**Stars with Stripes** Anthony Luzzatto Gardner,2020-03-24 For sixty years, the United States has supported European integration on a bipartisan basis—not only because this has served European interests, but because it has promoted American interests as well. As core partners in transatlantic efforts to address regional and global economic, political and security challenges, the US and the EU have collaborated critically over the years to make the world a less turbulent place. That is, until the 2016 election of Donald J. Trump. In this era of Brexit and President Trump’s incendiary rhetoric regarding Europe, it has never been more important to understand and defend the EU as a significant and valuable American ally. Written by President Barack Obama’s Ambassador to the European Union, Stars with Stripes provides an analytic yet accessible look at how the US and the EU have worked together effectively on numerous core issues such as trade, the digital economy, climate change and more. In blending humor, personal experience, references to popular culture, and incisive analyses of the major issues and players in the diplomatic relationship between the US and the EU, former Ambassador Anthony Luzzatto Gardner tells an illuminating story of this essential partnership, and provides an exclusive insider look at US/EU diplomacy as well as the Brussels political scene.
