**The Greek Trilogy, Book 1 (Lust, Money & Murder #10)** Mike Wells,2017-04-05 When an estranged relative shows up at U.S. Secret Service Agent Elaine Brogan's house with shocking new information concerning her father's death, Elaine and Luna Faye join forces to bring a dangerous and elusive Greek criminal to justice. In addition to Elaine and Luna, the Greek Trilogy features the usual cast of Lust, Money & Murder characters - Nick LaGrange, Dmitry, Tony, and the notorious Giorgio Cattorette. Hold on for another 'unputdownable' ride! Note - this book was previously titled: Lust, Money & Murder - Book 10, Black Widow Keywords: thriller, suspense, crime, mystery, short books, long books, series, Russia, Italy, Mafia, Secret Service, spy novel, spy thriller, espionage, female sleuth, female agent, kick ass female, FBI, counterfeiting, revenge, danger, dramatic, intrigue, provocative, racy, breathtaking, cliff-hanger, page-turner, gripping, captivating, fascinating, box set, bargain, discount, discounted, half-price, bargain-basement, bargain-counter, budget, cheap, good buy, competitive, cut-price, cut-rate, depreciated, easy on the pocketbook, economical, half-priced, low tariff, low-cost, low-priced, lowered, marked down, on sale, reduced, reduced price, special price, holiday special, Christmas special, New Year's special, winter sale, on sale, slashed, budget, low budget, low cost books, seasonal, seasonal pricing, seasonal discount, fifty percent off, 50 percent off, savings, cost savings

Journey to Andromeda Giacinto Pira,2000-01-01 Explore humanity's futuristic attempt to control destiny, at all costs, in a time that is plagued by individuals having no scruples when it comes to getting their way, especially when commanding the technology to quite possibly achieve it. It is now the Twenty-Sixth Century. Although humanity has overcome the average, everyday problems associated with life on Earth and abroad, some annoyances still remain. 'Abnormal' human behavior, including racial and religious prejudices, are controlled by the oppressive World Government, but are still a part of the human condition. Mankind's environment has changed, but the human heart has not. Space travel is widespread and common-place throughout the Milky Way Galaxy. Numerous habitable and adaptable planets are populated with humans from Earth. Great efforts had been undertaken to find alien life, but the only ones found were the beasts within humans.

**Alec Watson: Chucker?** Duncan McLeish,2015-02-01 There have been doubts raised about certain features of Alec Watson's (1844-1920) life story. Firstly, about the date and place of his birth, investigation into the former confirmed the date generally accepted, but enquiries into the latter threw up a number of problems. The author's enquiries suggest a place of birth not even mentioned before. Secondly, there were certainly doubts about the legality of Watson's bowling action: was he a 'chucker'? The author considers the arguments and sources about this and suggests what he hopes is a fair conclusion. There were no doubts about Watson's success; the facts and figures contained herein speak for themselves. Nor is there any doubt about his successful career on the fringes of cricket: as groundsman at Old Trafford; as a cricket coach to clubs and schools; and as a progressive sports outfitter with three shops in central Manchester and a big house on its outskirts. Truly a Life in Cricket!

**Future Lost: A Cybernetic Sci-Fi Role Playing Game** Vincent Venturella,2005-06 Dark Future is a science fiction sourcebook that gives players a chance to step into a possible future where America has fallen and immoral corporations have divided up a once great nation. The cities of the new corporate-nations are divided further into large gated communities that shelter the wealthy and powerful behind high tech and heavily armed security.

Meanwhile the poor are cast out into other-cities, lawless ghettos where gangs, crime and violence are a way of life. It contains 276 pages with 9 classes, 27 prestige classes, as well as new skills and skill uses, feats, original psychic powers, unique equipment, firearms and complete new rules for cybernetic augmentation and cybernetic systems. The book also contains a world description of the powers that be: international corporations, merciless gangs, military research facilities, fanatical religious sects and tyrannical government bodies.
