A Little Journey to the Home of Kellogg's Toasted Corn Flakes, which is Also the Home of Other Good Things to Eat Kellogg Toasted Corn Flake Company,1916

Rube Waddell W. G. Braund,2015-01-15 You just got a raise to \$12.50 a week so you decide to splurge and shell out a dollar to sit in the grandstand behind home plate. You know you're in for a treat. Rube Waddell, the most exciting twirler in baseball, will be in the pitcher's box. It turns out you've wasted your money. The phenom doesn't pitch. In fact, he's not even in the stadium. You later learn that he chose to play sandlot ball with some kids he passed on his walk from the hotel to the ballpark. You're delighted the next time you go to see him and Rube takes the mound. He's a bit late so you ask the booster sitting beside you what might have been the holdup. He tells you that Rube often soaks his pitching arm in cold water before the game to take some of the speed out of it, otherwise Rube says his shoots will burn up the catcher's mitt. He is absolutely overpowering. You wonder why hitters even bother going up to the plate. Is there anything he can't do out there? you ask the cranks around you. A man with a red handlebar moustache says, Ya. Rube can't throw at batters to keep them off the plate like other twirlers do. He's afraid of killing somebody. And he refuses to throw spitters. Says it ain't sanitary.

Conscience of a Conservative Jeff Flake,2017-08-01 NEW YORK TIMES BESTSELLER • “A thoughtful defense of traditional conservatism and a thorough assault on the way Donald Trump is betraying it.”—David Brooks, in his New York Times column In a bold act of conscience, Republican Senator Jeff Flake takes his party to task for embracing nationalism, populism, xenophobia, and the anomalous Trump presidency. The book is an urgent call for a return to bedrock conservative principle and a cry to once again put country before party. Dear Reader, I am a conservative. I believe that there are limits to what government can and should do, that there are some problems that government cannot solve, and that human initiative is best when left unfettered, free from government interference or coercion. I believe that these ideas, tested by time, offer the most freedom and best outcomes in the lives of the most people. But today, the American conservative movement has lost its way. Given the state of our politics, it is no exaggeration to say that this is an urgent matter. The Republican party used to play to a broader audience, one that demanded that we accomplish something. But in this era of dysfunction, our primary accomplishment has been constructing the argument that we're not to blame. We have decided that it is better to build and maintain a majority by using the levers of power rather than the art of persuasion and the battle of ideas. We've decided that putting party over country is okay. There are many on both sides of the aisle who think this a good model on which to build a political career—destroying, not building. And all the while, our country burns, our institutions are undermined, and our values are compromised. We have become so estranged from our principles that we no longer know what principle is. America is not just a collection of transactions. America is also a collection of ideas and values. And these are our values. These are our principles. They are not subject to change, owing to political fashion or cult of personality. I believe that we desperately need to get back to the rigorous, fact-based arguments that made us conservatives in the first place. We need to realize that the stakes are simply too high to remain silent and fall in line. That is why I have written this book and am taking this stand. —Jeff Flake

California Fruits, Flakes & Nuts David Kulczyk,2013-11-01 They call California the Granola State — a place where every inhabitant is a fruit, a flake, or a nut. They don't get any fruitier, flakier, or nuttier than the deviants, crackpots, and losers profiled in "California Fruits, Flakes, and Nuts." A freewheeling catalog of misfits, eccentrics, creeps, criminals, and failed dreamers, "California Fruits, Flakes, and Nuts" profiles 45 bizarre personalities who exemplify the Golden State's well-deserved reputation for nonconformity. "California Fruits, Flakes and Nuts" tells the history that gets cleaned out of respectable history books. In these pages, Gold Rush pioneers are revealed as murderous madmen; Hollywood celebrities are shown to be drug-addled sex maniacs; early hippies are just 1950s weirdos; and even seemingly ordinary Californians have a talent for freakish, crazy, and criminal behavior. From frontier lunatic Grizzly Adams (whose head was one massive wound after multiple bear attacks) to "I Love Lucy" star William Frawley (a racist, misogynist, foul-mouthed drunk) to legendarily awful film director Ed Wood and many more nutjobs and oddballs , "California Fruits, Flakes, and Nuts" is a side-splitting look at the people who made California the strangest place on earth.
