The Law and Economics of Child Support Payments William S. Comanor, 2004-01-01 'This urgently needed, groundbreaking book provides solid data that coincides with the real life stories I have been hearing for years from men and women nationwide regarding unfair child support laws and policies that have resulted in adverse effects on their children and families. I anticipate that this book will have a major positive impact on social policy and the general collective attitudes toward families in today's society. The information presented in this book must be read and understood by every policymaker to insure that child support policies are made just and fair so that all families can prosper.' - Dianna Thompson, National Family Justice Association, US The delinquent payment of child support by non-custodial to custodial parents is a major problem throughout the United States. To many observers, the problem is one of 'deadbeat dads' - men who simply will not make the required payments. The solution has been to enforce payment by the imposition of increasingly stringent civil and criminal penalties. Despite these efforts, the percentage of single mothers receiving child support has changed very little over the past twenty-five years. The Law and Economics of Child Support Payments investigates why this is, and approaches the payment of child support as an economic problem.

Lazy Days Erlend Loe, 2013-11-01 Meet Bror Telemann. 42 years old. Husband to Nina Telemann. Father to Heidi, Berthold and Sabine. Currently: stage director at the Norwegian National Theatre. Soon to be: world-famous playwright and general talking head. Now he's on holiday with his family at the foot of the Alps, south of Munich. That's in Germany. Nina loves Germany. Telemann does not. Telemann loves Nigella Lawson. Ahem... he loves the theatre. That's better. So, whilst his wife and children frolic in the dusky sunshine with lederhosen-sporting, schnitzel-scoffing locals, Telemann prefers to spend his time thinking about theatre... except when his mind wanders... again. Subversive and original, this is the 2009 Norwegian bestseller from the deliciously dark mind of Erlend Loe.

The Actor's Menu Bill Howey, 2005-09 Whether new to the business or a seasoned professional, this handbook provides actors with a personal, active approach to discovering and developing their talent. Beginning with

appetizers and ending with desserts, actors learn how to prepare a character in the same way that a master chef chooses the most complementary dishes for a feast. From typecasting to reinventing a character's story, actors discover the key ingredients that will enable them to use their own unique qualities and emotions to develop strong, believable characters that people are interested in watching. How to identify and resolve problems such as hidden agendas that can disable an actor's work; distinguish between perception, feeling, and emotions; and find lasting sources of inspiration are among the issues explored. The importance of imagination, words, and story as well as the difference between intellectual and visceral choices (and the impact of each) are also discussed.

Grad Night Carver Pike, 2019-10-11 School should never be synonymous with danger, but that's exactly what it has become. Students are violent, with each other and with the staff. Teachers and administrators have been attacked. This is nothing like the school shootings occurring on other campuses. No, this is personal. It doesn't revolve around one child wanting revenge on the rest of the student body. It involves most of the students wanting payback against everyone. Something far worse than teenage rage lurks in the Darrius Sawyer High corridors. Everyone can sense it. Teachers hint about it. They speak in hushed tones, tell stories about odd occurrences in their classrooms, and travel by numbers as they make their way to their cars after school. Evil walks the hallways and the teachers know its name: James Bender. At DS High, the seniors are planning the ultimate Grad Night bash, and all the teachers are invited. James Bender will be there. You will be too. Carver Pike takes ordinary circumstances, cinches them tight with razor wire, and then saws back and forth. Gasp for air, holler for help, and pray for an end to the madness.

The Babylon Gene Alex Churton, 2012-09-01 Forget everything you think you know. Here is the mother of all conspiracy thrillers, a secret that was written in blood at the dawn of history... 2004: when violent Jihadists bomb a Masonic lodge in Istanbul, the Turkish military enlist maverick British agent Toby ashe to find the cause of the attack. Hurlled into a tense race against the CIA to solve an intelligence puzzle encompassing genetic research, a covert SAS mission, the true origins of Freemasonry, and the strange disappearance of the leader of a Kurdish mystical religion, ashe must travel the globe in pursuit of answers. What if the invasion of Iraq was nothing to do with WMD? What if America wasn't motivated by oil, or regime change? What if the world's largest superpower was driven by a desire to find something far more dangerous – a viral weapon passed down through history... Explosive, fast-paced and brimming with expert knowledge of everything from Freemasonry to genetics, Christian mythology to military tactics, *The Babylon Gene* takes the conspiracy thriller to a whole new level.

The Economic Way of Thinking Paul T. Heyne, Peter J. Boettke, David L. Prychitko, 2006 Primarily for a one-semester survey course in general economics. *The Economic Way of Thinking* develops the basic principles of micro- and macroeconomic analysis, and employs them as tools rather than ends unto themselves. This text introduces students to a method of reasoning; to think like an economist through example and application. It even teaches by showing students how not to think, by exposing them to the errors implicit in much popular reasoning about economic events.

Miami and the Beaches , 2011-10-25 Miami is one of the great destinations of the world. What better way to capture the vibrant sunny disposition of Miami and the beaches, that sparkling jewel of Florida's coastline on camera? Broken Angels Graham Masterton, 2013-08-29 As they came nearer, the black-clad body came into view, lying on its side in the shallows... One cold spring morning in County Cork, two fishermen find a body floating in the Blackwater River: the mutilated corpse of a retired music teacher. His hands and feet are bound, and his neck bears the mark of a garrotting wire. The Garda want to wrap this case up before the press get hold of it. But when a second man is found murdered, the body bears all the same marks as the first. And Detective Superintendent Katie Maguire fears this case carries the hallmark of a serial murderer...

Every Night Is Saturday Night Wanda Jackson, Scott B. Bomar, 2022-10-20 Wanda Jackson's debut single, You Can't Have My Love, reached the Top 10 while she was still a sixteen-year-old high school student. She hit the road after graduation, playing package shows with Carl Perkins, Johnny Cash, Jerry Lee Lewis, and Elvis Presley, who gave Wanda his ring and asked her to be his girl. With Presley's encouragement, the Oklahoma native began recording rock music, often releasing singles with country on one side and rock on the other during her decade-and-a-half tenure on Capitol Records. Known for her energetic stage shows and pioneering presence as a female artist, Wanda stormed the charts with a series of hit singles, including Let's Have a Party, Right or Wrong, and In the Middle of a Heartache. With more than 40 albums to her credit, Wanda has proven to be an enduring and genre-defying legend of American music. In Every Night is Saturday Night, Wanda tells her own story of getting discovered by Country Music Hall of Famer Hank Thompson; shy she refused to return to The Grand Ole Opry for more than fifty years; the challenges she and her integrated band, The Party Timers, faced in the early 1960s; finding the love of her life; her recent work with rock luminaries Jack White and Joan Jett; and how her deep faith has sustained her over more than seven decades of rocking, shocking, and thrilling audiences around the globe.
