Tattooed Skin and Health J. Serup, N. Kluger, W. Bäumlér, 2015-03-26 With about 10–20% of the adult population in Europe being tattooed, there is a strong demand for publications discussing the various issues related to tattooed skin and health. Until now, only a few scientific studies on tattooing have been published. This book discusses different aspects of the various medical risks associated with tattoos, such as allergic reactions from red tattoos, papulo-nodular reactions from black tattoos as well as technical and psycho-social complications, in addition to bacterial and viral infections. Further sections are dedicated to the composition of tattoo inks, and a case is made for the urgent introduction of national and international regulations. Distinguished authors, all specialists in their particular fields, have contributed to this publication which provides a comprehensive view of the health implications associated with tattooing. The book covers a broad range of topics that will be of interest to clinicians and nursing staff, toxicologists and regulators as well as laser surgeons who often face

the challenge of having to remove tattoos, professional tattooists and producers of tattoo ink.

Imagining Winnipeg Eysyllt W. Jones, 2012-10-30 In an expanding and socially fractious early twentieth-century Winnipeg, Lewis Benjamin Foote (1873-1957) rose to become the city's pre-eminent commercial photographer. Documenting everything from royal visits to deep poverty, from the building of the landmark Fort Garry Hotel to the turmoil of the 1919 General Strike, Foote's photographs have come to be iconic representations of early Winnipeg life. They have been used to illustrate everything from academic histories to posters for rock concerts; they have influenced the work of visual artists, writers, and musicians; and they have represented Winnipeg to the nation. But in *Imagining Winnipeg*, historian Eysyllt W. Jones takes us beyond the iconic to reveal the complex artist behind the lens and the conflicting ways in which his photographs have been used to give credence to diverse and sometimes irreconcilable views of Winnipeg's past. Incorporating 150 stunning photographs from the more than 2,000 images in the Archives of Manitoba Foote Collection, *Imagining Winnipeg* challenges our understanding of visual history and the city we thought we knew.

My Lucky #13 Piper Rayne, 2021-06-29 Lucky. The one adjective used to describe my entire hockey career. I prefer to call it hard work, at least I did until my game went to complete crap. I haven't scored in eight games and

the team owner is talking about trading me. I've never believed in superstitions. Never needed one. I suppose I was "lucky" in that way. But now the best way to refer to me is desperate. I'd wear the same socks for an entire year just to be the high-scoring center I used to be. Imagine my surprise when after spending New Year's Eve with a woman, I score a hat trick in the next game—that's three goals in one game for you non-hockey lovers. Now, I have to track her down and bribe her to do it again before every game. Get your mind out of the gutter, I'm not talking about it. I find her and when I get to know her better, I end up spending more time thinking about her than my game, but she's made it clear she wants no part of me. She's going to learn that I didn't become a professional hockey player without having to fight for what I want.
