Blood Crazy Simon Clark,2014-10-28 It is a quiet, uneventful Saturday in Doncaster. Nick Aten, and his best friend Steve Price — troubled seventeen year olds — spend it as usual hanging around the sleepy town, eating fast food and planning their revenge on Tug Slatter, a local bully and their arch-enemy. But by Sunday, Tug Slatter becomes the last of their worries because somehow overnight civilization is in ruins. Adults have become murderously insane — literally. They're infected with an uncontrollable urge to kill the young. Including their own children. As Nick and Steve try to escape the deadly town covered with the mutilated bodies of kids, a group of blood-thirsty adults ambushes them. Just a day before they were caring parents and concerned teachers, today they are savages destroying the future generation. Will Nick and Steve manage to escape? Is their hope that outside the Doncaster borders the world is 'normal' just a childish dream? Blood Crazy, first published in 1995, is a gripping, apocalyptic horror from Simon Clark.

   Earth Force Shemer Kuznits,2019-04-30 On the first day, a mist descended from the heavens blanketing Earth.On the second day, a cryptic message, 'Infusion commencing', appeared in the corner of everyone's eyes. On the third day, the sick were healed and the crippled walked again. On the fourth day, celebration and joy spread across the globe. And on the fifth day, the warping began...There was no warning. A mist descended from the sky, disabling all technology and causing a weird message to appear at the corner of everyone's eye. The situation grew even worse as animals and people started to warp, transforming into terrible monsters that prey on the livings. Within months, human civilization had crumbled. Unable to fight the seemingly-indestructible beasts, the survivors are reduced to cowering in reinforced shelters. Waiting for the end to come. Helpless. All seemed lost until a few brave souls discovered the secret of their new reality: the Tec and how to use it to level up. Together they represent humanity's last best hope for salvation.

But they first must find the answers to the mystery of their new existence. Their journey will require them to quickly adapt to alien technology, operate strange spaceships, and even befriend an extra-terrestrial merchant with an Inferiority Complex.

  <u>Up Jumped the Devil</u> Bruce Conforth,Gayle Wardlow,2019-06-04 Robert Johnson is the subject of the most famous myth about the blues: he allegedly sold his soul at the crossroads in exchange for his incredible talent, and this deal led to his death at age 27. But the actual story of his life remains unknown save for a few inaccurate anecdotes. Up Jumped the Devil is the result of over 50 years of research. Gayle Dean Wardlow has been interviewing people who knew Robert Johnson since the early 1960s, and he was the person who discovered Johnson's death certificate in 1967. Bruce Conforth began his study of Johnson's life and music in 1970 and made it his mission to fill in what was still unknown about him. In this definitive biography, the two authors relied on every interview, resource and document, most of it material no one has seen before. As a result, this book not only destroys every myth that ever surrounded Johnson, but also tells a human story of a real person. It is the first book about Johnson that documents his years in Memphis, details his trip to New York, uncovers where and when his wife Virginia died and the impact this had on him, fully portrays the other women Johnson was involved with, and tells exactly how and why he died and who gave him the poison that killed him. Up Jumped the Devil will astonish blues fans who thought they knew something about Johnson.
