The Bizarre Careers of John R. Brinkley R. Alton Lee, 2022-08-16 By 1926, it seemed that John R. Brinkley's experimental rejuvenation cure—transplanting goat glands into aging men—had taken the nation by storm. Never mind that Doc Brinkley's medical credentials were shaky at best and that he prescribed medication over the airwaves via his high-power radio stations. To most in the medical field, he was a quack. But to his many patients and listeners, he was a brilliant surgeon, a savior of their lost manhood and youth. His rogue radio stations, XER and its successor XERA, eventually broadcast at an antenna-shattering 1,000,000 watts and not only were a megaphone for Brinkley's lucrative quackery but also hosted an unprecedented number of then-unknown country musicians and other guests. *The Bizarre Careers of John R. Brinkley* tells the story of the infamous Goat Gland Doctor—a controversial medical charlatan, groundbreaking radio impresario, and prescient political campaigner—and recounts his amazing rags-to-riches-to-rags career. A master manipulator and skilled con artist, Brinkley left behind a patchwork of myths and unreliable personal accounts that many writers have merely perpetuated—until now. Alton Lee brings Brinkley's infamous legacy to the forefront, exploring how he ruthlessly exploited the sexual frustrations of aging men and the general public's antipathy toward medical doctors. Lee leaves no stone unturned in this account of a man who changed the course of American institutions forever.

Science Experiments That Fizz and Bubble Jodi Wheeler-Toppen, 2010-12 The birth of a mass consumer society in western Europe has been a subject of much scholarly debate in recent years. In order to further understanding of the issue, this book adopts an analytical approach, paying special attention to the socio-cultural and economic transfers which occur when different commodities are introduced to territories with diverse values and identities. In particular, it examines the role of merchants and their important influence on consumer decisions, describing how they created demand for new necessities in local, national and international markets of the western Mediterranean area. Through a systematic analysis of probate inventories from southern Spain, the study reveals shifts in the patterns of consumption of new goods in urban and rural families, underlining a growing interest in new, exotic and foreign goods. By connecting these local desires, aspirations and choices to a global movement in which human and material capital circulated trans-continently, broader patterns of consumption are revealed. By observing a southern European society, such as Spain, where the industrialization process was slower than that in Anglo-Saxon territories, the book contributes to the on-going debates about 'industrious revolution' and 'trickle-down' theories and whether both occurred simultaneously or separately. The book also helps identify the socio-economic forces and agents that prompted the stimulus for new consumer aspirations, as well as the cultural consequences that the new modern consumerism brought about.

The other two volumes are *Officers and Gentlemen* and *The End of the Battle* (UK title *Unconditional Surrender*). My Brilliant Career Miles Franklin, 2012-01-01 'This is not a romance - I have too often faced the music of life to the tune of hardship to waste time in snivelling and gushing over fancies and dreams; neither is it a novel, but simply a yarn - a real yarn. Oh!' First published in 1901, this Australian classic is the candid tale of the aspirations and frustrations of sixteen-year-old Sybylla Melvin, a headstrong country girl constrained by middle-class social arrangements, especially the pressure to marry. Trapped on her parents' outback farm, Sybylla simultaneously loves bush life and hates the physical burdens it imposes. She longs for a more refined lifestyle - to read, to think, to sing - but most of all to do great things. Suddenly her life is transformed when she is whisked away to live on her grandmother's gracious property. There Sybylla falls under the eye of the rich and handsome Harry Beecham. Soon she finds herself choosing between everything a conventional life offers and her own plans for a 'brilliant career'.

The Information Systems Academic Discipline in Australia Guy G. Gable, Shirley Gregor, Roger Clarke, Gail Ridley, Robert Smyth, 2008-09-01 This book

represents the second phase of a multi-method, multi-study of the 'Information Systems Academic Discipline in Australia'. Drawing on Whitley's Theory of Scientific Change, the study analysed the degree of 'professionalisation' of the Information Systems Discipline, the overarching research question being 'To what extent is Information Systems a distinct and mature discipline in Australia?' The book chapters are structured around three main sections: a) the context of the study; b) the state case studies; and c) Australia-wide evidence and analysis. The book is crafted to be accessible to IS and non-IS types both within and outside of Australia. It represents a 'check point'; a snapshot at a point in time. As the first in a hoped for series of such snap-shots, it includes a brief history of IS in Australia, bringing us up to the time of this report. The editorial team comprises Guy Gable, architect and leader; Bob Smyth, project manager; Shirley Gregor, sponsor, host and co-theoretician; Roger Clarke, discipline memory; and Gail Ridley, theoretician. In phase two, the editors undertook to examine each component study, with a view to arriving at an Australia-wide perspective.

The Winter of Our Discontent John Steinbeck,2008-08-26 The final novel of one of America’s most beloved writers—a tale of degeneration, corruption, and spiritual crisis A Penguin Classic In awarding John Steinbeck the 1962 Nobel Prize in Literature, the Nobel committee stated that with The Winter of Our Discontent, he had “resumed his position as an independent expounder of the truth, with an unbiased instinct for what is genuinely American.” Ethan Allen Hawley, the protagonist of Steinbeck’s last novel, works as a clerk in a grocery store that his family once owned. With Ethan no longer a member of Long Island’s aristocratic class, his wife is restless, and his teenage children are hungry for the tantalizing material comforts he cannot provide. Then one day, in a moment of moral crisis, Ethan decides to take a holiday from his own scrupulous standards. Set in Steinbeck’s contemporary 1960 America, the novel explores the tenuous line between private and public honesty, and today ranks alongside his most acclaimed works of penetrating insight into the American condition. This Penguin Classics edition features an introduction and notes by leading Steinbeck scholar Susan Shillinglaw. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

A Difficult Neighbourhood John Besemeres,2016-10-14 Through a series of essays on key events in recent years in Russia, the western ex-republics of the USSR and the countries of the one-time Warsaw Pact, John Besemeres seeks to illuminate the domestic politics of the most important states, as well as Moscow’s relations with all of them. At the outset, he takes some backward glances at the violent suppression of national life in the ‘bloodlands’ of Europe during World War II by the Stalinist and Nazi regimes, which helps to explain much about the region’s dynamics since. His concern throughout is that a large area of Europe with a combined population well in excess of Russia’s could again be consigned by the West to Moscow’s care, not this time by more and less malign forms of collusion, but by distracted negligence or incomprehension. ‘This is a wonderful collection of essays from a leading Eastern Europe specialist. John Besemeres brings a lifetime of experience, profound insights, and an incisive style to subjects ranging from wartime and post-war Poland through contemporary Ukraine to Putin’s Russia. At a time when doublespeak has become the new normal, his refreshing honesty has never been in greater need.’ — Bobo Lo This publication was awarded a Centre for European Studies Publication Prize in 2015. The prize covers the cost of professional copyediting.
