**Postcards from Penguin** Penguin, 2010-09-15 A collection of 100 postcards, each featuring a different and iconic Penguin book jacket. From classics to crime, here are over seventy years of quintessentially British design in one box. In 1935 Allen Lane stood on a platform at Exeter railway station, looking for a good book for the journey to London. His disappointment at the poor range of paperbacks on offer led him to found Penguin Books. The quality paperback had arrived. Declaring that 'good design is no more expensive than bad', Lane was adamant that his Penguin paperbacks should cost no more than a packet of cigarettes, but that they should always look distinctive. Ever since then, from their original - now world-famous - look featuring three bold horizontal stripes, through many different stylish, inventive and iconic cover designs, Penguin's paperback jackets have been a constantly evolving part of Britain's culture. And whether they're for classics, crime, reference or prize-winning novels, they still follow Allen Lane's original

design mantra. Sometimes, you definitely should judge a book by its cover.

Practical Computer Vision with SimpleCV Kurt Demaagd, Anthony Oliver, Nathan Oostendorp, Katherine Scott, 2012 SimpleCV is a cross platform (Windows, Macintosh, Linux) framework in Python that makes writing computer vision applications quick and easy.

The Geometry Code Bruce Rawles, 2012-04 Integrate practical insights from modern physics, ancient Hermetic Laws, non-dual meta-physics, transpersonal psychology, and humor, as tools for undoing conflicting beliefs we've dreamed ourselves into. The seven Hermetic laws are explored in depth and demonstrate how a mindfulness that embraces 'other' as 'self' can reverse the typical misapplication of these inescapable laws of Mentalism, Correspondence, Vibration, Polarity, Rhythm, Cause & Effect and Generation. Ubiquitous geometric symbols, paired to each of these laws - the circle, vesica piscis, sine wave, line, spiral, fractal and yin-yang - and their countless commonplace variations, seen from the vantage point of shared interests, reflect these ideas. The inspired use of natural law restores attributes of life, love, strength, purity, beauty, perfection and gratitude to our awareness.

Too Much Money is the story of how wealth inequality is changing Aotearoa New Zealand. *Colliding with the Call* Corella Roberts, 2020-05-15 *Colliding with the Call* takes the reader on a journey through the wilderness of faith that often happens after a Christian decides to follow and serve God. Both those in ministry and missions and those curious about life on the frontlines will find encouragement and inspiration in these pages. Back cover copy: I've surrendered to following God's will, but this is not what I expected. Where's the peace? The joy? The fruit? Did I somehow miss the call, God? Sound familiar? Those were Corella's questions, too, as she found herself in a literal and spiritual wilderness after answering the call to become a missionary teacher in remote Alaska. Through these pages, you'll journey with her to unearth glimpses of God's purpose for those seven dark years. With tenderness and conviction, she examines the reality of the wilderness in the life of the believer and the scriptural truths that offer hope in the midst of disappointment. Corella's story of undoing and rebirth in the wilderness just might be your story, too, if you dare to let God take you there.
