Fishing the River of Time Tony Taylor,2013-04-22 At age eighty, Tony Taylor journeys from Sydney, Australia, to British Columbia to fish the Cowichan River with his eight-year-old grandson, Ned. The trip is an opportunity for Tony to return to a landscape that has had a profound effect on his life and his way of thinking, and to share this place with his grandson. As Tony teaches Ned the patient art of fly-fishing, a lifetime of memories, thoughts, and stories unspool in peaceful reflections by the water's edge. *Fishing the River of Time* is an elegant meditation on nature, life, and family, written with warmth and wisdom. It inspires self-reflection and an appreciation of the natural world and the fundamentals of our human experience. It is destined to become a classic work of simple living in the mold of Henry David Thoreau's *Walden*.

The Common Angler Jack Wollitz, 2021-05-11 The Common Angler taps into the passion that simmers in the souls of anglers and celebrates the primordial connection of people to fish and fishing. Author Jack Wollitz set out to explain the “why” behind the fact that so many people are passionate about fishing and along the way discovered a book's worth of experiences and stories. Early chapters cover the foundation of Jack's own passion for fishing and explore the connection we have with water and the creatures that depend on it for life. The Common Angler explores fishing friendships, relationships, and observations; extraordinary experiences; and the value of personal time on the water. Also included is a whimsical piece that personifies two common waterside fixtures. A key chapter draws parallels between the legendary River Lea in Izaak Walton's *The Compleat Angler*, written in the mid-seventeenth century, and Northeast Ohio's Mahoning River and the mighty Ohio River. The Common Angler also provides an insider's perspective about what makes certain people great anglers, featuring two Northeast Ohio men known for their fishing accomplishments, as well as Ernest Hemingway, baseball stars Ted Williams and Wade Boggs, and Rick Clunn, considered the greatest bass angler of all time. The book advances with chapters that explore the development and popularity of competitive fishing, the therapeutic value of fishing when times

are difficult, and even the pain and suffering dedicated anglers sometimes endure. The Common Angler concludes with an examination of the obligations anglers shoulder and how we can grow with our passion. "Next time you go to the water, open your eyes wider than ever before. Listen like your ears are amplifiers. Breathe with a purpose, deep and slow, so every molecule of nature checks in with your brain. Feel the sun. Touch the water. Ask yourself why you are there and what you intend to accomplish. Do this and you will be fishing. Do it every time and you will open a new chapter in your life as an angler."

Salt Water Fly Fishing Joe Brooks, 2000-08-22 With the growing popularity of salt water fly-fishing today, we easily forget that this sport was only begun in the 1930s-1950s. Brooks was one of the earliest pioneers of salt water techniques and salt water flies—both of which still catch fish today. His book, originally published in 1950, remains one of the best overall guides to the sport.

Life at the End of a Rod Robert Veltidi, 2012-10 Life at the End of the Rod: Tales of a Fisherman is the lifelong journey of Robert Veltidi as he grows into a man. The outdoors was an

important part of his upbringing, and he transported that love of the outdoors into his way of life. This book begins with his earliest recollection of fishing, takes us through a time of self-discovery and exploration, then to a rebirth of his love of fishing. Then the author leaps back into fishing as a means of relaxation and camaraderie between him and his father and brothers. Later on, after the death of his father, his son joins the group, along with a host of friends of all the Veltidi boys. Each story is the tale of one time that the author feels either fishing has affected his life or that he affected somebody else's life by fishing. *My Fishing Beginnings* is the author's first recollections of his fishing life. It introduces you to the boy that he was and later the man he would become. Like the prologue, *My Fishing Beginnings*, gives you the background information about the people in the rest of the stories. *The Home Pond* is a tribute to the author's grandparents. They played a huge role in his early childhood. Although the story takes place on one brief day, it depicts life in a rural area in the early 1950s. *Huck Grows Up* takes place over two summers and tells of the fishing adventures of the author when he was first given his independence and allowed to go out fishing and into town on his own. It was a turning point in his life when childhood dreams change and his life takes a new direction. *The Norma K* is the author's first experience into ocean fishing. It's interesting because the story is divided into three sub-chapters: *The Norma K*, *The Norma K II*, and *The Norman K III*. All three were party boats out of Point Pleasant, New Jersey, that the author fished on in various times in his life, first with his father, then with his wife, and finally with his son. All three experiences were surprisingly similar in some ways and subtly different in others. *The Norma K* is the last story of the author as a child and it finishes up with him as an adult. The remaining stories depict the author as an adult or as near to one as he can be while still having as much fun as he can while fishing. *My Turn* is the first story the author ever wrote. It came after the death of his father, and it was part of the grieving

process the author went through. The story tells of the changing of the guard when the son becomes the leader, and mentor, and fulfills one of his father's lifelong dreams with surprising results. Fixing a Roof is a whimsical tale of grown men deciding to play hooky for the day and go fishing. This is where you meet Alan, the author's brother, and are introduced to one of Alan's friends. Lake Ontario is an ongoing process; it started in 1987 when the author's father died and chronicled the first eight years of an ongoing trip that continues even to today. In this tale you become more acquainted with Doug, the author's son, and he becomes a vital part of the rest of the saga. New Jersey Trout is the exploration into new waters and the discovery of a whole new fishery. Along the way, the author meets new friends and bonds closely with his son. Tiger Muskies is the start of something new; the author has stepped up and bought a bigger boat. The small lake fishing and wading by the edge of the streams has been replaced by fishing for trophy sport fish. It is also the second story written by the author. Thoughts on Retirement is a reflective essay that was written one afternoon in August when the author was sitting down in his shed by the lake and was a little scared of what the future would bring. For the first time in fifty years the author was free of any obligations. Shark Fishing at Montau
