freedom and so can you. After Debbi got out of debt and began winning the money war, she made it her life goal to empower and educate others to do the exact same thing. Over the last 15 years, she has been asked many of the same

questions over and over. This book encompasses her 50 most asked questions and gives very detailed answers on everything from budgeting to getting out of debt, from buying a house to buying a car, from being broke to being wealthy. In this book, you will find the answer to every personal finance question you can imagine. Today is the day! 20/20 Money Joseph Sangl, 2019-11-15 Something that has stood out to me over the past several years is just how many people feel stuck in their financial journeys. Because of this, they find it difficult to even allow themselves to dream. Most of the resources we have created focus on helping people manage their money. It is apparent that we need to help people learn how to dream. One of the top reasons people seize up when it comes to dreaming is because they recognize the extraordinary costs involved. They instinctively know their regular income will never be able to fund many of their big dreams. After an exhausting attempt to think of alternative ways to raise the money necessary to fund them, most people just give up on their dreams. There have been many books written about finding purpose and chasing dreams. Most of them lack practical instruction on determining ways to fund those dreams. There have been many other books focused on helping people win with their money. Most of these make an assumption that people already have taken appropriate amounts of time to think through their God-given plans, hopes, and dreams. My hope with this book is to provide instruction on both. It will help you gain 20/20 vision for your life while also obtaining 20/20 clarity for how each plan, hope, and dream will be funded. We call it 20/20 Money: Gaining Clarity for Your Financial Future. It is my prayer that this resource will be a catalyst that propels you toward a Fully Funded Life!
