For all the 10 years of her life, H&A has only known Saigon: the thrills of its markets, the joy of its traditions, the warmth of her friends close by, and the beauty of her very own papaya tree. But now the Vietnam War has reached her home. H&A and her family are forced to flee as Saigon falls, and they board a ship headed toward hope. In America, H&A discovers the foreign world of Alabama: the coldness of its strangers, the dullness of its food, the strange shape of its landscape, and the strength of her very own family. This is the moving story of one girl's year of change, dreams, grief, and healing as she journeys from one country to another, one life to the next.

Elfs' Enchantments Shaene Ragan,2021-03-09 Elfs' Enchantments transports readers from the mundane world of today into a fantastical world of historical Celtic mythology. After signing a treaty with the Tuatha De Danann, handing over their land above ground, some of the Elfs continue to hide in a secret underground realm called Ellse Where, a separate world created by Ellfstane, King of the Elfs. Part of the treaty entails that any new ruler of the De Danann must meet the Elf King to gain favour, but this only amplifies their infatuation with the Elfs and their desire to capture them as pets. The Formor demons and their Celtic followers, the Firbolgs, are also pursuant of the Elfs—but to abolish them and overtake the Jewelled Isles. As the threat to her people increases, High Sorceress Katara orders all High Sorcerers to separate and create more hidden cities for the Elf refugees all over the isles. Some of the De Danann agree to help the Elfs rid their homeland of the Formorii and Firbolgs, but at a very steep price. While remaining hidden, Katara continues to compile a comprehensive book of Elf spells with the help of her friends and the Elf gods. As both Katara and her cousin Hollae begin to learn more about worlds beyond their own through the teachings of their gods, they discover the incredible power within them and the destiny of their people. Ripples in the Flow Z'ev Rosenberg,2019-10-21 In Z'ev Rosenberg's second book, the scholar-physician shares his insights from his study of discrimination of movement in the vessels in the Nàn Jing. This book provides an accessible window into the world of classic vessel discrimination, and a deep explanation of the Nàn Jing as well as advising how it can inform modern clinical practice. The first chapters of the Nàn Jing examine the parameters of depth, length, qualities, five phase relationships, viscera/bowel, channel/network vessel and season. Ripples in the Flow is designed as a compendium text that provides a commentary on these essential vessel discrimination chapters, as a teaching text, and as a clinical manual for practitioners of both acupuncture and herbal medicine. It will be especially useful for practitioners of five phase approaches to Chinese and Asian medical systems, as it will provide clear classical references for the knowledge that they have been taught in their formal training.
