Mayer,Jonathan Bernstein,2012 The newest installment in a quadrennial series that now spans five presidential elections, this book presents a broad overview of the presidential nomination process and showcases some of the most interesting work now being done on the politics of presidential selection. Written by leading experts, including a former presidential candidate, The Making of Presidential Candidates 2012 covers a wide selection of topics, including the Tea Party, digital media campaigns, how television covers the nomination process, election forecasting, and campaign finance. The Making of the Presidential Candidates 2012 is valuable for students, specialists, and all readers with an interest in the ever-evolving presidential nomination process and American elections.

Political Consultants and Campaigns Jason Johnson,2018-04-19 Political Consultants and Campaigns: One Day to Sell examines the differences between how political science theory suggests campaigns should be run and how political consultants actually run campaigns. In the wake of consultants who effortlessly move from campaigners to policymakers, the dearth of knowledge about the attitudes, beliefs, and strategies of the consultants themselves is still a glaring absence in the analysis of American politics. How can we purport to know what is happening in American

political campaigns if we don't know what is on the minds of the men and women who run them? This book provides a clearer understanding of modern-day political campaigns by revealing what is on the minds of the people who run them. With original data from consultants, campaign managers, and professional campaign schools, author Jason Johnson examines consultant behavior on message formation, policy positioning, candidate recruitment, Internet strategy, and negative advertising and compares these practices to existing political science theory. This groundbreaking research makes Political Consultants and Campaigns: One Day to Sell a must-have resource for all students of American politics, campaign managers, or anyone interested in how political campaigns in America are run.

The Polarized Public? Alan Abramowitz,2013 The Polarized Public takes an in-depth look at the seemingly irreconcilable divide between Republicans and Democrats and argues that bi-partisanship remains elusive, not because of politicians in the capitol, but because of the American public and their fixation on party membership and loyalty. How did this intense polarization develop? How has it influenced the current political climate? How will it evolve and affect the upcoming presidential and congressional elections? Alan Abramowitz addresses all of these questions among others in this new, eye-opening addition to The Great Questions in Politics series. Learning Goals Illustrate the divide between Republicans and Democrats in the United States. Analyze how this divide developed and how

it influences the current political climate.

Campaigns and Elections John Sides,Daron Shaw,Matt Grossmann,Keena Lipsitz,2019 The #1 book--now updated through 2018

Predicting the Next President Allan J. Lichtman,2012 In Predicting the Next President political analyst and historian Allan J. Lichtman presents thirteen historical factors, or keys (four political, seven performance, and two personality), that determine the outcome of presidential elections. In the chronological, successful application of these keys to every election since 1860, Lichtman dispels much of the mystery behind electoral politics and challenges many traditional assumptions. An indispensable resource for political junkies who want to get a head-start on calling Decision 2012.

Why We March Artisan,2017-02-23 National Bestseller On January 21, 2017, millions of people gathered worldwide for the Women's March, one of the largest demonstrations in political history. Together they raised their voices in hope, protest, and solidarity. This inspiring collection features 500 of the most eloquent, provocative, uplifting, clever, and creative signs from across the United States and around the world. Each is a powerful reminder of why we march. As with the recent battle cry of "Nevertheless, she persisted," these messages continue to reverberate daily and fortify a movement that will not be silenced. All royalties from the sale of this book will be donated to Planned Parenthood.
